Forming Ministers or Training Leaders? Anthony Clarke, 2021-06-15 Forming Ministers or Training Leaders is a unique book because it is based on a significant piece of empirical research Anthony Clarke explores the way that the practice among theological colleges in the UK has been changing and develops the concept of the pastoral imagination to express what a theological college is aiming to do with its students The book then offers an analysis of the pastoral imagination that is in fact at work in a selection of Baptist colleges and other theological institutions in the UK Alongside this Clarke offers a coherent and robust theological account of the work of a theological college through engaging with recent trinitarian theology and argues that this is best understood as a process of formation which embraces other ideas of training and education

Doctrine divides Not a few Christians dread doctrine especially the doctrine of the church ecclesiology that allegedly causes much confusion conflict and controversy within the church Many choose to avoid it but James Leo Garrett Jr Distinguished Professor of Theology Emeritus at Southwestern Baptist Theological Seminary is convinced that the much avoided and neglected ecclesiology is the place where the churches must begin to rediscover genuine unity identity and orthopraxy Restore Unity Recover Identity Refine Orthopraxy examines Garrett's biblical notion of the universal priesthood The priesthood concept properly understood in a communal sense integrates the mission membership ministry and management of the church This book is filled with intentional and direct conversations with more than twelve theologians or ecclesiologists from various Christian traditions Reformed Pentecostal Roman Catholic Mennonite Baptist and other Free Church in order to shed light on Garrett's believers' priesthood doctrine which eventually points toward a balanced biblical and baptist ecclesiology An ecclesiology rooted in the biblical priesthood does not divide and extinguish but does unite and distinguish *Christianity as a World Religion* Sebastian Kim, Kirsteen Kim, 2016-11-03 Now in its second edition

Aebi, 2010

The study presented in this book is a direct response to the needs for defining and registering criminal and judicial data on the European level Based upon work done in creating the European Sourcebook of Crime and Criminal Justice Statistics ESB the project results will improve and complement the standards developed so far for definitions and statistical registration in four fields police prosecution courts prison in order to contribute to the picture of criminal justice in Europe Possibilities to

optimize the offence definitions used so far in the ESB context were explored Also further crime types especially those subject to EU harmonized definition were tested and introduced Apart from this the prosecution chapter of the ESB questionnaire was changed and expanded Data collection possibilities regarding compulsory measures in the investigatory stage were tested and a more sophisticated approach for recording sanctions and measures as well as prison data was developed The study explored how far national statistics can provide such data and developed a concept for collation on European level It was funded by the European Commission under the AGIS 2006 program Publisher s description **Saved, Sanctified and Serving** Denis Metruster,2016-06-01 This comprehensive significant work on Salvation Army theology and practice is designed to help reinforce Salvationists appreciation of their movement s rationale and mission helping to maintain and increase the Army s unique position within the Church and as part of global faith based responses to humanitarian need The writers in this volume hold and proclaim a clear vision for the Army s future fully seizing contemporary opportunities while retaining the fire and zeal of the primitive Movement *World Mission* Scott N. Callaham,Will Brooks,2019-06-12 World missions needs a fully biblical ethos This is the contention of the editors of and contributors to *World Mission* a series of essays aimed at reforming popular approaches to missions In the first set of essays contributors develop a biblical theology of world missions from both the Old and New Testaments arguing that the theology of each must stand in the foreground of missions not recede into the background In the second they unfold the Great Commission in sequence detailing how it determines the biblical strategy of all mission enterprises Finally they treat current issues in world missions from the perspective of the sufficiency of Scripture Altogether this book aims to reform missions to be thoroughly not just foundationally biblical a needed correction even among the sincerest missionaries *The Priesthood of All Believers and the Missio Dei* Henry Joseph Voss,2016-10-25 The priesthood of all believers is a pillar undergirding Protestant ecclesiology Yet the doctrine has often been used to serve diverse agendas This book examines the doctrine s canonical catholic and contextual dimensions It first identifies the priesthood of all believers as a canonical doctrine based upon the royal priesthood of Christ and closely related to the believer s eschatological temple service and offering of spiritual sacrifices chapters 1 3 It secondly describes its catholic development by examining three paradigmatic shifts shifts especially associated with Christendom chapters 4 6 and a suppression of the doctrine s missional component Finally the book argues that a Christian doctrine of the priesthood of all believers should be developed with a Christocentric Trinitarian understanding of the missio Dei This suggests there are especially appropriate ways for the royal priesthood to relate to the Father to the Son and to the Holy Spirit A canonically and catholically informed priesthood of all believers leads contextually to particular ecclesial practices These seven practices are 1 Baptism as public ordination to the royal priesthood 2 Prayer 3 Lectio Divina 4 Ministry 5 Church Discipline 6 Proclamation and 7 the Lord s Supper as the renewal of the royal priesthood **Immigrant Neighbors among Us** M. Daniel Carroll R.,Leopoldo A. Sanchez,2015-09-11 How do different Christian

denominations in the United States approach immigration issues In *Immigrant Neighbors among Us* U S Hispanic scholars creatively mine the resources of their theological traditions to reflect on one of the most controversial issues of our day Representative theologians from Roman Catholic Lutheran Reformed Methodist Wesleyan Pentecostal and Independent Evangelical church families show how biblical narratives historical events systematic frameworks ethical principles and models of ministry shape their traditions perspectives on immigrant neighbors law and reform Each chapter provides questions for dialogue

The Community College Baccalaureate Deborah L. Floyd, Michael L. Skolnik, Kenneth P. Walker, 2023-07-03 Is the conferring of baccalaureate degrees by community colleges a solution to increasing access to and capacity in higher education Will the conferring of baccalaureate degrees restrict open access to and imperil the existing mission of community colleges What are the models and alternative methods of delivery What are the implications Breaking away from their traditional mission of conferring only associate degrees and occupational credentials an increasing number of community colleges have begun seriously to explore and indeed in some U S states and Canadian provinces to actually implement offering and conferring bachelor s degrees Some leaders see these changes as a natural extension of community colleges commitment to access while others view their awarding of baccalaureate degrees as inappropriate and threatening the basic core values of this unique sector of higher education This has become a hot and controversial topic not only among community college and university leaders but also among policy makers business leaders and students concerned with issues of access cost and the structure and purposes of post secondary education This book analyzes the emerging trend of the community college baccalaureate degree in the United States and Canada in order to contribute to the development of policy The authors aim to describe document and explain this significant development in higher education They present the background examples of practice and different models of delivery develop a common terminology to facilitate discussion give voice to the views of proponents and critics alike and include a comprehensive bibliography and set of resources This book is intended as a catalyst for dialog action and further research on this critical and emerging trend It is essential reading for leaders of community colleges for administrators and planners in higher education concerned with issues of access and articulation and anyone in public policy grappling with demographic trends and society s need for educated citizens able to meet the challenges of the future

Accountability in Missions Jonathan J. Bonk, 2011-10-21 The Korean missions movement is perhaps the most significant story of the Church in the world over the past one hundred years Today Korea can boast of being the leading sender of missionaries per head of population Yet this movement has not been well integrated into the global mission community and also this community has at times failed to understand and learn from this tremendous work of God I am excited that God has brought together a unique body of people to wrestle with these issues This work will help bring about much needed collaboration and develop each other s strengths in an environment of mutual respect
