The Third Force in Missions Paul Anthony Pomerville, 2022-05-03 The Third Force in Missions challenges readers to recognize the indispensable role of the Holy Spirit as power for mission It confronts the Western mentality that ignores the miraculous in its missions strategy and the global Pentecostal movement Paul Pomerville suggests that such activity prompted and controlled by the Spirit is key to fruitful biblical missions When The Third Force in Missions was first published in 1985 Paul Pomerville sought to draw attention to the Pentecostal contribution to missions At that time he argued there was an information gap regarding the size of this movement in spite of two waves of worldwide Pentecostal renewal He argued that this gap existed because of evangelical bias against Pentecostalism bias against charismatics in mainline churches ethnocentrism toward Pentecostals in the developing world and faulty reporting Thirty years later Pomerville once again argues the importance of the global Pentecostal movement seeking to correct the ongoing tunnel vision of world missions programs which since the Protestant Reformation have tended to ignore the Holy Spirit's work in today's missions In this book Pomerville exposes the serious methodological and theological flaws of such a one-sided position Missions in the Plan of the Ages William Owen Carver, 1909 **Trinitarian Ecclesiology** John F.

INTERFAITH MISSIONS Joseph Bosire Nyagwoka, 2025-04-24 Bridging divides between faiths is more critical than ever But what happens when traditional outreach methods fall short This book delves into the heart of a complex challenge engaging the Digo Muslim community on Kenya's South Coast Discover why established Christian strategies struggle and how cultural nuances create barriers to effective mission work Through in-depth research and compelling interviews you'll uncover the realities faced by both churches and new converts from fear and threats to financial and training limitations More than just a critique this book offers a practical biblically rooted model for fostering genuine connection Whether you're a missiologist a church leader or simply passionate about interfaith understanding this resource provides a template for building bridges of compassion and love transforming division into fellowship This isn't just a study it's a call to action for effective context-sensitive outreach worldwide **Spiritual Warfare and Missions** Jerry Rankin, Ed Stetzer, 2010-06-01 The mission of God to Go therefore and make disciples of all nations baptizing them in the name of the Father and of the Son and of the Holy Spirit Matthew 28:19 HCSB is a major target of spiritual warfare today In this new book by International

Mission Board president Jerry Rankin and noted missiologist Ed Stetzer the authors call out Satan's ongoing strategy to convince Christians that the Great Commission is optional Through deceit he is eroding the authoritative mandate of Scripture leading believers to tell themselves that international discipleship is a task better left to denomination and mission agencies not the sort of kingdom work that every believer can do But for every evil success Rankin and Stetzer point to where Satan is failing thus encouraging readers to renew their passion to declare God's glory among the nations Indeed by taking up the call to action here we can be sure that the kingdoms of the world will become the kingdom of the Lord

Herald of Gospel Liberty ,1908 *The Divine Missions* Adonis Vidu,2021-12-24 Christian theology affirms that the persons of the Son and the Holy Spirit are sent into the world to gather a scattered and rebellious humanity back to God But how are we to understand these divine missions given that the Son and the Spirit have already been present in the world from its foundation Moreover in what sense are they on a mission if they never leave the unity of the Trinity In this volume Vidu introduces us to the profound riches of this ancient and foundational doctrine With ample illustration he explains the technical concepts the operative principles and he clarifies the historical and contemporary debates In the process a constructive theology emerges where the category of divine missions frames topics such as the incarnation and life of Christ his atoning death and ascension the Pentecostal outpouring of the Spirit the invisible indwelling of the Spirit and finally the eschatological beatific vision **The spirit of the New Testament; or, The revelation of the mission of Christ, by a woman** ,1885 *The Spiritual Expansion of Medieval Latin Christendom: The Asian Missions* James D. Ryan,2017-03-02

