Model Of Tatarstan Under President Mintimer Shaimiev:

The Model of Tatarstan Ravil' Bukharaev, 1999 The Republic of Tatarstan the ancient Muslim country located in the heartland of the Russian Federation has been travelling the same unknown path in the minefield of post Communist market transition as the rest of the former Soviet Union Yet Tatarstan under the leadership of its democratically elected President Mintimer Shaimiev soon saw its direction much more clearly than others Its model of democratic transition internationally recognised as the Model of Tatarstan appears with increasing certainty to be the only right one under the conditions resulting from the collapse of the USSR This book explains the democratic and social market oriented reforms in Tatarstan as well as the prudent pragmatism of President Shaimiev His vision and practice of market reform which helped his country to avoid the worst excesses of nationalism and repeat the fate of Chechnya also help it to ease the grip of the present Russian economic and financial crisis

Tatarstan: A 'Can-Do' Culture Ravil Bukharaev, 2006-10-26 In 1994 the term Tatarstan model came into use to describe the path which one of Russia's constituent republics had adopted during the unprecedented conditions of its transformation from a Soviet period pseudo autonomous entity into a democratic market economy state Since then this particular model of development has attracted increasing attention from both domestic Russian and international observers not least on account of its enduring ethnic and religious multiculturalism Focusing as it does on one of the most interesting and unusual regional examples of the Russian market transformation successfully piloted by the republic's long serving President Mintimer Shaimiev this book also argues that whilst there may be no third way between democracy and tyranny also in economic terms there may be and indeed are different forms of successful transition not necessarily foreseen or properly understood by Western observers

Tatarstan's Autonomy within Putin's Russia Deniz Dinç, 2021-12-13 This book explores how the Volga Tatars the largest ethnic minority within the Russian Federation a Muslim minority achieved a great deal of autonomy for Tatarstan in the years 1988 to 1992 but then lost this autonomy gradually over the course of the Putin era It sets the issue in context tracing the history of the Volga Tatars the descendants of the Golden Horde whose Khans exercised overlordship over Muscovy in medieval times and outlining Tsarist and Soviet nationalities policies and their enduring effects It argues that a key factor driving the decline of greater autonomy besides Putin's policies of harmonisation and centralisation was the behaviour of the minority elites who were despite their earlier engagement in ethnic mobilization very acquiescent to the new Putin regime deciding that co operation would maximise their privileges

Contemporary Russian Federalism Gulnara R. Shaikhutdinova, 2020-04-10 The focus of this book is the legal analysis of the evolution of federal relationships from an asymmetric treaty constitutional federation to a de facto unitary state Questioned is whether it is worth returning to the asymmetric federative form while the aim is to review the origins of federalism in the New Russia assess the present de jure and de facto situations and analyze whether Russia has a chance of reviving federalism Steps forward on the way to developed federal relationships in the 1990s have been replaced by steps

backwards owing to unitary tendencies in the 2000s and the 2010s But is this a sustainable state of affairs The possible ways of framing relations between the center and the constituent units for the next four years and beyond are also discussed This book is aimed at researchers and students in the field of comparative constitutional law Russian studies and federal and regional studies Gulnara R Shaikhutdinova is Professor and Doctor of International Law in the Faculty of Law of Kazan Volga Region Federal University Republic of Tatarstan Russian Federation

USAK Yearbook of International Politics and Law 2010, Vol. 3, 2008 Nation-building and Identities in Post-Soviet Societies Andrea Friedli, Aline Gohard-Radenkovic, François Ruegg, 2017 Research by social scientists on multicultural and multilingual post Soviet societies is manifold However there rarely exists a dialogue between academic fields traditions and ideologies This book critically reunites different academic generations and traditions different disciplines and different geographical and cultural backgrounds by keeping the plurality of the approaches The contributions discuss the roles of ideologies education and ethnic linguistic and religious identities in the post Soviet nation building processes The included case studies show continuities and discontinuities in the ideological and political aspects of nation building and identity management in post Soviet societies Series Freiburg Studies in Social Anthropology Freiburger Sozialanthropologische Studien Vol 47 Subject Social Anthropology Sociology Politics Soviet Union

Chechnya Richard Sakwa, 2005 The struggle for Chechnya has come to international prominence in recent years through a string of high profile atrocities such as the hostage seizures at Beslan and the Dubrovka theatre IN Moscow For the first time Western Russian and Chechen perspectives on the conflict are brought together in a single authoritative new volume in which leading experts from all sides of the crisis provide a unique insight into its causes and contexts Chechnya from Past to Future creates a historical framework against which the most pressing issues raised by the Chechen struggle are considered including the rights and wrongs of Chechen secessionism the role of Islamic and Western international agencies in defending human rights the conduct of the war changing perceptions of the war against the backdrop of international terrorism democracy in Chechnya itself and the uncertain fate of democracy in Russia as a whole The precarious position of Chechnya is one of the most important social and political situations of our times and this book should be of interest to anyone with an interest in the world we live in

