 Business writing can be particularly difficult to get right and far too many people resort to deathly dull jargon and nonsense buzz words to try to get their point across In 26 Ways of Looking at a Blackberry John Simmons proposes that in order to create business communication that is truly engaging writing needs to be more expressive and adventurous Business speak undermines the communication objectives of brands as they try to move beyond respect to love This is now seen more and more as the imperative for young aspiring brands as well as big corporate brands The book explores ways that everyone involved with communicating a brand s values marketers advertisers PR people and so on can focus on the potential of language to reach their goals To illustrate this the author has taken a basic example of business writing and rewritten it in 26 different ways each following a constraint For example as a fairy story without using the letter e written in the style of Dickens as a letter to a friend as a six word story as a sonnet In each case Simmons looks at what effect that particular constraint has on the writing how it helps or hinders and what lessons can be drawn from the exercise that can be applied to business writing in different situations A unique and entertaining approach to business writing with some great advice to impart to help you get the most out of writing for business **The Northwestern Reporter** ,1915 **Technical Communication with 2009 MLA and 2010 APA Updates** Mike Markel,2010-06-15 Click here to find out more about the 2009 MLA Updates and the 2010 APA Updates Comprehensive and truly accessible Technical Communication guides students through planning drafting and designing the documents that will matter in their professional lives Known for his student friendly voice and eye for technology trends Mike Markel addresses the realities of the digital workplace through fresh samples and cases practical writing advice and a companion Web site TechComm Web that continues to set the standard with content developed and maintained by the author The text is also available in a convenient affordable e book format *CSB Easy-for-Me Bible* CSB Bibles by Holman,2018-10-15 The CSB Easy for Me Bible for Early Readers is a full text Bible designed for emerging readers who are ready to explore the Bible themselves Highlighted memory verses and dozens of colorful pages featuring learning helps games and reading challenges teach children to better understand the Bible and read it on their own Easy to read easy to memorize Easy for Me **I Know What You're Thinking** Lillian Glass,2008-04-21 A practical and savvy guide Gavin de Becker 1 New York Times bestselling author of *The Gift of Fear* Understanding nonverbal language is the essential skill in any profession that involves communication This book is the best primer on the topic of nonverbal communication I have ever read Geoffrey N Fieger noted trial attorney As a regular contributor to and commentator on Court TV Dr Lillian Glass has repeatedly demonstrated her exceptional professional skills of reading people in our on air coverage of several trials In this book she shares with readers these skills which could prove to be invaluable in every aspect of your life Nancy Grace Court TV A must read for everyone whether they are in business or not Applause to Dr Glass for giving the public such an important work Arnold Kopelson motion picture producer Knowing
