Nursing Administration From Concepts To Practice:

Nursing Administration Laura C. Young, Arlene Nash Hayne, 1988 This advanced text and reference for graduate nursing administration courses and practicing administrators balances management concepts with practical examples from the real world Especially interesting chapters include Games and Playing Strategies and Risk Management *Nursing Leadership and Management* Ruth M. Tappen, 2001 This popular book provides a strong foundation in leadership and management for students and nurses practicing in today's changing health care environment The role of the nurse professional as leader and manager in acute care community and long term settings is examined *Nursing Leadership and Management Concepts and Practice* is an easy to read simplistic yet comprehensive book that offers a wealth of knowledge SCI Nursing Volume 18 Number 1 Spring 2001 *Management and Leadership for Nurse Administrators* Linda Roussel, Richard J. Swansburg, Russell C. Swansburg, 2006 Designed for the management and development of professional nurses this text provides management concepts and theories giving professional administrators theoretical and practical knowledge enabling them to maintain morale motivation and productivity Organized around the four management functions of Planning Organizing Leadership and Evaluation it includes new chapters on total quality management the theory of human resource development and collective bargaining Additionally content has been added to include recommendations from the work of the Institute of Medicine and the Magnet Appraisal process ***Management and Leadership for Nurse Administrators*** Linda A. Roussel, James L. Harris, Patricia L. Thomas, 2015-07-29 *Management and Leadership for Nurse Administrators* Seventh Edition provides professional administrators and nursing students with a comprehensive overview of management concepts and theories This text provides a foundation for nurse managers and executives as well as nursing students with a focus on management and administration Important Notice The digital edition of this book is missing some of the images or content found in the physical edition *Nursing Theorists and Their Work - E-Book* Martha Raile Alligood, Sonya R. Hardin, 2025-06-10 Understand the thinking of 39 leading nursing theorists in one comprehensive text *Nursing Theorists and Their Work* Eleventh Edition provides a clear in depth look at nursing theories of historical and international significance Each chapter presents a key nursing theory or philosophy showing how systematic theoretical evidence enhances decision making professionalism and quality of care Lead author Martha Raile Alligood is known nationally and internationally for her expertise in nursing theory A classic in the field of nursing theory this text uses objective critiques case studies and critical thinking activities to bridge the gap between nursing theory and application in the practice of nursing NEW Information on the state of nursing in health care after COVID 19 illustrates how nursing knowledge development continues to evolve with new theories that address current health care needs for quality nursing care Theorist chapters written by scholars specializing in that theorist's work often having worked closely with the theorists provide the most accurate and complete information possible Case studies at the end of each theorist chapter present the theory in a larger perspective

demonstrating how it can be applied in practice Critical thinking activities at the end of each theorist chapter help you to process the theory presented and apply it to personal and hypothetical nursing practice situations Theory specific diagrams help you visualize and better understand inherently abstract concepts and their relationships Major Concepts and Definitions boxes outline a theory's most significant ideas and clarify vocabulary Brief summary sections offer valuable review for tests and validate comprehension Points for Further Study sections direct you to sources of additional information A diagram in each unit illustrates the level of abstraction of the theoretical knowledge presented New information on international theorists will be included New information on the topic of clinical reasoning and judgment and how it relates to the various theories presented will be included The new AACN Essentials will be addressed and included where appropriate throughout the text

The Nurse as Executive Barbara Stevens Barnum, Karlene M. Kerfoot, 1995 This new edition of Aspen's bestselling book *The Nurse as Executive* has been thoroughly revised and updated to reflect the significant changes in nursing management The nurse executive's role as a member of the executive team is examined as well as the nurse executive's role in health care issues such as quality outcomes team building and cost containment Organizing the book around the new resource driven management model rather than the goal driven management model makes this book unique and distinguishes it from other management texts

Leadership and Management Skills for Long-Term Care Deanna Gray-Miceli, 2008-04-18 Designated a Doody's Core Title While the scope of long term care settings has expanded from nursing homes and home care agencies to assisted living facilities and community based health services the training for nurses managers and administrators medical directors and other professionals who work in these facilities is often fragmented This book was developed to fill a widely recognized gap in the management and leadership skills of RNs needed to improve the quality of long term care The book is based around learning modules in leadership and management competencies that were site tested in three types of long term care settings and revised based on the resulting feedback Several of the nurse experts involved in the project contribute to this book The leadership modules cover team building communication power and negotiation change theory and process management direction and design and management that moves from conflict to collaboration Two additional modules cover cultural competence and principles of teaching and learning related to adult education in the long term care environment Together these skills will enhance the nurse's ability to build and interact with the geriatric care team resolve conflict negotiate for solutions develop collaboration and teach and mentor nurses and nursing assistants