Russia and the GCC Diana Galeeva, 2022-12-29 In recent decades Russia has played an increasingly active role in the Middle East as states within the region continue to diversify their relations with major external powers Yet the role of specific Russian regions especially those that share an Islamic identity with the GCC has been overlooked In this book Diana Galeeva examines the relations between the Gulf States and Russia from the Soviet era to the present day Using the Republic of Tatarstan one of Russia's Muslim polities as a case study Galeeva demonstrates the emergence of relations between modern Tatarstan and the GCC States evolving from concerns with economic survival to a rising paradiplomacy reliant on shared Islamic identities Having conducted fieldwork in the Muslim Republics of Tatarstan Bashkortostan and Dagestan the book includes interviews with

high ranking political figures heads of religious organisations and academics Moving beyond solely economic and geopolitical considerations the research in this book sheds light on the increasingly important role that culture and shared Islamic identity play in paradiplomacy efforts **Historical Dictionary of the Russian Federation** Robert A.

Saunders,2019-09-20 Straddling Europe and Asia the Russian Federation is the largest country in the world and home to a panoply of religious and ethnic groups from the Muslim Tatars to the Buddhist Buryats Over the past 40 years Russia has experienced the most dramatic transformation of any modern state The second edition of Historical Dictionary of the Russian Federation provides insight into this rapidly developing country This volume includes coverage of pivotal movements events and persons in the late Soviet Union 1985 1991 and contemporary Russia 1991 present This second edition of Historical Dictionary of the Russian Federation contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Russia **Pax**

Ethnica Karl E. Meyer,Shareen Blair Brysac,2012-03-13 Explores places noted for minimal violence rising life expectancy high literacy and pragmatic compromises on cultural rights documenting the ways and means that have proven successful in defusing ethnic tensions and maintaining peace **The Politics of Ethnic Separatism in Russia and Georgia** J.

George,2009-12-21 This book investigates the roots of ethnic separatism in the Russian Federation and post Soviet Georgia It considers why regional leaders in both countries chose violent or non violent strategies to achieve their political economic and personal goals **Islam in Post-Soviet Russia** Hilary Pilkington,Galina Yemelianova,2003-08-27 This book based on

extensive original research in the field analyses the political social and cultural implications of the rise of Islam in post Soviet Russia Examining in particular the situation in Tatarstan and Dagestan where there are large Muslim populations the authors chart the long history of Muslim and orthodox Christian co existence in Russia discuss recent moves towards greater autonomy and the assertion of ethnic religious identities which underlie such moves and consider the actual practice of Islam at the local level showing the differences between official and unofficial Islam how ceremonies and rituals are actually observed or not how Islam is transmitted from one generation to the next the role of Islamic thought including that of radical sects and Islamic views of men and women s different roles Overall the book demonstrates how far Islam in Russia has been extensively influenced by the Soviet and Russian multi ethnic context **Islamic Leadership and the State in Eurasia**

Galina M. Yemelianova,2022-02-01 The book presents the first integrated study of the relationship between official Islamic leadership muftiship non official Islamic authorities grassroots Muslim communities and the state in post Communist Eurasia encompassing Lithuania Belarus Ukraine the Volga Urals Crimea the North Caucasus Azerbaijan and ex Soviet Central Asia It employs a history based perspective and compares this relationship to that in both the Middle East and Western Europe It argues that the nature and role of official Islamic leadership as well as state Muslim relations in most of the post Soviet lands

have largely retained their particular national and broader Eurasian character which distinguishes them from what prevails in the Middle East and Western Europe At the same time the increasing political Europeanisation of Lithuania and Ukraine since 2014 and to some extent Belarus has accounted for their divergence towards the Western model of state Muslim relations

Russia's Islamic Threat Gordon M. Hahn, 2007-01-01 Why contemporary Russia is a dangerous seedbed for radicalized Islam and what we should be doing about it The notion that the Chechen led jihad in the North Caucasus is an indigenous affair far removed from the global Islamist jihad is perhaps comforting to Americans and other Westerners but it is a myth Moreover the North Caucasus jihad may be the harbinger of a much larger Muslim challenge to Russia's political stability and state integrity So concludes Gordon M Hahn in this meticulously researched analysis of Russia's emerging Islamic threat Hahn draws an explicit picture of an already sophisticated and effective Chechen jihadist network that is expanding the territorial scope of its operations with inspiration and some assistance from the global jihadist movement Given its proximity to large stockpiles of diverse weapons the expanding population of Russian based Islamist terrorists is particular cause for alarm the author warns The book lifts the veil on the Muslim challenge to Russia's political stability national security and state integrity as well as the potentially grave threat to international and U S security Hahn shows that many of the demographic historical socioeconomic political and religious factors sparking jihadi revolution in Muslim countries are extant in Russia and are driving revolutionary Islamist terrorism there In a penetrating conclusion to the book the author analyzes the policies that have fueled the rise of militant Islam and offers a series of important recommendations for policymakers

