**A. Assmann, S. Conrad**

## **Nuremberg Vietnam An American Tragedy:**

**Nuremberg and Vietnam** Telford Taylor, 1970      Vietnam Awakening Michael Uhl, 2014-11-29 In this vividly honest memoir author Michael Uhl details his experiences in Vietnam as first lieutenant of a counterintelligence team attached to the 11th Infantry Referencing his personal journal and wartime correspondence with friends and family the author relives the most shocking events that he witnessed during his military service including the abuse and torture of several Vietnamese civilians In Part Two the author outlines his years as an activist with the veterans movement against the Vietnam War

**Vietnam** Joe Allen, 2016-12-05 As the United States now faces a major defeat in its occupation of Iraq the history of the Vietnam War as a historic blunder for US military forces abroad and the true story of how it was stopped take on a fresh importance Unlike most books on the topic constructed as specialized academic studies *The Last War the United States Lost* examines the lessons of the Vietnam era with Joe Allen s eye of both a dedicated historian and an engaged participant in today s antiwar movement Many damaging myths about the Vietnam era persist including the accusations that antiwar activists routinely jeered and spat at returning soldiers or that the war finally ended because Congress cut off its funding Writing in a clear and accessible style Allen reclaims the stories of the courageous GI revolt its dynamic relationship with the civil rights movement and the peace movement the development of coffee houses where these groups came to speak out debate and organize and the struggles waged throughout barracks bases and military prisons to challenge the rule of military command Allen s analysis of the US failure in Vietnam is also the story of the hubris of US imperial overreach a new chapter of which is unfolding in the Middle East today Joe Allen is a regular contributor to the *International Socialist Review* and a longstanding social justice fighter involved in the ongoing struggles for labor the abolition of the death penalty and to free the political prisoner Gary Tyler      Victimhood Nationalism Jie-Hyun Lim, 2025-04-01 Nationalism today depends on the perception of victimhood The historical memory of past suffering endows nationalist movements with political legitimacy and a sense of moral superiority Koreans recall Japanese colonial atrocities while Japan commemorates the atomic bombings of Hiroshima and Nagasaki Israel sanctifies the Holocaust and Poland trumpets the Nazi and Soviet occupations Even Germany and Russia perpetrators of historical crimes today cast themselves as victims by pointing to national suffering In this theoretically sophisticated and empirically rich book Jie Hyun Lim offers a new way to understand nationalism and its political instrumentalization of suffering developing the concept of victimhood nationalism and exploring it in a range of global settings He examines relations among Poland Germany Israel Korea and Japan focusing on how memories of colonialism the Holocaust and Stalinist terror have converged and intertwined in transnational spaces With an emphasis on memory formation Lim scrutinizes how perpetrators in Germany and Japan transformed themselves into victims as well as how nationalists in Poland Korea and Israel portray themselves as hereditary victims in order to rebut external criticism He considers the construction of nations as victims and perpetrators tracing the interaction of history and memory Ultimately

the book contends challenging victimhood nationalism is necessary to overcome the endless competition over national suffering and instead promote reconciliation mutual understanding and transnational solidarity *Enduring Vietnam* James Wright, 2024-07-02 This powerful and heartbreaking history of the Vietnam War looks not only at the conflict but the generation caught up in its horrors and consequences Booklist The Vietnam War is largely recalled as a mistake either in the decision to engage there or in the nature of the engagement Or both Veterans of the war remain largely anonymous figures accomplices in the mistake Critically recounting the steps that led to the war this book does not excuse the mistakes but it brings those who served out of the shadows *Enduring Vietnam* recounts the experiences of the young Americans who fought in Vietnam and of families who grieved those who did not return The book describes the baby boomers growing up in the 1950s why they went into the military what they thought of the war what it was like to serve in Nam and to come home With a rich narrative of the Battle for Hamburger Hill and through substantial interviews with those who served the book depicts the cruelty of this war and its quiet acts of courage James Wright's *Enduring Vietnam* provides an important dimension to the profile of an American generation and a rich account of an American War **America's War in Vietnam** Larry H.

Addington, 2000-04-22 If you want to read one book about Vietnam read this one New York Review of Books Drawing on years of experience teaching about the war Larry H Addington presents a short narrative history of the origins course and outcome of America's military involvement in Vietnam Not intended as a competitor to the many excellent comprehensive studies of the Vietnam Era this book will prove a useful introduction and a concise reference to America's longest most controversial war Addington reviews the history of pre colonial Vietnam the impact of French imperialism and the Indochina War and the Cold War origins of American involvement He then details US policy after the 1954 Geneva Accords its role in the establishment of South Vietnam and the outbreak of a new war Turning to America's deepening involvement Addington examines the US strategies for waging air and ground war the impact of the war at home and the reasons for the failure of US policy under President Johnson He studies the successes and failures of the policy of withdrawal under President Nixon and concludes with an overview of the war's aftermath and its legacy **The Globalization of International Law**

