Looking at carriages Sallie Walrond,1978 *Railway Carriages* Tim Bryan,2019-05-30 Evolving from the horse drawn stage coaches that they soon eclipsed railway carriages steadily grew in sophistication so that by the end of the nineteenth century the railway passenger travelled in comfortable rolling stock of a design familiar to many until the 1960s While modern trains look different from those built more than a century ago even today the facilities are not so dissimilar from those enjoyed by our Victorian ancestors This book describes the development of the railway carriage from those early days to the present highlighting some of the key developments in the history design and construction of carriages It also looks at the innovations that made life easier for the passenger such as the introduction of heating lavatories and restaurant and buffet facilities as well as the differences in comfort between the various classes of traveller *The Carriage Journal* Paul H. The Treasure Is Within Jane-Louise Kelly,2016-11-07 I was once told by a friend that I lived a charmed life It was not however until my life s calm was deeply perturbed that I realized what real charm is I believe now that it is the capacity to know profoundly that all is well when reality would suggest otherwise This was the life lesson I was about to be introduced to following our son s brain cancer diagnosis at the age of nine and the writings of The Treasure Is Within provided a lifeline to me when I feared I would lose all faith in life and in myself It was only after the completion of part one of these writings that I asked who I was speaking to Speaking to you now is your Higher Office Behind each human being is this same community of hopes and desires We desire for you to know that our attention in your regard is never ending and complete urging you in the direction of your greatest desires When there is resistance we find it difficult to be fully efficient but when you let go in trust that all is working out for the best then indeed it does
