**The Guarding of Ireland - The Garda Síochána and the Irish State 1960-2014** Conor Brady, 2014-09-26 A very timely analysis of the Garda Síochána the Irish police force as it navigates one of the most difficult years since its foundation It is a story marked by success and failure by attempted reform and resistance to change by outstanding individual performance and deplorable lapses in discipline More than an account of policing and politics this is the story of the Republic s troubled coming of age In this excellent history of the Garda Síochána the Irish police force Conor Brady the most authoritative historian of Irish policing explores its successes its failures and the biggest challenges it has faced from 1960 to 2014 and looks at the recent spate of crises around the Garda Síochána Ombudsman Commission GSOC leading to the resignation of Justice Minister Alan Shatter and Garda Commissioner Martin Callinan that have rocked the force to its very core Beginning with one of the Garda

s greatest tests maintaining the security of the Irish State during the Northern crisis and the Troubles Brady goes on to chronicle the emergence of guns in Irish criminal life and the rapid expansion of the domestic drug trade and related gangland warfare focussing on the interactions of the Garda and major Irish crime kingpins including Martin the General Cahill Gerard the Monk Hutch and John Gilligan alleged killer of Veronica Guerin Acknowledged as one of the successes of the independent Irish State the Garda S och na has not been without its flaws and its failings and the author does not shy away from exploring these The Guarding of Ireland comprehensively covers the recent crisis surrounding the alleged bugging of the Garda S och na Ombudsman Commission GSOC privacy concerns in relation to the recording of Garda phone calls and the penalty points whistle blower controversy that led to the resignation of Garda Commissioner Martin Callinan and Justice Minister Alan Shatter Other fascinating subjects explored are how the supposed operational independence of the organisation has led to clashes with those in political authority from Charlie Haughey to Desmond O Malley the difficulties surrounding structural reform and the author s thesis that there is a distinct correlation between the political health of the State and the way its police discharge their functions The Guarding of Ireland focuses on Irish policing from 1969 which saw both the publication of the Conroy report and the commencement of the Troubles up to the current and ongoing scandals that this year have led to the resignation of both a commissioner and a minister for justice The Guarding of Ireland is hellip as much an analysis of the politics of policing as it is of the policing itself The Troubles the modernisation of the force and the rise in crime drugs and organised crime are all documented in a style that is detailed but still engaging Vicky Conway The Irish Times Weekend Review The Guarding of Ireland traces the history of An Garda S och na from 1960 to the present day It is a fascinating narrative that should be compulsory reading for anybody associated with the current attempts to reform the force and how it is governed For every vignette of personal heroism like that of Garda Michael Reynolds for every case of dedicated public service from individual members there are also examples of a culture that leaves much to be desired What emerges from these pages is that the culture within the force is attributable to a great extent to attitudes and oversight from its political masters In this regard nothing looms as large as the darkest days of the Troubles Mick Clifford Irish Examiner

Winning from Downunder Noel Tunny, 2010 WINNING FROM DOWNUNDER discusses the three advantages namely Leadership Largesse and Luck enjoyed by the U S A and Australia that brought the Japanese conquest of South East Asia and much of the Pacific to an end The book gives insights into the personalities of the senior leaders of the Allies as revealed by their own actions and by the opinions expressed by their contemporaries Some contentious topics are analysed such as what did Churchill and Roosevelt know about the Japanese plans before Pearl Harbour the facts behind L B Johnson s visit to Australia and his receipt of a Silver Star Medal and whether or not there was a Brisbane Line defense planned for Australia When discussing the Atomic Bombing the Women who went to War the Heroism and the Brutality of War this book is faithful to Lord Byrons belief that there are deeds that should not pass away and names that should not be forgotten and the

observation of Sir George MacAuley Trevalyn referring to the impelling poetry of truth in Historical Study *Transitional Justice and the 'Disappeared' of Northern Ireland* Lauren Dempster, 2019-06-11 This book employs a transitional justice lens to address the disappearances that occurred during the Northern Ireland conflict or Troubles and the post conflict response to these disappearances Despite an extensive literature around dealing with the past in Northern Ireland as well as a substantial body of scholarship on disappearances in other national contexts there has been little scholarly scrutiny of disappearances in post conflict Northern Ireland Although the Good Friday Agreement brought relative peace to Northern Ireland no provision was made for the establishment of some form of overarching truth and reconciliation commission aimed at comprehensively addressing the legacy of violence Nevertheless a mechanism to recover the remains of the disappeared the Independent Commission for the Location of Victims Remains ICLVR was established and has in fact proven to be quite effective As a result the reactions of key constituencies to the disappearances can be used as a prism through which to comprehensively explore issues of relevance to transitional justice scholars and practitioners Pursuing an interdisciplinary approach and based on extensive empirical research this book provides a multifaceted exploration of the responses of these constituencies to the practice of disappearing It engages with transitional justice themes including silence memory truth acknowledgement and apology Key issues examined include the mobilisation efforts of families of the disappeared efforts by a former non state armed group to address its legacy of violence the utility of a limited immunity mechanism to incentivise information provision and the interplay between silence and memory in the shaping of a collective societal understanding of the disappeared *Without Trace* Barry Cummins, 2010 With the assistance of the families of missing people Barry Cummins once again investigates the case files of Ireland's Missing **American Book Publishing Record**, 2004 **The Downfall of the Spanish Armada in Ireland** Ken Douglas, 2009-09-25 The English navy inflicted a narrow defeat on the Armada but it was the Irish coast that encompassed its downfall Heed that coast The Duke of Medina Sidonia wanted only to guide La Felissima Armada home safely In the North Sea he issued sailing instructions which if they had been followed would have given the Armada a safety margin of at least 300 miles He particularly ordered them to take great heed lest you fall upon the island of Ireland for fear of the harm that may happen unto you upon that coast They were in no doubt that Ireland was to be avoided His words proved to be more than a warning they were a prophecy which was inexorably fulfilled A siren of alluring beauty the Irish coast also conceals deadly danger Destiny was to conspire to transform it into an instrument of terrible destruction and tragic loss of life In the Atlantic the Armada encountered continuous southerly winds and unknown ocean currents It was two centuries before it became possible to calculate longitude at sea and they were unaware that they had not sailed far enough westwards to give themselves the prescribed safety margin They became separated and lost and when they at last turned southwards scattered groups unintentionally descended on Ireland arriving at fourteen different locations from Donegal to Kerry Many found shelter but a few were lost But on 21 September 1588 fourteen ships were destroyed by

hurricane force winds the only occasion during the entire voyage when ships were completely destroyed by the weather A most extreme and cruel storm the Irish described it The Spanish recorded that in the morning it began to blow from the west with a most terrible fury bright and with little rain Ships that had stayed at sea survived In Donegal Bay the galleass Girona had sheltered with about 1 000 men In October Don Alonso de Leyva arrived with almost 1 000 more His entourage included young men from all the noble families of Spain After being repaired the Girona departed for Scotland at the end of October overloaded with 1 300 survivors She so nearly got there but foundered near the Giant's Causeway with the loss of de Leyva and the flower of Spanish nobility In all 24 Spanish ships were lost in Ireland and about 5 000 men died far greater losses than had been suffered in the English Channel The English navy inflicted a narrow defeat on the Armada but it was the Irish coast that encompassed its downfall Long before it had been surveyed and charted when it was almost as unknown to mariners as the surface of the moon for a few brief months in the autumn of 1588 the Irish coast was caught in the headlights of history