Paul Schiff Berman, 2017-07-05 International law is no longer a sufficient rubric to describe the complexities of law in an era of globalization Accordingly this collection situates cross border norm development at the intersection of interdisciplinary scholarship on comparative law conflict of laws civil procedure cyberlaw legal pluralism and the cultural analysis of law as well as traditional international law It provides a broad range of seminal articles on transnational law making governmental and non governmental networks judicial influence and cooperation across borders the dialectical relationships among national international and non state legal norms and the possibilities of bottom up and plural law making processes The introduction situates these articles within the framework of law and globalization and suggests four important ways in which such a framework enlarges the traditional focus of international law This book therefore provides a crucial reference for

scholars and practitioners seeking to understand the varied processes of norm development in the emerging global legal order

**Vietnam** John Prados, 2009 The first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts America

*Revisiting the Vietnam War and International Law* Stefan Andersson, 2017-12-28 This collection of scholarly and critical essays about the legal aspects of the Vietnam War explores various crimes committed by the United States against North Vietnam war of aggression war crimes in bombing civilian targets such as schools and hospitals and using napalm cluster bombs and Agent Orange crimes against humanity in moving large parts of the population to so called strategic hamlets and alleged genocide and ecocide International lawyer Richard Falk who observed these acts personally in North Vietnam in 1968 uses international law to show how they came about This book brings together essays that he has written on the Vietnam War and on its relationship to international law American foreign policy and the global world order Falk argues that only a stronger adherence to international law can save the world from such future tragedies and create a sustainable world order

**A Violent Peace** Christine Hong, 2020-08-11 A Violent Peace offers a radical account of the United States transformation into a total war state As the Cold War turned hot in the Pacific antifascist critique disclosed a continuity between U S police actions in Asia and a rising police state at home Writers including James Baldwin Ralph Ellison and W E B Du Bois discerned in domestic strategies to quell racial protests the same counterintelligence logic structuring America s devastating wars in Asia Examining U S militarism s centrality to the Cold War cultural imagination Christine Hong assembles a transpacific archive placing war writings visual renderings of the American concentration camp Japanese accounts of the atomic bombing of Hiroshima black radical human rights petitions Korean War era G I photographs Filipino novels on guerrilla resistance and Marshallese critiques of U S human radiation experiments alongside government documents By making visible the way the U S war machine waged informal wars abroad and at home this archive reveals how the so called Pax Americana laid the grounds for solidarity imagining collective futures beyond the stranglehold of U S militarism

**Essential Chomsky** Noam Chomsky, Anthony Arnone, 2010-01-11 In a single volume the seminal writings of the world s leading philosopher linguist and critic published to coincide with his eightieth birthday For the past forty years Noam Chomsky s writings on politics and language have established him as a preeminent public intellectual and as one of the most original and wide ranging political and social critics of our time Among the seminal figures in linguistic theory over the past century since the 1960s Chomsky has also secured a place as perhaps the leading dissident voice in the United States Chomsky s many bestselling works including *Manufacturing Consent* *Hegemony or Survival* *Understanding Power* and *Failed States* have served as essential touchstones for dissidents activists scholars and concerned citizens on subjects ranging from the media to human rights to intellectual freedom In particular Chomsky s scathing critiques of the U S wars in Vietnam Central America and the Middle East have furnished a widely accepted

intellectual inspiration for antiwar movements over nearly four decades The Essential Chomsky assembles the core of his most important writings including excerpts from his most influential texts over the past forty years Here is an unprecedented comprehensive overview of Chomsky's thought

*Why Vietnam* Margaret Colbert Brown, 2025-03-30 Explores the complex reasons behind the USA's involvement in Vietnam analyzing political social and military factors The reasons behind the USA's involvement in Vietnam remain a subject of extensive debate Initially America supported the French until their defeat at Dien Bien Phu which then shifted to backing the South Vietnamese government due to fears of communism spreading throughout Southeast Asia Why Vietnam delves into the myriad reasons for US involvement examining theories that date back to 1918 when Woodrow Wilson ignored Ho Chi Minh's plea for independence at the Treaty of Versailles through to Johnson's full commitment to the undeclared war which restrained the military to a defensive role in protecting South Vietnam instead of an offensive one that would send troops across the DMZ into Laos and Cambodia The questions of why the USA became involved whether their involvement was justified and if the war was ever winnable have been fiercely debated for over 50 years This book seeks to address these whys by providing a thorough examination of all contributing factors from presidential actions to foreign policy and the social and political climates of the war era

Memory in a Global Age A. Assmann, S. Conrad, 2010-07-21 A significant contribution to memory studies and part of an emergent strand of work on global memory This book offers important insights on topics relating to memory globalization international politics international relations Holocaust studies and media and communication studies

**Narrative, Violence, and the Law** Robert M. Cover, 1992 Essential writings of the leading scholar of law and violence

Tours of Vietnam Scott Laderman, 2009-01-16 An argument that tourist literature and U.S. military guides have shaped Americans' understanding of Vietnam and projections of U.S. power since the mid twentieth century

