Lord Kitchener!

Photograph of Horatio Herbert Kitchener, 1st Earl Kitchener

Field Marshal Horatio Herbert Kitchener, 1st Earl Kitchener, was a senior British Army officer and colonial administrator of Irish origin. Kitchener rose to prominence due to his participation in the Second Boer War, a conflict fought between the British Empire and the two Boer Republics over the Empire's influence in Southern Africa, and his pivotal role in the early stages of the First World War. Kitchener made a critical contribution to the eventual Allied victory by anticipating a long war and creating Britain's first mass army. Still, the expanding nature of the conflict burdened him with an overwhelming workload that undermined his performance as Secretary of State for War.

Mackenzie,2015-07-13 Excerpt from Lord Kitchener The Story of His Life and Work The life of Kitchener is embraced in an epoch of European history which the Great World War brings to a close He belongs to history a French poet has declared he entered it while still alive there to remain for ever His baptism of fire was received in the Franco Prussian War and it was directly due to the Russo Turkish War which resulted in the setting up of independent states in the Balkans where the political influences of Austria and Russia were for a generation to quiver in the balance that his genius for organization and administration was given a chance of development especially in Cyprus and Asia Minor In Egypt too Kitchener figures in a distinct historical epoch He entered that country in a military capacity immediately after the bombardment of Alexandria of which he was an eyewitness he took part in the stamping out of the Arabi Pasha rebellion he assisted in the training and organization of the new native army of which he became in time the Sirdar he was associated with Gordon the hero of Khartoum and as a soldier and administrator he realized Gordon s ambition by reclaiming the Sudan from barbarism After a brief but brilliant period of service as British Agent in Egypt he took part as a member of the British Government in shaping the policy that finally freed Egypt from the thralldom of Turkey and ushered in a new age in the history of the ancient land of the Pharaohs Had Kitchener s services been confined to Egypt alone they would have ensured his undying reputation as a great soldier and great administrator With the progress of time however they became more universal About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Lord Kitchener** Horace G. Haig and Kitchener in Twentieth-Century Britain Stephen Heathorn,2016-04-22 Lord Kitchener and Lord Haig are two monumental figures of the First World War Their reputations both in their lifetimes and after their deaths have been attacked and defended scrutinized and contested They have been depicted in film print and public memorials in Britain and the wider world and new biographies of both men appear to this day The material representations of Haig and Kitchener were shaped used and manipulated for official and popular ends by a variety of groups at different times during the twentieth

century The purpose of this study is not to discover the real individual nor to attack or defend their reputations rather it is an exploration of how both men have been depicted since their deaths and to consider what this tells us about the nature and meaning of First World War commemoration While Haig's representation was more contested before the Second World War than was Kitchener's with several constituencies trying to fashion and use Haig's memory the Government the British Legion ex servicemen themselves and bereaved families it was probably less contested but overwhelmingly more negative than Kitchener's after the Second World War The book sheds light on the notion of heroic masculinity questioning in particular the degree to which the image of the common soldier replaced that of the high commander in the popular imagination and explores how the military heritage in the twentieth century came into collision with the culture of modernity It also contributes to ongoing debates in British historiography and to the larger debates over the social construction of memory the problematic relation between what is considered heritage and history and the need for historians to be sensitive and attentive to the interconnections between heritage and history and their contexts

A Select Analytical List of Books Concerning the Great War George Walter Prothero, 1923 *Dismembering the Male* Joanna Bourke, 1996-05-15 Some historians contend that femininity was disrupted constructed and reconstructed during World War I but what happened to masculinity Using the evidence of letters diaries and oral histories of members of the military and of civilians as well as contemporary photographs and government propaganda *Dismembering the Male* explores the impact of the First World War on the male body Each chapter explores a different facet of the war and masculinity in depth Joanna Bourke discovers that those who were dismembered and disabled by the war were not viewed as passive or weak like their civilian counterparts but were the focus of much government and public sentiment Those suffering from disease were viewed differently often finding themselves accused of malingering Joanna Bourke argues convincingly that military experiences led to a greater sharing of gender identities between men of different classes and ages *Dismembering the Male* concludes that ultimately attempts to reconstruct a new type of masculinity failed as the threat of another war and with it the sacrifice of a new generation of men intensified
