Finding Truth in Life and Love: One Man's Journey George Kyriacou,2022-04-26 Finding Truth in Life and Love One Man s Journey Wow what a title but I hear you say the great thinkers of our time can explain Love Life and the Universe so why have you bothered writing a book Stephen Hawking says the universe can and will create itself from nothing Richard Dawkins explanation of life is We are survival machines robot vehicles blindly programmed to preserve the selfish molecules known as genes And as for love science has proven that love is just a bunch of chemical reactions So what can I offer on the subject at hand All these intelligent people indeed have more to say on the subject with all their knowledge gained through degrees and doctorates What can I add to the subject with my most prized qualification being my 100 yards swimming certificate from primary school Well indeed I do not have a lot of knowledge but I do consider that life has taught me to be wise You may ask what the difference is between knowledge and wisdom Well knowledge is knowing that a tomato is a fruit wisdom is not putting tomatoes in your fruit salad Reading some of the explanations by the world s greatest minds like Stephen Hawking when he says the universe will create itself from nothing I get the uneasy feeling that someone is messing with the fruit salad This uneasiness and my stubborn enquiring nature have set me on a half century discovery for truth The earth is travelling at 67 000 miles per hour through space Is someone driving What about all the religions of the world Are some or all of them true What is the truth in any case Does the truth matter Why don t we abandon the truth and all invent our reality to suit our lives

Logical Implications and Hidden Agendas Randall Osborne,2021-07-02 The meaning of life what does that really mean It comes down to finding your life s purpose that defining moment when you understand that your life goals need to focus on things that are bigger than yourself Self love and self doubt can be equally destructive Purpose comes from finding that sweet spot where you can be confident and humble at the same time Then we can identify the things in life that give us fulfillmentto have the ability to see where we fit into the puzzle of life and do what we were meant to do This book is meant to be a map to guide us along the journey to that goal It can help you stay focused and avoid the distractions that lead to confusion and apathy Start at the beginning and fight the urge to jump ahead and skip crucial steps in the process It just requires commitment and objectivity Then what may now seem unattainable becomes very realistic
