to acknowledge the significance of desire abandon resignation and embark on an adventure he calls our heart's most important journey Eldredge writes There is a secret set within each of our hearts It is the desire for life as it was meant to be Yet how do we uncover our desires and learn to decipher them As Eldredge says We all share the same dilemma we long for life and we're not sure where to find it We wonder if we ever do find it can we make it last We must journey to find the life we prize And the guide we have been given is the desire set deep within the desire we often overlook or mistake for something else or even choose to ignore The greatest human tragedy is to give up the search Many good people have been told that the path to a holy life requires us to kill our hearts desires And call it sanctification But in this release of one of Eldredge's most inspiring works we discover that God is the author of our deepest desires He has given us desire and he loves to fulfill our hearts desires For as the Psalms declare Delight yourself in the Lord and he will give you the desires of your heart 37:4 God is calling to you through the desires of your heart How you respond will set the course for the rest of your life Desire is a profound and winsome call to walk into the heart of God and hear Him sing to your soul about His love In a world of frenzy and clamor about desire we often miss the ache that lifts our face to look into His eyes This book will stir your heart and invite you to know the one desire that captures all passion for His purpose Drink in this work and your life will not be the same Dan Allender Author *The Healing Path* *The Hidden Handshake* Aleš Debeljak, 2004-09-27 The Hidden Handshake uses four distinct yet intertwined essays to address the questions surrounding our notions of citizenship national identity and cosmopolitan belonging The violent disintegration of Yugoslavia and the undercurrent of EU enlargement stand out as two contrasting movements that highlight the importance of having a national identification while also defying it to avoid both the rigidity of nationalist exclusivism and the blithe nonsense of global citizenship Through the exploration of sociohistorical material and artistic visions as well as the author's layered identity as a Slovene a Yugoslav a Central European and a European Aleš Debeljak tries to show that it is possible to remain faithful to geography history and community even as one fosters links to global cultural movements Not surprisingly the book itself shares some of this hybrid identity It uses not only theoretical concepts and empirical data but also historical sketches on art national life and society along with poetic autobiographical reminiscences and personal anecdotes Ultimately the book calls for an adoption of liberal nationalism which is commensurate with democratic order and for a more ecumenical understanding of artistic visions that does not discriminate on the grounds of one's place of origin *Realist Ecstasy* Lindsay V. Reckson, 2020-01-28 Honorable Mention Barnard Hewitt Award from the American Society for Theater Research Explores the intersection and history of American literary realism and the performance of spiritual and racial embodiment Recovering a series of ecstatic performances in late nineteenth and early twentieth century American realism *Realist Ecstasy* travels from camp meetings to Native American ghost dances to storefront church revivals to explore realism's relationship to spiritual experience In her approach to realism as both an unruly archive of performance and a wide ranging repertoire of media practices including

literature photography audio recording and early film Lindsay V Reckson argues that the real was repetitively enacted and reenacted through bodily practice Realist Ecstasy demonstrates how the realist imagining of possessed bodies helped construct and naturalize racial difference while excavating the complex shifting and dynamic possibilities embedded in ecstatic performance its production of new and immanent forms of being beside Across her readings of Stephen Crane James Weldon Johnson and Nella Larsen among others Reckson triangulates secularism realism and racial formation in the post Reconstruction moment Realist Ecstasy shows how post Reconstruction realist texts mobilized gestures especially the gestures associated with religious ecstasy to racialize secularism itself Reckson offers us a distinctly new vision of American realism as a performative practice a sustained account of how performance lives in and through literary archives and a rich sense of how closely secularization and racialization were linked in Jim Crow America **Burning Desire Fades** M.