During the thirteenth and fourteenth centuries religious zeal nourished by the mendicants sense of purpose motivated Dominican and Franciscan friars to venture far beyond Europe's cultural frontiers to spread their Christian faith into the farthest reaches of Asia Their incredible journeys were reminiscent of heroic missionary ventures in earlier eras and far more exotic than evangelization during the tenth through twelfth centuries when the western church Christianized Eastern Europe and Scandinavia This new mission effort was stimulated by a variety of factors and facilitated by the establishment of the Mongol Empire and as the fourteenth century dawned missionaries entertained fervent but vain hopes of success within khanates in China Central Asia Persia and Kipchak The reports these missionaries sent back to Europe have fascinated successive generations of historians who analyzed their travels and struggled to understand their motives and aspirations The essays selected for this volume drawn from a range of twentieth century historians and contextualized in the introduction provide a comprehensive overview of missionary efforts in Asia and of the developments in the secular world that both made them possible and encouraged the missionaries hopes for success Three of the studies have been translated from French specially for publication in this volume **Church missionary intelligencer** ,1871 *The Gospel in All Lands* ,1902 *Spirit of Missions* ,1910 *Encountering Theology of Mission* Craig Ott,Stephen J. providing biblical historical and contemporary perspectives **Mission as Integrated Witness** Jae-Suk Lee, 2021-05-25

This study aims to read Jesus's foot washing narrative missionally John 13:1-38. A missional reading is identical to a missional hermeneutics based on the literary theological interpretation of the text. John uses sending language and formulae and the frame of "as so" throughout the whole Gospel which clarifies Jesus's and his disciples' mission as integrated witness. In this literary context, the foot washing narrative signifies the integrated witness of Jesus and the disciples. The narrative consists of two parts: one, Jesus's symbolic action for his death, and the other, its interpretation for the disciple community. Jesus's death as his unique mission results in purifying both his disciples and the world so that they might dwell in the holy union with the triune God. The disciples are sent into the world. Just as Jesus did so, must they proclaim Jesus and his teachings. Also, they should bear witness to him by living Jesus's life pattern of self-giving sacrificial love and humble service. Their verbal proclamation as evangelism and life witness cannot be separated to testify to Jesus and their identity. Finally, today's Christians, specifically Evangelicals, are invited to participate in the Johannine mission as the integrated witness of evangelism and life witness.

Transmitting the Spirit in Missions Amos Jimmy Markin, 2019-02-05

Transmitting the Spirit in Missions: The History and Growth of the Church of Pentecost discourses on how Pentecostalism in general has been involved in the current growth mission and changing face of global Christianity. It argues that African Pentecostals, particularly, are an integral part of the global expansion of Christianity in this century. Specifically, this book engages the history and growth of the Church of Pentecost, an African Pentecostal denomination from Ghana, to demonstrate how African Pentecostals have taken their spirituality into their own hands and planted churches in their home country as well as other parts of the globe. The focus of this book is that African Pentecostals have achieved this feat through the experiential power and reliance of the Holy Spirit and the indigenous factor. The specific highlight is that this book is an updated analysis of the history, growth, and missions of the Church of Pentecost. Although this work is transformed from a PhD thesis, the content is presented accessibly to both the academia and general church populace, both pastors and the laity.

The Mission of Folk Souls Rudolf Steiner, 2022-11-15, 11 lectures, Oslo, June 7-17, 1910, CW 121.

It is particularly important, especially at the present time, to speak about the mission of the individual folk souls because the destiny of humanity in the near future will bring people together in far greater measure than has hitherto been the case in order to fulfil a mission common to the whole of humanity. But the members of the individual peoples will only be able to offer their proper free and positive contributions if they have above all else an understanding of their own native origin, an understanding of what we might call the self-knowledge of their people, their folk. Rudolf Steiner. In the mythologies of all ancient cultures, humanity is portrayed as intimately interwoven with the activity of lesser and greater gods, spirits, devas, and elemental beings as members of the grand symphony of creation. Who are these gods pictured so vividly in various myths and legends? And how are they connected with the mission of humanity as a whole and the diverse peoples of the Earth? In his preface to this lecture course

Steiner argues that a true basis for a psychology of peoples cannot be given by the anthropological ethnographical or even historical studies of conventional science but requires a basis in spiritual reality It is precisely this spiritual reality the creative activity of the beings of the hierarchies in connection with the destiny of humanity that forms the heart of these lectures and of Steiner s view of folk psychology more broadly These lectures form Rudolf Steiner s most comprehensive and profound account of the mission of folk souls The Mission of Folk Souls is a translation of Die Mission einzelner Volksseelen im Zusammenhange mit der germanisch nordischen Mythologie 6th rev ed Rudolf Steiner Verlag Basel 2017 GA 121
