Sehlinger, 2004-05-07 As this biography shows Preston was Kentucky's last cavalier the beau ideal of the Old South a dashing defender of the old aristocracy both in the political realm and on the battlefield His is a multidimensional story of power and privilege family connections and gender roles public service and proslavery politics As Kentucky state historian James C Klotter declares in the foreword Preston's life reveals much about his entire generation and his world BOOK JACKET

Veracruz 1867, el Dunquerque mexicano. Segunda Edición Juan Alberto Díaz Wiechers, 2023-09-05 El 19 de junio de 1867 murieron fusilados en el Cerro de las Campanas de Querétaro el Emperador Maximiliano I de México y sus leales generales Miguel Miramón y Tomás Mejía Tras esto se inició un largo proceso para repatriar desde México a Austria tanto el cadáver de Maximiliano como los restos dispersos de su derrotado ejército Para ello el Emperador Francisco José I de Austria hermano de Maximiliano envió a México a su vicealmirante Wilhelm von Tegetthoff junto con las fragatas Novara y Elisabeth Finalmente tras múltiples vicisitudes y contratiempos el cadáver del difunto Emperador mexicano fue recuperado y devuelto a Viena donde hoy descansa en la Cripta Imperial de los Habsburgo Paralelamente sus derrotados soldados arribando en diversas etapas a Veracruz y en penosas condiciones humanas fueron muy eficientemente aprovisionados y reembarcados hacia Europa Se trata de un capítulo prácticamente desconocido de la Historia de México que envuelve a infinidad de personas en su gran mayoría aunque no todos comerciantes alemanes residentes en México quienes bien en vida de Maximiliano o bien habiendo ya fallecido desempeñaron fundamentales funciones que los hicieron acreedores del eterno y más profundo agradecimiento del gobierno imperial austriaco El 26 de enero de 1868 el Emperador Francisco José concedió importantes condecoraciones a un grupo selecto de hombres en reconocimiento en parte por los servicios personalmente prestados al inmortalizado Emperador Maximiliano en parte por las meritorias gestiones para la repatriación de la disuelta Legión Mexicana Austriaca y además por el solcito apoyo otorgado a Mi vicealmirante von Tegetthoff durante su difícil misión Uno de los principales galardonados fue el muy joven comerciante bremense residente en Veracruz Heinrich Ludwig Wiechers bisabuelo del autor de estas líneas La condecoración que le otorgó el Emperador Francisco José la Orden de la Corona de Hierro de Tercera Clase existe todavía en perfectas condiciones en poder de sus descendientes una fotografía de ella es la que se acompaña en la portada de este libro Partiendo de la investigación sobre la vida de H L Wiechers nos fue posible entonces desentrañar todo este capítulo de la Historia de México y adentrarnos en la vida de todos quienes se hicieron merecedores del agradecimiento imperial Todos ellos hombres muy valientes cuya vida y obra merece ser relatada *Teaching the Empire* Scott O. Moore, 2020-05-15 Teaching the Empire explores how Habsburg Austria utilized education to cultivate the patriotism of its people Public schools have been a tool for patriotic development in Europe and the United States since their creation in the nineteenth century On a basic level this civic education taught children about their state while also articulating the common myths heroes and ideas that could bind

society together For the most part historians have focused on the development of civic education in nation states like Germany France and the United Kingdom There has been an assumption that the multinational Habsburg Monarchy did not or could not use their public schools for this purpose Teaching the Empire proves this was not the case Through a robust examination of the civic education curriculum used in the schools of Habsburg from 1867 1914 Moore demonstrates that Austrian authorities attempted to forge a layered identity rooted in loyalties to an individual s home province national group and the empire itself Far from seeing nationalism as a zero sum game where increased nationalism decreased loyalty to the state officials felt that patriotism could only be strong if regional and national identities were equally strong The hope was that this layered identity would create a shared sense of belonging among populations that may not share the same cultural or linguistic background Austrian civic education was part of every aspect of school life from classroom lessons to school events This research revises long standing historical notions regarding civic education within Habsburg and exposes the complexity of Austrian identity and civil society deservedly integrating the Habsburg Monarchy into the broader discussion of the role of education in modern society

A Black Corps d'Elite Richard Hill,Peter Hogg,1995-05-31 For several years the armies of Napoleon III deployed some 450 Muslim Sudanese slave soldiers in Veracruz the port of Mexico City As in the other case of Western hemisphere military slavery the West India Regiments a British unit in existence 1795 1815 the Sudanese were imported from Africa in the hopes that they would better survive the tropical diseases that so terribly afflicted European soldiers In both cases the Africans did indeed fulfill these expectations The mixture of cultures embodied by this event has piqued the interest of several historians so it is by no means unknown Hill and Hogg provide a particularly thorough account of this exotic interlude explaining its background looking in detail at the battle record in Mexico and figuring out who exactly made up the battalion Much in their account is odd and interesting for example the Sudanese superiority to Austrian troops and their festive nine day spree in Paris on the emperor s tab The authors also assess the episode s longer term impact on the Sudan showing that the veterans of Mexico having learnt much from their extended exposure to French military practices rose quickly in the ranks then taught these methods to others

Maximilian's Lieutenant Ernst Pitner,1993 This is the diary of a young Austrian army officer who went off as a mercenary to Mexico as part of an ill judged campaign by the European powers to impose a settlement on Mexico s internal political conflicts and to establish Maximilian as Emperor Unlike many of his companions he escaped execution to return to Austria
