A Contemporary Nursing Process Rozzano C. Locsin, Marguerite Purnell, Marguerite J. Purnell, 2009-04-10 This book speaks against thinking that we can only understand nursing from a traditional logical empirical approach suggesting we need a contemporary process for exploring nursing I can't agree more Journal of Christian Nursing Nurse scholars from across the globe contribute essays to this unique philosophical exploration of today's nursing This book presents an emerging view that requires nursing to look at its work through a broader and less structured lens Challenging the structure of the traditional nursing process the book considers nursing as reflective and thoughtful Doody's A Contemporary Nursing Process re-envisions the practice of nursing by configuring caring in terms of the person the nurse cares for Locsin and Purnell stress the importance of knowing the patient and differentiating the person from the disease This text addresses this highly relevant issue and provides a wealth of insight on how to care for the patient on a personal level while still professionally administering clinical treatment Chapters discuss How to appreciate persons as participants in their care rather than as objects of care The ideal of care versus the practical demands of care Technological advancements shaping human life and nursing The consequences of not knowing the patient on a personal level **The Royal Marsden Manual of Clinical Nursing Procedures, Student Edition** Sara Lister, Justine Hofland, Hayley Grafton, Catherine Wilson, 2021-04-13 The student edition of The Royal Marsden Manual of Clinical Nursing Procedures has been the definitive market leading textbook of clinical nursing skills for fifteen years This internationally best selling title sets the gold standard for nursing care providing the procedures rationale and guidance required by pre-registration students to deliver clinically effective patient focused care with expertise and confidence With over two hundred detailed procedures which reflect the skills required to meet The Standards of Proficiency for Registered Nurses NMC 2019 this comprehensive manual presents the evidence and underlying theory alongside full colour illustrations and a range of learning activities designed to support student nurses in clinical practice Loved and trusted by millions The Royal Marsden Manual of Clinical Nursing Procedures Student Edition continues to be a truly indispensable textbook for students and includes coverage of patient assessment and discharge planning communication infection prevention and control perioperative care wound management nutrition diagnostic testing medicines management and much more Learning features in this revised tenth edition include Learning outcomes summarise the focus of the information in each chapter Learning in practice asks you to consider issues within your practice environment Case studies provide learning around a particular patient scenario Clinical applications ask you to consider how you would apply your knowledge to a clinical situation Stretch activities challenge you with more nuanced advanced issues to reflect upon Many of the features in the book are relevant to trainee nursing associates especially when used in conjunction with supervision from academic and clinical teachers A companion website to this title is available at www.royalmarsdenmanual.com/student10e Fundamentals of Nursing E-Book Barbara L

Yoost, Lynne R Crawford, 2019-01-23 Yoost and Crawford's Fundamentals of Nursing is back for a second edition encore. The text that made its name by focusing on simple language and active learning continues its focus on helping you truly understand, apply, and retain important nursing information and concepts. Using a warm and conversational style, this new second edition guides you towards a basic understanding of the nursing profession and then logically progresses through the nursing process and into the safe and systematic methods of applying care. Each chapter features realistic and complex case studies and critical thinking exercises woven throughout the content to help you continually apply what you've learned to actual patient care. A conceptual care mapping approach created by Yoost and Crawford themselves further your ability to make clinical judgments and synthesize knowledge as you develop plans of care after analyzing and clustering related patient assessment data. All of this paired with a wealth of student-friendly learning features and clinically focused content offers up a fundamentally different and effective way for you to easily master the fundamentals of nursing.

UNIQUE Warm friendly writing style slows down the pace of information to give readers time to critically think and master all fundamental concepts and skills.

UNIQUE Building block approach groups topics and concepts together thematically in the order needed for readers to build their knowledge.

UNIQUE Objective driven approach presents clearly defined numbered objectives that coordinate with all content and then wrap up with Objective Summaries.

UNIQUE Active learning activities are incorporated throughout every chapter to help readers learn to apply chapter content to broader nursing concepts and realistic patient scenarios.

UNIQUE Conceptual care mapping is taught and used throughout the text in conjunction with the Conceptual Care Map Creator.

UNIQUE Emphasis on QSEN reinforces the Quality and Safety Education for Nurses competencies including patient centered care, teamwork and collaboration, evidence based practice, quality improvement, safety, and informatics.

Special feature boxes cover the areas of diversity consideration, evidence based practice, informatics, patient education, healthy literacy, health assessment questions, interprofessional collaboration and delegation, ethical and legal practice, home care considerations, safe practice alerts, QSEN critical thinking exercises, and nursing care guidelines.

NEW Interprofessional collaboration and delegation content appears throughout the text along with new IPE activities that are integrated into the Evolve resources.

NEW UNIQUE Review and exam questions tied to learning objectives use a building block style approach that starts at lower Bloom's taxonomy levels in early chapters and builds to more complex levels as readers acquire more knowledge.

NEW Emphasis on assignment and delegation covers the differences between them and how and when they're appropriate for an RN.

NEW Content on complementary therapies has been integrated throughout the text to reflect the changes to the NCLEX exam.

NEW Additional information has been added in the areas of HCAHPS, Health Literacy, Patient Education, Drugs of Abuse, Zika, Ebola, and more.
