**Special Agents' Series** ,1912      **Biracial in America** Nikki Khanna,2011-09-16 Elected in 2008 Barack Obama made history as the first African American president of the United States Though recognized as the son of a white Kansas born mother and a black Kenyan father the media and public have nonetheless pigeonholed him as black and he too self identifies as such Obama s experience as an American with black and white ancestry though compelling because of his celebrity is not unique and raises several questions about the growing number of black white biracial Americans today How are they perceived by others with regard to race How do they tend to identify And why Taking a social psychological approach *Biracial in America* identifies influencing factors and several underlying processes shaping multidimensional racial identities This study also investigates the ways in which biracial Americans perform race in their day to day lives One s race isn t simply something that others prescribe onto the individual but something that individuals do The strategies and motivations for performing black white and biracial identities are explored      *Are We Just Friends?* Juan Xavier Di Varo,2015-01-31 Platonic friendships have been the topic of heavy discussion over the past decade with more and more people turning to social media and friending those who are unknown to them particularly the opposite sex Many of us can think of a person whom we are friends with who is not of the same gender and many more of us have become blind to the fact that there is usually always something more that hovers within this limbic space of platonic friendship A lot of us do not understand the science behind our behavior and we are uncertain as to why we have certain feelings toward others we consider just friends There is an evolution at work and many of our desires and nondesires come from these evolutionary traits that we carry as primates Although many men and women would confirm that they have a friend who is from the opposite sex and the relationship is specifically platonic do they truly believe this Or is there something more between them on an emotional level The majority of humans tend to shy away from the honesty buried beneath our subconscious in order to cache our true desires for the opposite sex *Are We Just Friends* gives a clear indication as to why we do what we do as human primates and provides a clear understanding as to the types of behavior we undertake when faced with the possibility of intimate thoughts toward those we would consider friends on a platonic level      "Keep the Damned Women Out" Nancy Weiss Malkiel,2018-05-29 A groundbreaking history of how elite colleges and universities in America and Britain finally went coed As the tumultuous decade of the 1960s ended a number of very traditional very conservative highly prestigious colleges and universities in the United States and the United Kingdom decided to go coed seemingly all at once in a remarkably brief span of time Coeducation met with fierce resistance As one alumnus put it in a letter to his alma mater Keep the damned women out Focusing on the complexities of institutional decision making this book tells the story of this momentous era in higher education revealing how coeducation was achieved not by organized efforts of women activists but through strategic decisions made by powerful men In America Ivy League schools like Harvard Yale Princeton and Dartmouth began to admit

women in Britain several of the men's colleges at Cambridge and Oxford did the same What prompted such fundamental change How was coeducation accomplished in the face of such strong opposition How well was it implemented Nancy Weiss Malkiel explains that elite institutions embarked on coeducation not as a moral imperative but as a self-interested means of maintaining a first-rate applicant pool She explores the challenges of planning for the academic and non-academic lives of newly admitted women and shows how with the exception of Mary Ingraham Bunting at Radcliffe every decision-maker leading the charge for coeducation was male Drawing on unprecedented archival research *Keep the Damned Women Out* is a breathtaking work of scholarship that is certain to be the definitive book on the subject [Mapping Gendered Routes and Spaces in the Early Modern World](#) Merry E. Wiesner-Hanks, 2016-03-03 How did gender figure in understandings of spatial realms from the inner spaces of the body to the furthest reaches of the globe How did women situate themselves in the early modern world and how did they move through it in both real and imaginary locations How do new disciplinary and geographic connections shape the ways we think about the early modern world and the role of women and men in it These are the questions that guide this volume which includes articles by a select group of scholars from many disciplines Art History Comparative Literature English German History Landscape Architecture Music and Women's Studies Each essay reaches across fields and several are written by interdisciplinary groups of authors The essays also focus on many different places including Rome Amsterdam London and Paris and on texts and images that crossed the Atlantic and the Mediterranean or that portrayed real and imagined people who did Many essays investigate topics key to the spatial turn in various disciplines such as borders and their permeability actual and metaphorical spatial crossings travel and displacement and the built environment [Theology: The Silent killer](#) Joe L. **United States Trade with the Republic of Korea** United States. Congress. House. Committee on Energy and Commerce. Special Subcommittee on U.S.-Pacific Rim Trade, 1986      *Africans In Colonial Louisiana* Gwendolyn Midlo Hall, 1995-07-01 Although a number of important studies of American slavery have explored the formation of slave cultures in the English colonies no book until now has undertaken a comprehensive assessment of the development of the distinctive Afro Creole culture of colonial Louisiana This culture based upon a separate language community with its own folkloric

