Perceptions of Retailing in Early Modern England Nancy Cox,Karin Dannehl,2017-05-15 Whilst there has been much recent scholarly work on retailing during the early modern period less is known about how people at the time perceived retailing both as onlookers artists and commentators and as participants Centred on the general theme of perceptions the authors address this gap in our knowledge by looking at a different aspect of consumption They focus on two ancillary themes the first is location and how contemporaries perceived the settlements in which there were shops the other is distance Pictures prints novels diaries and promotional literature of the tradespeople themselves provide much of the evidence Many of these sources are not new to historians but they have not been scrutinized and analysed with the questions in mind that are posed here The methodology to be employed has been developed by Nancy Cox over the last decade and is used successfully in her book *The Complete Tradesman* and in the compilation of the forthcoming *Dictionary of Traded Goods and Commodities 1550 1800* This book will find a ready market with scholars concerned with British social and economic history in the early modern period Although it is first and foremost a book written by historians for historians it nevertheless borrows concepts and approaches from various disciplines concerned with theories of consumption material culture and representational art

Why Cities Look the Way They Do Richard J. Williams,2019-08-08 We tend to think cities look the way they do because of the conscious work of

architects planners and builders But what if the look of cities had less to do with design and more to do with social cultural financial and political processes and the way ordinary citizens interact with them What if the city is a process as much as a design Richard J Williams takes the moment construction is finished as a beginning tracing the myriad processes that produce the look of the contemporary global city This book is the story of dramatic but unforeseen urban sights how financial capital spawns empty towering skyscrapers and hollowed out ghettos how the zoning of once illicit sexual practices in marginal areas of the city results in the reinvention of culturally vibrant gay villages how abandoned factories have been repurposed as creative hubs in a precarious postindustrial economy It is also the story of how popular urban clichés and the fictional portrayal of cities powerfully shape the way we read and see the bricks concrete and glass that surround us Thought provoking and original Why Cities Look the Way They Do will appeal to anyone who wants to understand the contemporary city shedding new light on humanity's greatest collective invention

Urban Discourses of Crisis, Resilience, and Resistance Eric Prieto, Liam Lanigan, Anni Lappela, 2025-07-11 This volume seeks to address questions of urban crisis from an interdisciplinary perspective that foregrounds the particular roles that literature and the creative arts play in both conceptualizing and addressing the multiple challenges facing cities Noting that the successive crises of recent years from the 2008 recession to COVID 19 seem to have put an end to the triumphalist tone of much urban writing in the 1990s this book argues that the current historical moment calls for a different kind of urban discourse focused on reassessment and regrouping This edited collection features a variety of different approaches including close readings of literary works interviews essays in cultural and architectural history and sociological ethnographic and urban planning studies These chapters explore a range of challenges currently faced by cities and foreground the search for solutions *The Worshipful Company of Glass Sellers of London* William Ramsey, William Ramsey (P. Kristen Tracy, 2017-05-09 Two middle school BFFs experience the highs and lows of friendship boys sixth grade politics sister drama and popularity in this funny and smart sequel to Project Un Popular Perry can't figure out what she's doing wrong Her best friend Venice has a boyfriend making her feel totally left out especially when Venice doesn't seem to have time for Perry or her problems Yearbook has gotten a little bit better but Anya is still out to get her and instead of getting to work on something fun Perry's stuck covering the What's Hot section Even her attempt to help the geeks is backfiring And when her
