Miss Independence:

Beauty Queens on the Global Stage Colleen Ballerion Cohen, Richard Wilk, Beverly Stoeltje, 2013-09-13 Modern beauty contests were invented by P T Barnum in the United States but in the 20th century pageants and contests have spread across the entire world from Nepal to Tierra Del Fuego Why are women and sometimes men in drag parading on stage such a universally appealing spectacle attracting an audience in the billions This book is the first global comparison of pageants from different parts of the world at the ways each contest is both intensely local and unique and simultaneously global and remarkable repetitious The authors use the latest tools of feminist ethnographic and literary scholarship to unpack and interpret one of the greatest and most universal spectacles of modern times *The Herd Register of the American Guernsey Cattle Club*, 1929

Worlds Apart: Modernity Through the Prism of the Local Daniel Miller, 2003-12-16 Worlds Apart is concerned with one of the new futures of anthropology namely the advances in technologies which create an imagination of new global and local forms It also analyses studies of the consumption of these forms and attempts to go beyond the assumptions that consumption either localises or fails to effect global forms and images Several of the chapters are written by anthropologists who have specialised in material culture studies and who examine the new forms especially television and mass commodities as well as some new uses of older forms such as the body The book also considers the ways in which people are increasingly not the primary creators of these images but have become secondary consumers [Official Register](#) United States Civil Service Commission, 1905 *Minutes of the General Assembly of the Presbyterian Church in the United States of America* Presbyterian Church in the U.S.A. through the confusion that surrounds the identity of women by its flexible framework developing the reader's understanding of a woman's relationship with God, their self, others, and creation. Amy writes simply as one perhaps further along in her journey of womanhood than most, and she doesn't write alone; she includes the stories of Biblical women, of friends young and old, and even more. The diverse voices come together as a cloud of witnesses encouraging us in our individual journeys. The Book of Womanhood is about recognition reaching out not only to women but also to men who seek to understand and empower their wives, daughters, and friends to be the women God has formed them to be. Read for empowerment, read for transformation. Read and become the woman of God you were created to be. *Directory of the National Society of the Daughters of the American Revolution* Daughters of the American Revolution, 1901
