Equipping for Global Mission Linda P. Saunders, Gregory Mathias, Edward L. Smither, 2024-08-13 From Cognitive Teaching to Connected Learning Given the landscape of global Christianity and the variety of approaches to theological and missiological training today how do we equip the global church for the mission of God Should mission organizations or sending churches conduct their own in house training What is the role of Bible colleges and seminaries in equipping for mission today What about informal approaches to theological and ministry training Equipping for Global Mission offers insights from seasoned scholars and practitioners Beginning with theological convictions and practical reflections our authors make a case for what equipping for mission could look like in the present global church Case studies from India China North America and Britain further challenge the reader to reflect on this critical issue The full scope of educating for mission is far too broad of a task for any single organization This is why the contributors serve the church so well by enlarging a much needed conversation This book is a clarion call to all who care about missions and the global church Join world leaders in reshaping missions education today by using the practical and strategic wisdom in these pages

Yahweh's Elegant Speeches of the Abrahamic Narratives Matthew Michael, 2014-05-14 This work is a study in the attribution aesthetics and representations of Yahweh s speeches in the Hebrew Bible It describes the literary elegance and beauty of the speeches of Yahweh in the Abrahamic narratives Employing a synchronic reading of the Abrahamic cycle it underscores the presence of various literary devices in the divine speeches 12 1 9 13 1 18 15 1 21 17 1 27 18 1 33 and 22 1 19 Specifically it engages the high concentration literary effects and use of metaphors metaphoric language similes alliterations wordplays euphemisms hyperboles repetitions allusions and other distinctive literary features in the speeches of Yahweh which are deliberately denied and glaringly absent in the speeches of the other main characters of the Abrahamic narratives e g Abraham Sarah and Hagar Similarly it demonstrates the importance of these elevated speeches in the narrative world of Abrahamic epic Most importantly it also highlights the ideological significance of these decorated speeches of Yahweh to the original audience of the narrator who presumably identified with their excessive optimism and rhetoric Consequently this book is a pioneering work in the contemporary study of stylistics characterizations and functions of attributed speeches in the Hebrew narratives

The Contemporary Church and the Early Church Paul A. Hartog, 2010-02-01 As evangelicals face future challenges many are turning back to the ancient church for inspiration But

these ancient future approaches remain diverse and sometimes even at odds with one another This volume demonstrates and analyzes the complexity of such contemporary church early church engagements Six scholars share diverse insights from the Patristic period including lessons on evangelism and discipleship community formation and maintenance use of the rule of faith the preaching of social ethics responses to cultural opposition and Christological development The volume closes with two critical responses from confessional Lutheran and Baptist perspectives These collected essays will remind contemporary readers of the importance of a reflective and responsible renaissance of Patristic wisdom **Hell** Eldon

Woodcock,2012-09-10 You look like hell gasped a woman on TV to a disheveled man What did she mean What did she think hell looked like What did the term hell contribute to her portrait This is an example of the widespread trivializing of a once powerful term to depict eternal damnation to mere minutia Why does God damn the wicked to eternal punishment Or does He How is His judgment just Why and how do theologians strive to modify the results of his judgment How are we to evaluate views of hell that either soften or deny it The doctrine of punishment of the unredeemed after death originates in the Old Testament is developed in the intertestamental Jewish literature and culminates in the divinely authoritative New Testament doctrine of hell How can people avoid that dreadful fate If they should escape from it what should they then do What is involved in their saving others by snatching them out of the fire Jude 23 How does the deliverance from eternal punishment enhance our appreciation of what Jesus Christ accomplished on the cross What effect should it have on our Christian witness Distinctive contributions include 1 a careful exegesis of key biblical texts containing a thorough analysis of the doctrine of hell 2 a rationale of Gods punishment of the unredeemed 3 examination of the tours of hell genre 4 biblical and historical theological themes of witness and evangelism 5 ramifications of eternal damnation of the unsaved in terms of the urgency of witness Working Together with God to Shape the New Millennium Gary Corwin,Kenneth B. Mulholland,2000-06-01 This collection of presentations from the 1999 IFMA EFMA EMS Triennial Conference explores the incredibly ambitious purpose and challenging task of Working Together with God to Shape the New Millennium Topics include Biblical Foundations for the New Millennium Working Together Strategically and Leadership Needed for the New Millennium **The New Millennium: Challenges and Strategies for a Globalizing World** Sai Felicia Krishna-Hensel,2017-11-22 This title was first published in 2000 An important look at the complexity of the challenges faced by the international system at the beginning of the new millennium The shape of the New World Order is being driven largely by forces unleashed through factors such as economic globalization and technological development The book emphasizes the importance of interdisciplinary analysis in order to understand the extent and diversity of the factors which condition the dynamics of this transformation Essential reading for students of human rights security finance and technology **Polygamy in Northern Malawi** Moses Mlenga,2016-01-14