*Shaping US Military Law* Joshua E. Kastenberg, 2016-04-01 Since the United States' entry into World War II the federal judiciary has taken a prominent role in the shaping of the nation's military laws Yet a majority of the academic legal community studying the relationship between the Court and the military establishment argues otherwise providing the basis for a further argument that the legal construct of the military establishment is constitutionally questionable Centering on the Cold War era from 1968 onward this book weaves judicial biography and a historic methodology based on primary source materials into its analysis and reviews several military law judicial decisions ignored by other studies This book is not designed only for legal scholars Its intended audience consists of Cold War military and political historians as well as political scientists and military and national security policy makers Although the book's conclusions are likely to be favored by the military establishment the purpose of this book is to accurately analyze the intersection of the later twentieth century's American military political social and cultural history and the operation of the nation's armed forces from a judicial vantage

*Genocide, Mass Atrocity, and War Crimes in Modern History* James Larry Taulbee, 2017-02-06 Defining genocide as an international crime this two volume set provides a

comparative study of historical cases of genocide and mass atrocity clearly identifying the factors that produced the attitudes and behaviors that led to them discusses the reasons for rules in war and examines how the five principles laid out in the Geneva Conventions and other international agreements have functioned in modern warfare Written by an expert on international politics and law *Genocide Mass Atrocity and War Crimes in Modern History Blood and Conscience* is an easy to understand resource that explains why genocides and other atrocities occur why humanity saw the need to create rules that apply during war and how culture rules about war and the nature of war intersect The first volume addresses the history and development of the normative regime s that define genocide and mass atrocity Through a comparative study of historical cases that pay particular attention to the factors involved in producing the attitudes and behaviors that led to the incidents of mass slaughter and mistreatment the author identifies the reasons that genocides and mass atrocities in the 20th century were largely ignored until the early 1990s and why even starting then responses were inconsistent The second book discusses why rules in war exist which factors may lead to the adoption of rules what defines a war crime and how the five fundamental principles laid out in the Geneva Conventions and other international agreements have actually functioned in modern warfare It also poses and answers the interesting question of why we should obey rules when our opponents do not The final chapter examines what actions could serve to identify future situations in which mass atrocities may occur and identifies the problems of timely humanitarian intervention in international affairs Vietnam George Donelson

Moss,2016-07-01 This book provides a comprehensive narrative history of U S involvement in Southeast Asia from 1942 to 1975 with a concluding section that traces U S Vietnam relations from the end of the war in 1975 to the present Unlike most general histories of U S involvement in Vietnam which are either conventional diplomatic or military histories this volume synthesizes the perspectives to explore both dimensions of the struggle in greater depth elucidating more of the complexities of the U S Vietnam entanglement It explains why Americans tried so hard for so long to stop the spread of Communism into Indochina and why they failed Key topics The Fall of Saigon The End as Prelude Vietnam A Place and A People The Elephant and the Tiger An Experiment in Nation Building Raising the Stakes Going to War The Chain of Thunders The Year of the Monkey A War to End a War The End of the Tunnel Market For anyone curious to know about the long American involvement in Southeast Asia 1942 1975 **Military Justice in Vietnam** William Thomas Allison,2007 A concise look at how military justice during the Vietnam War served the dual purpose of punishing U S soldiers crimes and infractions while also serving the important role of promoting core American values democracy and rule of law to the Vietnamese Who Killed the

Berkeley School? Herman Schwendinger,Julia R. Schwendinger,2014 The Berkeley School of Criminology stands to this day as one of the most significant developments in criminological thought and action Its diverse participants students and faculty were true innovators producing radical social analyses getting to the roots causes of institutions of criminal justice as part of broader relations of inequality injustice exploitation patriarchy and white supremacy within capitalist societies Even more

they situated criminology as an active part of opposition to these social institutions and the relations of harm they uphold. Their criminology was directly engaged in and connected with the struggles of resistance that emerged in the late 1960s and early 1970s. Not surprisingly perhaps they became a target of regressive and reactionary forces that sought to quiet those struggles. Notably the Berkeley School of Criminology was targeted by key players in the US military industrial complex such as Ronald Reagan himself then Governor of California and Regent of UC Berkeley. *Who Killed the Berkeley School* by Julia and Herman Schwendinger, key players in the Berkeley School, is the first full length in depth analysis of the Berkeley School of Criminology, its participants and the attack against it. It tells the story of an important infrastructure of resistance, a resource of struggle and how it was dismantled. It lays bare the role not only of conservatives but of liberal academics and false critical theorists who failed to stand up in defense of the School and its work when called upon. This is a story with profound lessons in the current period of corporatization of campuses, neoliberal education and market driven curricula. It will be of interest to anyone concerned with developing resistance to the corporate campus and seeking critical alternatives. It also stands as a challenge to social science disciplines including criminology to develop a practice that identifies the roots of social injustice and organizes to confront it.

Nuremberg Vietnam An American Tragedy: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Nuremberg Vietnam An American Tragedy : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Nuremberg Vietnam An American Tragedy : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
