*Human Geopolitics* Alan Gamlen, 2019-05-02 Human geopolitics the competition for population rather than territory is an essential but weakly understood dimension of world politics today Such competition has preceded violent conflict throughout history but has been muted since the Treaties of Westphalia laid the territorial foundations of the modern international system in the mid seventeenth century Today however human geopolitics is being resurrected in unanticipated ways as governments are enabled and encouraged to engage their emigrant diasporas How and why is this happening Until now these questions have been difficult to answer The majority of research attention has focused on questions of immigration policy in a handful of wealthy migrant destination countries largely ignoring the emigration policies that preoccupy the worlds many migrant origin states This book addresses that research imbalance by focusing on the overlooked sending side of migration policy Drawing on data covering all UN members across the post WWII period and fieldwork with high level policy makers across 60 states and a dozen international organisations the book charts the re emergence of human geopolitics through the global spread of diaspora institutions government ministries and offices dedicated to emigrants and their descendants It calls for the development of stronger guiding principles and evaluation frameworks to govern these new state diaspora relations in an era of unprecedented global interdependence

Indira Files: A Critical Look At The Controversial Side of Indira Gandhi Vishnu Sharma, 2023-12-21 Analyze the controversial side of Indira Gandhi s political legacy with Indira Files offering a critical examination of her leadership and policies I have always felt that Indira Gandhi is the exceptional and foremost example of the dynastic politics of independent India She is a perfect example of dynastic rule on one hand she is called the Iron Lady on the other hand people pay tribute to her dictatorship for imposing emergency in the country Where on one hand Indira Gandhi carved her name in golden letters in Indian history by dividing Pakistan into two on the contrary she has also endured the slogans like Sanjay ki mummy badi nikammi for blindly loving her son like Gandhari loved Duryodhana Nonetheless we cannot forget that it was Indira Gandhi who gave wings to India s strength and courage by conducting the Nuclear Test however she was also the Prime Minister for whom the High Court issued orders to be removed from her office In fact Indira Gandhi is merely a symbol of dynasty politics The point here is to remind the young people that they cannot strive for ideal politics by idolising those who have flourished through family inheritance of post or position In today s scenario there are numerous political parties that operate under a single family s control Although I hold great admiration for Indira Gandhi however her darker side is perhaps more prominent Hence I believe that young aspirants

who are interested in politics can learn valuable lessons from this book on what not to do      How the Holocaust Looks Now M. Davies, C. Szejnmann, 2006-11-16 This collection offers a series of essays that explore the historical culture the holocaust has engendered in Europe Israel and the USA the politics of its reception and representation the motivations for and effectiveness of commemorating it and the creative and didactic practices it has generated in contemporary literature art and thought      *In Search of Fatima* Ghada Karmi, 2024-04-09 One of the finest most eloquent and painfully honest memoirs of the Palestinian exile and displacement New Statesman An intimate memoir of the 1948 Nakba exile and the dispossession of Palestinian lands In Search of Fatima reflects the author's personal experiences of displacement and loss against a backdrop of the major political events which have shaped conflict in the Middle East Kharmi was born in Jerusalem but her family were forced out in 1948 following the Nakba when Palestinians were dispossessed of their lands at the hands of the Israeli state In this moving account of exile she charts her family's displacement to Jordan and finally to Golders Green London where she initially refused to lay down roots in alien soil Through this journey Kharmi charts the personal account of a young woman's search for identity as a Palestinian far away from home Speaking for the millions of displaced people worldwide who have lived suspended between their old and new countries fitting into neither this is a nuanced exploration of psychological displacement and loss of identity      **Proposed United States-Israel Free Trade Area** United States. Congress. House. Committee on Ways and Means. Subcommittee on Trade, 1984      *Look Up* Jim Zeigler, 2017-11-17 Look Up Redemption in This Generation by Jim Zeigler is a result of over 25 years study of Jesus Olivet Discourse With a general synopsis the author relates Bible prophecy in an easy to read book of what Jesus said to His Disciples on the Mount of Olives as they asked about the end of the age in Matthew 24 tell us then when shall these things be And what shall be the sign of thy coming and of the end of the world Matthew 24 3 Taking readers through his belief of when the time clock started to tick 1948 the author magnifies Scripture revealing a journey through Bible prophecy of the End Times without complicated overuse of Scripture Offering faith and hope in Jesus this book Is an excellent read to obtain a grasp of what Jesus said as He spoke to His Disciples about the coming end of the age With the inclusion of Scripture Bible prophecy is an important topic He notes that we can see Scripture fulfilled before our very eyes and that God's Word will not return to Him void With modern day events seemingly in our daily headlines this book gives readers a compass to go by Offering Scripture from Old and the New Testaments that shed light on the very things Jesus spoke of in His discourse on the Mount of Olives In particular the author has framed this book upon God's Word bringing a deeper understanding to the mystery of Bible prophecy in layman's terms with an easy to follow format Look Up Redemption in This Generation is recommended for individual use or within a small group This book comes highly recommended to those individuals that want to study the Word and a book that is supported Scripture      **"When men are unprepared and look not for it"** Brähler, Susan, Mündenlein, Kerstin-Anja,      *Foreign Relations of the United States* United States. focus their activities on the tourism promotion The region s countries have a good image regarding soft factors such as their people and tourism attractions but have a weak image regarding their products and investment opportunities Brazil has a relatively good nation image in many dimensions but still has not developed an extensive nation branding strategy Chile and Colombia are among the Latin American countries which have started to conduct more complete nation branding activities Although such advances can be observed there is still a lot of improvement potential in the nation branding practices of Latin American countries