The Dynamics of Russian Politics Peter Reddaway, Robert W. Orttung, 2004 Who rules Russia This question is generated by President Vladimir Putin's most ambitious reform program to date _his attempt since 2000 to reshape the Russian federation centralize much of the power lost by the Kremlin to the eighty nine regional governors during the 1990s and strengthen his weak grip on Russia's institutions and political elite In The Dynamics of Russian Politics Russian and Western authors from the fields of political science economics ethnology law and journalism examine the reform's impact on key areas of Russian life including big business law enforcement corruption political party development health care local government small business and ethnic relations Volume I presents the historical context and an overview of the reforms then tracks how Putin's plans were implemented and resisted across each of the seven new federal okrugs or megaregions into which he divided Russia In particular the authors analyze the goals and contrasting political styles of his seven commissars and how their often concealed struggles with the more independent and determined governors played out Volume II examines the impact of these reforms on Russia's main political institutions the increasingly assertive business community and the defense police and security ministries It also analyzes how the reforms have affected such key policy areas as local government health care political party development the battle against corruption small business ethnic relations and the ongoing Chechen war Together the two volumes simultaneously reveal that Putin's successes have been

much more limited and ambiguous than is widely believed in the West while offering detailed and nuanced answers to the difficult but crucial question Who rules Russia *Hegemonic Transitions, the State and Crisis in Neoliberal Capitalism* Yildiz Atasoy,2009-01-08 Offering a unique opportunity to make conceptual connections between neoliberalism and political authority this book examines the transformation in the world economy as an outcome of historically specific social relations

Ethnicity, Nationalism and Conflict in and After the Soviet Union Valery Tishkov,1997 Valery Tishkov is a well known Russian historian and anthropologist and former Minister of Nationalities in Yeltsin s government This book draws on his inside knowledge of major events and extensive primary research Tishkov argues that ethnicity has a multifaceted role it is the most accessible basis for political mobilization a means of controlling power and resources in a transforming society and therapy for the great trauma suffered by individuals and groups under previous regimes This complexity helps explain the contradictory nature and outcomes of public ethnic policies based on a doctrine of ethno nationalism A History of Tatarstan Kees Boterbloem,2023-10-10 A History of Tatarstan The Russian Yoke and the Vanishing Tatars surveys the history of the Tatar people living along the Volga river It argues that the Volga Tatars were Russia s first colonized people and after their subjugation in 1552 the Tatars have been continually mistreated by their Russian rulers even when the nature of the Russian regime changed over time For a long period the Tatars managed to evade overly deep Russian intrusion into their lives after the middle of the 1850s Russian and Soviet authorities obliterated their traditional way of life Despite efforts at restoring a measure of Tatar independence in the 1990s russification has led to a marked fall in those identifying as Tatar in the Russian Federation pointing at the possibility of a disappearance altogether of the Volga Tatars **Turks Across Empires** James H. Meyer,2014 *Turks Across Empires* tells the story of the pan Turkists Muslim activists from Russia who gained international notoriety during the Young Turk era of Ottoman history Yusuf Akcura Ismail Gasprinskii and Ahmet Agaoglu are today remembered as the forefathers of Turkish nationalism but in the decade preceding the First World War they were known among bureaucrats journalists and government officials in Russia and Europe as dangerous Muslim radicals This volume traces the lives and undertakings of the pan Turkists in the Russian and Ottoman empires examining the ways in which these individuals formed a part of some of the most important developments to take place in the late imperial era James H Meyer draws upon a vast array of sources including personal letters Russian and Ottoman state archival documents and published materials to recapture the trans imperial worlds of the pan Turkists Through his exploration of the lives of Akcura Gasprinskii and Agaoglu Meyer analyzes the bigger changes taking place in the imperial capitals of Istanbul and St Petersburg as well as on the ground in central Russia Crimea and the Caucasus *Turks Across Empires* focuses especially upon three developments occurring in the final decades of empire an explosion in human mobility across borders the outbreak of a wave of revolutions in Russia and the Middle East and the emergence of deeply politicized forms of religious and national identity As these are also important characteristics of the post Cold War era argues Meyer the events

surrounding the pan Turkists provide valuable lessons regarding the nature of present day international and cross cultural geopolitics

The Caucasus Emirate Mujahedin Gordon M. Hahn, 2014-09-24

Russia's North Caucasus mujahedin of the self declared Caucasus Emirate and the history thereof is part and parcel of the global jihadi revolutionary movement which includes but is no longer led by Al Qaeda. This book corrects the inadequate previous treatments of the violence in the Caucasus almost all of which explain what ought to be called the rise of jihadism in the Caucasus solely in terms of Russian actions. The author brings the international jihadist and local North Caucasian causes back into the picture detailing the global Jihadist Islamist revolutionary movement's propagation of the jihadi method and material support to nationalist and Islamic extremists in Chechnya and the Caucasus since the mid 1990s. Like jihadi groups in Afghanistan and Pakistan, Iraq, Syria and Africa, the Caucasus Emirate is an Al Qaeda ally and de facto affiliate. It represents a threat to Russian, U.S. and international security as evidenced by terrorist plots perpetrated or inspired by it in Belgium, the Czech Republic, Denmark, Spain, Azerbaijan and Boston.
