Barrett, 1872 **Looking Beyond?**, 2012-01-01 Religion is undergoing a transformation in current Western society In addition to organized religions there is a notable movement towards spirituality that is not associated with any institutions but in which experiences and notions of transcendence are still important Transcendence can be described as God the absolute Mystery the Other the other as alterity depending on one's worldview In this book these shifts in the views of transcendence in various areas of culture such as philosophy theology art and politics are explored on the basis of a

fourfold heuristic model proposed by Wessel Stoker In conversation with this model various authors established scholars in their fields explain the meaning and role or the critique of transcendence in the thought of contemporary thinkers fields of discourse or cultural domains Looking Beyond will stimulate further research on the theme of transcendence in contemporary culture but can also serve as a textbook for courses in various disciplines ranging from philosophy to theology cultural studies literature art and politics

Looking Beyond the Structure Dan Bucsescu, Michael Eng, 2009-11-20 In Looking Beyond the Structure architect Dan Bucsescu and philosopher Michael Eng record their conversations about the relationship of the built environment and other forms of design to the culture in which they are created The authors exchange their interpretations of selected readings about design theory and invite the reader to join in the discussion Questions following each chapter's reading stimulate critical thinking about the philosophies and theories of design and additional assignments encourage students to express their critical thinking skills visually

Looking Beyond Race Otis Milton Smith, Mary M. Stolberg, 2000 In Looking Beyond Race Otis Milton Smith recounts his life as an African American who overcame poverty and prejudice to become a successful politician and eventual president of General Motors In Looking Beyond Race Otis Milton Smith 1922-94 recounts his life as an African American who overcame poverty and prejudice to become a successful politician going on to become the first black vice president and general counsel of General Motors Born in the slums of Memphis Tennessee Smith was the illegitimate son of a black domestic worker and her prominent white employer Although he identified with his mother's blackness he inherited his father's white complexion This left him open to racism from whites who resented his African American heritage and blacks who resented his skin color Throughout his life Smith worked with and met many prominent Americans He knew boxer Joe Louis future general Daniel Chappie James future Detroit mayor Coleman Young and the nation's first African American general B O Davis Jr Through politics he knew Michigan's prominent politicians and was appointed by Governor John Swainson to the Michigan Supreme Court making him the first black man since Reconstruction to sit on any supreme court in the nation Smith also knew nationally known figures such as Eleanor Roosevelt Adam Clayton Powell Jr Estes Kefauver and

presidents John F Kennedy and Ronald Reagan Through his civil rights work he met A P Tureaud Roy Wilkins and Benjamin Hooks and he worked closely with Vernon Jordan Looking Beyond Race provides a rare glimpse into the inner workings of America s largest corporation Smith was an early advocate of the increased cooperation between business and government that was so necessary for business negotiating the complexities of a global economy In 1983 he retired as general counsel for the corporation having been the company s first black officer This memoir which Smith dictated during the three years before his death in 1994 is a compelling tale that ends with the inspirational story of Smith s reconciliation with his white relatives who still live in the South In this highly readable memoir Looking Beyond Race provides a moving tale that will appeal to readers interested in African American history politics labor relations business and Michigan history **Look Beyond ... Ocean of Pain to Horizon of Purpose** Annie Mac,2019-12-13 Written in poetic form this book presents a fresh idea to devotionals Pain and trials do not discriminate and everyone is tied to that reality However many are unable to smell hear see taste and feel beyond the pain Often the blessings are bountiful when we push through the pain and discover what lies on the other side This book reminds readers that they are not alone or forgotten in their trials and or pain and offers opportunity for reflection and introspection *Looking Beyond* Traumeear,2019-05-27 Sometimes just by reflecting upon our own immediate behaviour we make odd observations that lead to personal truths which may interest those who are convinced that we get ahead by being honest with ourselves and generous to those around us Autobiographic hints here and there suitably disguised in the interest of humanity in general work as triggers for portions of wisdom presented mostly in the form of story telling Nothing Personal: Seeing Beyond the Illusion of a Separate Self Nirmala,2010-01-16 Advaita and nondual teachings are about finding the Truth This Truth is not a dogma that you study it is the Truth about life the Truth about who you really are This Truth is discovered not learned It is discovered through sincerely inquiring Who am I What you discover is that who you are has nothing to do with self images or roles and everything to do with what you experience when you ask this question What you discover is that who you think of yourself as is just that a thought And beyond that thought is a great Mystery an experience of nothingness which is your true nature Nothing Personal leads you to the experience of your true nature and helps you explore its depth Through exposition questions and dialogues it brings you to a place of realization of the Truth you are that spacious Awareness in which everything appears including your thoughts and feelings Your thoughts and feelings do not define you but merely appear within Consciousness along with everything else This Consciousness is who you are Nothing Personal offers a gentle and persistent guide to seeing the underlying truth of your ultimate nature In this concisely edited collection of satsang talks and dialogues you are invited to honor the limitless love that is your true nature and to enjoy the sweet richness that is revealed when you give this Truth your undivided attention From the introduction Unlike most books this one is not meant to add to your knowledge or understanding It is about the Truth that cannot be spoken or written Although the Truth cannot be contained in this or any other book each word written

here is intended to point you toward that Truth Many of the words and ideas may seem paradoxical or contradictory because what they point to is larger than our conceptual frameworks Many questions are asked which are not answered anywhere in the book Find out what the experience is like to ask yourself these questions even if they leave you emptier of knowledge and understanding In this emptying you just may discover what you are looking for The Truth is revealed when we allow ourselves to not know so I invite you to set aside all that you know for the time being and allow yourself to look with innocent eyes at what the words are attempting to unveil Take the time to experience the unspoken truth in each section before moving on to the next Resist the temptation to read these words with your mind which is likely to rush right past the Truth Allow the words to sink into your heart and reveal the truth of who you are Seeing Beyond Sight Tony Deifell, 2007-02-22
