Numerology Jackie Suggs,1993 Numerology Elen Sentier,2019-02-22 Numerology Dancing the Spirals of Time is a book for people interested in how to work with numbers The ways of working come from the author s experience as a Transpersonal Psychotherapist as well as from her lifelong work as a British shaman The method involves finding your own way through the numbers and finding your own answers rather than simply learning by heart what someone else has written A fascinating and enjoyable read revealing the mysteries of numbers to the uninitiated Brendan Howlin author of The Handbook of Urban Druidry and The Urban Ovate **Egyptian Numerology** Sara Bachmeier,2018-02-22 Egyptian Numerology works with a persons highest qualities and potential Most people are satisfied with the traditional numerology which uses the frequencies of numbers to dissect the good and bad aspects of their character I refer to this as the mind reading technique because for some reason people like to be told what they already know about themselves and what can be revealed by just looking into the mirror and being completely honest with oneself The paradigm for numbers has shifted over the past few decades and it is vital that we acknowledge this change and accept the knowledge available to us during these radical times of change Egyptian Numerology takes your reflection and enhances the view by using your number frequencies and taking it into the fifth dimension to show you what is possible to achieve in this lifetime The fifth dimension has been described as the plane of love and of living totally from the heart It will give you the opportunity to discover areas of your life that have the greatest potential and what they are meant to look like in an elevated frequency rating It is compatible to giving you a new prescription for lenses in order to see yourself clearly If you are already using your highest frequencies than this type of charting can be used as a geographical confirmation that you are on the right track or it can be used as a reference point to what is possible to achieve in a perspective not always revealing It will give you a description of what your life looks like when you are living through your heart chakra Understanding Children Through Astrology Samantha A.
