## **Moche Pottery From Peru:**

Moche Pottery from Peru George Bankes, 1980      Moche Pottery from Peru Museum of Mankind, 1982      Sex, Metaphor, and Ideology in Moche Pottery of Ancient Peru Andrew David Turner, 2015 Paris Monographs in American Archaeology 41      **Moche Art and Visual Culture in Ancient Peru** Margaret A. Jackson, 2008-12-16 Scattered throughout their coastal homelands the remains of impressive artworks produced by the Moche of northern Peru survive. These works include ceremonial centers extensively decorated with murals as well as elaborate and sophisticated ceramic vessels, textiles and metalwork that serve to visually represent an ancient American culture that developed a complex systematized pictorial code used to communicate narratives, sets of ideas and ideological constructs. In this study Margaret Jackson analyzes Moche ceremonial architecture and ceramics to propose the workings of a widely understood visual language. Using an interdisciplinary approach that incorporates archaeology and linguistics with art history and studies of visual culture, Jackson looks at the symbolism of Moche art as a form of communication, the social mechanisms that produced it and how it served to maintain the Moche social fabric.      The Moche of Ancient Peru Jeffrey Quilter, 2010 Quilter utilizes the Peabody's collection as a means to investigate how the Moche used various media, particularly ceramics, to convey messages about their lives and beliefs. His presentation provides a critical examination and rethinking of many of the commonly held interpretations of Moche artifacts and their imagery. It also raises important questions about art production and its role in this and other ancient and modern cultures.      *The Worlds of the Moche on the North Coast of Peru* Elizabeth P. Benson, 2012-07-15 The Moche or Mochica created an extraordinary civilization on the north coast of Peru for most of the first millennium AD. Although they had no written language with which to record their history and beliefs, the Moche built enormous ceremonial edifices and embellished them with mural paintings depicting supernatural figures and rituals. Highly skilled Moche artisans crafted remarkable ceramic vessels which they painted with figures and scenes or modeled like sculpture and mastered metallurgy in gold, silver and copper to make impressive symbolic ornaments. They also wove textiles that were complex in execution and design. A senior scholar renowned for her discoveries about the Moche, Elizabeth P. Benson published the first English language monograph on the subject in 1972. Now in this volume she draws on decades of knowledge as well as the findings of other researchers to offer a grand overview of all that is currently known about the Moche. Touching on all significant aspects of Moche culture, she covers such topics as their worldview and ritual life, ceremonial architecture and murals, art and craft, supernatural beings, government and warfare and burial and the afterlife. She demonstrates that the Moche expressed with symbolic language in metal and clay what cultures in other parts of the world presented in writing. Indeed, Benson asserts that the accomplishments of the Moche are comparable to those of their Mesoamerican contemporaries, the Maya, which makes them one of the most advanced civilizations of pre-Columbian America.      **A Glimpse of Nazca and Moche Pottery of Ancient Peru**, 2014      *Moche Portraits from Ancient Peru* Christopher B. Donnan, 2004 The first wide

ranging systematic study of the Moche portraits three dimensional ceramic vessels formed in the likeness of people s heads

*Sex Pots* Paul Mathieu,2003 Over the past twenty years debates about pornography have raged within feminism and beyond Throughout the 1970s feminists increasingly addressed the problem of men s sexual violence against women and many women reduced the politics of men s power to questions about sexuality By the 1980s these questions had become more and more focused on the issue of pornography now a metaphor for the menace of male power Collapsing feminist politics into sexuality and sexuality into pornography has not only caused some of the deepest splits between feminists but made it harder to think clearly about either sexuality or pornography indeed about feminist politics more generally This provocative collection by well known feminists surveys these arguments and in particular asks why recent feminist debates about sexuality keep reducing to questions of pornography