The early missionaries brought Christianity from the monogamous West to the polygamous societies of Africa Were the missionaries right in demanding that converts dismiss all but one wife Was this the demand of the Christian faith or of

Western civilization And were the converts right to dismiss their wives though they had married them according to the laws of the land And who asked the children if they wanted their mothers to be dismissed and may or may not be married to another man The book argues that while polygamy is an African reality it is below Christian moral standards However is stopping converted polygamous men and women from baptism best practice if we believe that sin can be forgiven for the one who repents Can the shedding of responsibility for wives and children be made a precondition for such forgiveness **The Changing Face of World Missions (Encountering Mission)** Michael Pocock, Gailyn Van Rheen, Douglas McConnell, 2005-10-01 The dramatic changes that have taken place both in global society and in the church have implications for how the church does missions in the twenty first century These trends include the rise of postmodernism the spiritual decline in the West and the advance of the gospel in the rest of the world and the impact of technology on society and missions The Changing Face of World Missions is for the mission minded church leader or lay person who wants to understand these trends Each chapter identifies and evaluates a trend examines it in light of Scripture and proposes a practical response Important terms are defined and sidebars help readers think through the issues on their own **The World and the Word** Eugene H. Merrill, Mark F. Rooker, Michael A. Grisanti, 2011 Three esteemed Old Testament professors introduce students to the first eighty percent of the Bible freshly illuminating the text as a rich source of theology and doctrine packed with practical principles for modern times *Reaching African-American Muslims for Christ* Josh Llano, 2005-04 Josh Llano's book presents ministry guidelines to the Nation of Islam and African American Orthodox Muslims This relational evangelism identifies Jesus as the savior of all races colors and ethnic groups *Interpreting the Pentateuch* Peter T. Vogt, 2009 In this latest addition to the Handbooks for Old Testament Exegesis series Peter T. Vogt continues the tradition of excellence established by previous volumes Divided into three parts Interpreting the Pentateuch first provides an overview of the major themes of the Pentateuch In the second part Vogt offers resources and strategies for interpreting and understanding the first five books of the Bible by exploring its genres law and narrative Finally Vogt shows that although the Pentateuch is a collection of ancient texts it still has contemporary significance Vogt also includes two samples one from law and one from narrative of exegesis giving students a start to finish example of the techniques he has illustrated for effective exegesis **Changing the Mind of Missions** James F. Engel, William A. Dyrness, 2000-02-18 James F. Engel and William A. Dyrness offer a sympathetic yet courageous analysis of the challenges that North American and other Western Christian missions face *Missions from the Majority World* Enoch Wan, Micheal Pocock, 2009-09-15 The churches from the whole world are joined in the effort to reach the whole world Although it has been documented that Western missionaries serving outside their countries still comprise the majority of world missions workers the growth rate of majority world missionaries far outpaces that of the West In recent years while Western missionary forces are shrinking in numbers and possibly in influence missions from the majority world have proliferated bringing amazing progress and some challenges Missions from

the Majority World represents the thinking of 14 majority world mission scholars and 10 Westerners with lengthy experience in the missionary enterprise The book shows the progress and challenges of missions from the majority world and illustrates this by case studies from Asia Africa and Latin America *Giving the Sense* Michael A. Grisanti,2003 This collection of essays covers the four major periods of Israel s history and explores the theological literary historical and archaeological dimensions of each era **Renewing a Modern Denomination** Andy Goodliff,2021-01-19 This book is an exploration of the renewal of the Baptist Union of Great Britain in the 1990s the only historic UK denomination which grew in this period It was an exciting time with plenty of denominational activity and engagement both theological and institutional The book tells this story focusing on the particular individuals involved and the wide ranging discussions centered around mission and identity ministry associating and ecumenism It argues that there were competing visions emerging from two different streams of thought which whilst not divisive caused tension At the end of the decade structural changes were introduced with hope for the new millennium but the book contends that opportunities were missed for a more deeply theological renewal *The Challenges to Mission and Dialogue in a Pluralist Context* Cornelius Mereweather-Thompson,2021-03-04 If you have been struggling to understand the dialogue that has been taking place among various faiths and religious groups for more than two decades this is the book that you need What you may find complex to comprehend is made simple for you to digest This book is most compelling and the reader would find it hard to discard it once he started reading it The main points of the book dealt with the challenge to mission and dialogue in a pluralist context It attempts to define mission and dialogue and to discuss to some degree the Church s understanding of mission and dialogue from both the World council of churches organization and other conciliar bodies Another important point addressed in this book is Is dialogue in mission an instrument of Christian witness The conclusion is that dialogue is necessary as we live in a multi faith and multi cultural society and should be explored for better understanding and mutual respect with other faiths in a pluralistic society