musical religious and historical traditions was created by slaves brought directly from Africa to Louisiana before 1731. It still survives as the acknowledged cultural heritage of tens of thousands of people of all races in the southern part of the state. In this pathbreaking work Gwendolyn Midlo Hall studies Louisiana's creole slave community during the eighteenth century, focusing on the slaves' African origins, the evolution of their own language and culture, and the role they played in the formation of the broader society, economy, and culture of the region. Hall bases her study on research in a wide range of archival sources in Louisiana, France, and Spain, and employs several disciplines: history, anthropology, linguistics, and folklore. In her analysis, among the topics she considers are the French slave trade from Africa to Louisiana, the ethnic origins of the slaves, and relations between African slaves and native Indians. She gives special consideration to race mixture between Africans, Indians, and whites; to the role of slaves in the Natchez Uprising of 1729; to slave unrest and conspiracies, including the Pointe Coupee conspiracies of 1791 and 1795; and to the development of communities of runaway slaves in the cypress swamps around New Orleans.

Can market-based approaches to technology development and dissemination benefit women smallholder farmers? Njuki, Jemimah, Waithanji, Elizabeth, Sakwa, Beatrice, Kariuki, Juliet, Mukewa, Elizabeth, Ngige, John, 2014-07-11. Rural household economies dependent on rainfed agriculture are increasingly turning to irrigation technology solutions to reduce the effects of weather variability and guard against inconsistent and low crop output. Organizations are increasingly using market-based approaches to disseminate technologies to smallholder farmers and

although women are among their targeted group little is known of the extent to which these approaches are reaching and benefiting women There is also little evidence on the implications of women s use and control of irrigation technologies for outcomes including crop choice and income management This paper reports findings from a qualitative study undertaken in Tanzania and Kenya to examine women s access to and ownership of KickStart pumps and the implications for their ability to make major decisions on crop choices and use of income from irrigated crops Results from sales monitoring data show that women purchase less than 10 percent of the pumps and men continue to make most of the major decisions on crop choices and income use These findings vary by type of crop with men making major decisions on high income crops such as tomatoes and women having relatively more autonomy on crops such as leafy vegetables The study concludes that market based approaches on their own cannot guarantee access to and ownership of technologies and businesses need to take specific measures toward the goal of reaching and benefiting women Four Steeples Over the City Streets Kyle T.

Bulthuis,2017-04 In the fifty years after the Constitution was signed in 1787 New York City grew from a port town of 30 000 to a metropolis of over half a million residents This rapid development transformed a once tightknit community and its religious experience These effects were felt by Trinity Episcopal Church which had presented itself as a uniting influence in New York that connected all believers in social unity in the late colonial era As the city grew larger more impersonal and socially divided churches reformed around race and class based neighborhoods Trinity s original vision of uniting the community was no longer possible In Four Steeples over the City Streets Kyle T Bulthuis examines the histories of four famous church congregations in early Republic New York City Trinity Episcopal John Street Methodist Mother Zion African Methodist and St Philip s African Episcopal to uncover the lived experience of these historical subjects and just how religious experience and social change connected in the dynamic setting of early Republic New York Drawing on a range of primary sources Four Steeples over the City Streets reveals how these city churches responded to these transformations from colonial times to the mid nineteenth century Bulthuis also adds new dynamics to the stories of well known New Yorkers such as John Jay James Harper and Sojourner Truth More importantly Four Steeples over the City Streets connects issues of race class and gender urban studies and religious experience revealing how the city shaped these churches and how their respective religious traditions shaped the way they reacted to the city Publisher Group Counselling Keith
