**Mission Uncertain** Michael deCourcy Hinds,1995-09 *Who Speaks for America?* Eric Alterman,1998 Journalist and historian Eric Alterman argues that the vast majority of Americans have virtually no voice in the conduct of U S foreign policy With policymakers answerable only to a small coterie of self appointed experts corporate lobbyists self interested parties and the elite media the U S foreign policy operates not as the instrument of a democracy but of a pseudo democracy a political system with the trappings of democratic checks and balances but with little of their content This failure of American democracy is all the more troubling Alterman charges now that the Cold War is over and the era of global capital has replaced it Americans stake in so called foreign policy issues from trade to global warming is greater than ever Yet the current system serves to mute their voices and ignore their concerns Alterman concludes with a series of challenging proposals for reforms designed to create a truly democratic U S foreign policy **Bowker's Complete Video Directory**
