Missing Statue Of Minnehaha:

The Missing Statue of Minnehaha Mary Logue, 1993 The Missing Statue of Minnehaha is a reinforced library bound book in The Child's World series Authors Signature Collection Dictionary of American Young Adult Fiction, 1997-2001 Agnes Regan Perkins, 2004-03-30 Young adult readers have special needs and concerns and librarians have become increasingly interested in selecting books suitable for them This reference provides information about 290 books for young adults These books received major awards between 1997 and 2001 reflect the voices of 242 different authors and range from new to familiar themes Included are nearly 750 alphabetically arranged entries for individual works authors characters and settings Many of these books were originally written for adults but have become popular among younger readers Entries for works provide plot summaries and critical assessments while author entries focus on those aspects of the writers lives most relevant to literature for young people The reference is a valuable selection tool for librarians and teachers and a useful guide for students *Children's Book Review, 1994* Beverly Baer, 1995-04 Provides access to reviews of children's books and periodicals that are indexed by Book Review Index **Jesse's Hideout** Kallypso Masters, 2017-03-27 Tillie Hamilton is the latest person to use her 180 year old house in rural Kentucky as a hideout taking her cue from the infamous outlaw Jesse James who frequented the place The house she converted into a bed and breakfast is the only sanctuary she's known ever since the old woman she inherited it from rescued her from neglect as a small child However sparks fly when her benefactor's handsome grandson Greg Buchanan accuses Tillie of exploiting his grandmother's memory for her own ends by claiming Gram haunts the inn While reading his grandmother's private journals Greg learned Jesse James returned to this house in the 1930s half a century after historians believed he'd been shot dead Vowing to debunk the charlatan's claims of ghosts and to prove his grandmother correct but quickly discovers the charming Tillie is not at all what he expected Embarrassed to admit he's another of the conspiracy theorists she scoffs at he hides his secondary reason for showing up at her B B Yet his attraction to Tillie keeps him torn between setting history right and forging a new history of his own in Tillie's arms Tensions mount leaving his grandmother's spirit to think her dying wish something she's wanted since Tillie and Greg were children may never come true Can Gram and Jesse make the two lonely overachievers see they belong in each other's arms before time runs out for them to seize this opportunity **Imagic Moments** Lee Schweninger, 2013-05-01 In Indigenous North American film Native Americans tell their own stories and thereby challenge a range of political and historical contradictions including egregious misrepresentations by Hollywood Although Indians in film have long been studied especially as characters in Hollywood westerns Indian film itself has received relatively little scholarly attention In Imagic Moments Lee Schweninger offers a much needed corrective examining films in which the major inspiration the source material and the acting are essentially Native Schweninger looks at a selection of mostly narrative fiction films from the United States and Canada and places them in historical and generic contexts Exploring films such as Powwow Highway Smoke Signals and

Skins he argues that in and of themselves these films constitute and in fact emphatically demonstrate forms of resistance and stories of survival as they talk back to Hollywood Self representation itself can be seen as a valid form of resistance and as an aspect of a cinema of sovereignty in which the Indigenous peoples represented are the same people who engage in the filming and who control the camera Despite their low budgets and often nonprofessional acting Indigenous films succeed in being all the more engaging in their own right and are indicative of the complexity vibrancy and survival of myriad contemporary Native cultures
