their business and the world Lessons from the Porch Ed Poole,2003 Lessons from the Porch is Ed Poole's thoughtful memoir of life's lessons which he shares with endearing charm and good natured heart The book is a thoughtful journey and an engaging reminiscence Lessons from the Porch will allow the reader to consider questions such as Have you wondered how you arrived at your current stop along your journey Have you ever asked the question What am I supposed to be learning from this experience How can I leave this world a bit better than it was when I found it Although written about his own experience battling depression the book is meant for anyone embarking on a journey to know themselves and cultivate new friendships We all have places from which we learn life's lessons For some it may be sitting beside a meandering stream For this author the place to which he returned to understand his journey was the porch that surrounded his house as he grew up Metaphorically Poole's porch represents how he either has or has not accepted changes in his life The dilemma about how and when to leave his porch goes back to his early boyhood when his mom would always say Eddie don't get too close to the edge of the porch because you might fall off **Comic Connections** Sandra Eckard,2018-12-28 Comic Connections Building Character and Theme is designed to help teachers from middle school through college find exciting new strategies to help students develop their literacy skills Each chapter has three pieces comic relevance classroom connections and concluding thoughts this format allows a reader to pick and choose where to start Some readers might want to delve into the history of a comic to better understand characters and their usefulness while other readers might want to pick up an activity presentation or project that they can fold into that day's lesson This volume in Comic Connections series focuses on two literary elements character and theme that instructors can use to build a foundation for advanced literary studies By connecting comics and pop culture with these elements students and teachers can be more energized and invested in the ELA curriculum *Restoring the Story* Anne van Gend,2024-03-29 Are we getting too squeamish about the atonement There is a quiet crisis of confidence in many Western churches Confusion debates and changing sensibilities have thrown doubt on whether one of our central doctrines can be reliably communicated as good news today This book approaches atonement through story allowing imagination to illuminate the multi faceted meanings in Christ's atoning work and exploring how those rich stories can be good news for the complex issues of our day *Looking Glasses and Neverlands* Karen Coats,2004-04 A Choice Outstanding Academic Title This groundbreaking study introduces and explores Lacan's complex theories of subjectivity and desire through close readings of canonical children's books such as Charlotte's Web Stellaluna Holes Tangerine and The Chocolate War providing an introduction to an increasingly influential body of difficult work while making the claim that children's textual encounters are as significant as their existential ones in constituting their subjectivities and giving shape to their desires *Flight 232: A Story of Disaster and Survival* Laurence Gonzales,2014-07-07 A richly detailed story that is equal parts heartbreaking inspiring and full of fascinating science masterful San Francisco Chronicle As hundreds of rescue workers waited on the ground United Airlines Flight 232 wallowed

drunkenly over the bluffs northwest of Sioux City The plane slammed onto the runway and burst into a vast fireball The rescuers didn't move at first nobody could possibly survive that crash And then people began emerging from the summer corn that lined the runways Miraculously 184 of 296 passengers lived No one has ever attempted the complete reconstruction of a crash of this magnitude Drawing on interviews with hundreds of survivors crew and airport and rescue personnel Laurence Gonzales a commercial pilot himself captures minute by minute the harrowing journey of pilots flying a plane with no controls and flight attendants keeping their calm in the face of certain death He plumbs the hearts and minds of passengers as they pray bargain with God plot their strategies for survival and sacrifice themselves to save others Ultimately he takes us step by step through the gripping scientific detective work in super secret labs to dive into the heart of a flaw smaller than a grain of rice that shows what brought the aircraft down An unforgettable drama of the triumph of heroism over tragedy and human ingenuity over technological breakdown Flight 232 is a masterpiece in the tradition of the greatest aviation stories ever told

The beautiful and the dark side of a love story Adrian Gabriel Dumitru, The book is trying to define the beautiful and the dark side from a man and a woman that are in love of each other but not as theory but as a result of analyzing facts that are happening on the timeline of the love story It's a book about a fairy tale with 2 lovely characters that are not understanding but also are not accepting that the meaning of an abstract love or an impossible story is to enjoy only the beauty of what is going on The 2 people from the essays get lost so many times that not even the people around them can't see if the story itself is real or not But it's all a journey of accepting the beautiful and the dark side from the person that you love so much After the first period when you are blinded by love it comes the second episode when you see that you are not in love with a god but with a human being and just as you have millions of imperfections the same has also that magic person that you fall in love with It's a book that defines the fact that we should accept the things just as they are and love with an opened heart no matter what is going on The nice part is that

the book is not a collection of imaginary stories but essays that talks about a real story between 2 adults that wants to redefine and also restart their lives but in the end just enjoy the fact that they met losing any expectation at all as the story to become a real one Today you are happy tomorrow you are not and the essays describes this in a very honest but also beautiful way all those amazing moments spent together Lost, Hidden, Small KATE HAYNES. MURPHY, 2025-10-14

Living faithfully in a culture of violence hierarchy and supremacy means following Jesus into weakness loss and even despair In this indelible book of spiritual formation pastor Kate Murphy asks What if the abundant life lies in finding what s been lost uncovering what is hidden and learning to hope in what is small *The Story of B* Daniel Quinn, 2010-01-13 From the author of the critically acclaimed award winning bestseller Ishmael and its sequel My Ishmael comes a powerful novel with one of the most profound spiritual testaments of our time A compelling humantale that will unglue stun shock and rearrange everything you ve learned and assume about Western civilization and our future Paul Hawken author of The Ecology of Commerce Father Jared Osborne has received an extraordinary assignment from his superiors Investigate an itinerant preacher stirring up deep trouble in central Europe His followers call him B but his enemies say he s something else the Antichrist However the man Osborne tracks across a landscape of bars cabarets and seedy meeting halls is no blasphemous monster though an earlier era would undoubtedly have rushed him to the burning stake For B claims to be enunciating a gospel written not on any stone or parchment but in our very genes opening up a spiritual direction for humanity that would have been unimaginable to any of the prophets or saviors of traditional religion Pressed by his superiors for a judgement Osborne is driven to penetrate B s inner circle where he soon finds himself an anguished collaborator in the dismantling of his own religious foundations More than a masterful novel of adventure and suspense The Story of B is a rich source of compelling ideas from an author who challenges us to rethink our most cherished beliefs Explore Daniel Quinn s spiritual Ishmael trilogy ISHMAEL MY ISHMAEL THE STORY OF B **Passion** Yarbrough, Oliver Larry , 2015-02-01 *Bottom of the Class: Children's Stories of Low Attainment in Primary School* Laura Quick, 2025-06-27 This book offers a much needed look at the impact of our attainment driven education system on those children considered low attainers It reveals how difficult they find it to feel good about themselves their capacity to learn and their futures as well as shedding light on the role schools are playing in maintaining inequality and the illusion of meritocracy At the heart of Bottom of the Class are the engaging and thought provoking stories of four children whom the author followed through three years of primary school Concerned with friendships getting told off and struggling with schoolwork they are in some ways very ordinary Yet caught between competing messages about who they ought to be and their fears of failure they are also extraordinary showing impressive courage creativity and integrity in the way they navigate their paths through school By bringing the voices of low attainers into the centre of the debate around low attainment this crucially important book is a must read for anyone interested in educational inequality and school experience within education studies policy studies the sociology of education
