Nuthin Much The Life Of An Applachian Family:

D.D. Dougherty, Lillie Dougherty and the Early Years of Appalachian State Doris Perry Stam, 2024-10-02 The 125 year history of Appalachian State University rests on the ambitious yet selfless dream of empowering impoverished mountain families through education Dauphin Disco Dougherty his wife Lillie Shull Dougherty and his bachelor brother Blanford Barnard Dougherty founded a small semi private high school in 1899 at great personal cost and would only be able to sustain its growth to a state teacher s college through their fortitude of character and commitment Drawing extensively on primary sources some of which have appeared in no previous book this history presents the first 30 years of the university s life and background With over 100 historic images and dozens of first hand accounts and interviews the text uncovers forgotten foundations and fascinating personal details of the school s founders bringing the first 30 years of App State to life

Disappearing Appalachia in Tennessee: A Picture of a Vanished Land and Its People Harry Moore & Fred Brown, 2021 Stepping through time to past and present communities settled in deep hollows and surrounded by ridges and mountains in Tennessee s Appalachia is to confront a different and disappearing realm Travel along Hogskin and Richland Valleys Visit Frenches Mill and Dulaney General Store while passing cantilever barns one room school buildings and steeped churches Listen as octogenarians Robert Charles Glenn and others explain life without electricity Former Cades Cove residents Lois and Inez tell stories of living in the Great Smoky Mountains National Park before it was a national park Authors Fred Brown retired journalist and Harry Moore retired geologist explore Tennessee s Appalachian region recalling its culture land and people before it vanishes into the abyss of time **Redbuds Are Not Red** Carol Ison, 2021-11-07 The redbud tree that is so prominent in the landscape of eastern Kentucky during the early spring when they are profusely blooming is something that draws people back to the mountains I want to come back when the redbuds are blooming is a common refrain from many folks who want to come back home or a stranger who wants to just come and experience the beauty of the mountains Yet the redbuds are not red they are a deep pink and neither are all of the natives of the Appalachian Mountains and the hills of eastern Kentucky lazy illiterate apathetic drug addicts and generally low class citizens But still this region is identified as being a society made up of these individuals Redbuds Are Not Red is written to illustrate that just as the tree is known for its red name there is a misconception about it The same is true of the people who are perceived in a negative sense and this story attempts to describe a region that has good people respectable and honest people who need to be seen through a different perspective It is written to illustrate that despite the poverty deprivation and lack of many needed resources there is a way of life here that is good decent and deserving of the same respect and acknowledgment as any other segment of this great nation People can come out of these hardships and rise to positions of productivity respectability and prominence

Small Magics H. Byron Ballard, 2023-09-08 Your hands on back to basics guide to building a magical practice Common sense folk wisdom remedies and practices and a welcome perspective that the magical world all around is not only accessible to us it is part of us Miles Batty author of *Teaching Witchcraft* As if you re having face to face lessons on her porch H Byron Ballard introduces you to the ways of magic answering vital questions about what it is why it matters and how to do it She teaches the mechanics and foundational skills of practice offering no nonsense techniques that practitioners of any skill level or tradition can use Drawing from her many years as a practicing witch Ballard demonstrates how to engage daily with the energy around you She encourages you to experience magic with fresh eyes whether you re a beginner or need to regain a beginner s mind This book provides grounding exercises shielding methods

healing magic insight on witchcraft tools and more Ballard offers everything you need to live a full enchanted life in our deliciously magical world A down to earth easy to read instruction manual filled with practical magical solutions all of which can be performed with items you already have on hand Dorothy Morrison author of Everyday Magic **The Best 371 Colleges** Princeton Review (Firm),2009-07-28 Selects 371 of the best schools based on student feedback and provides information on tuition financial aid housing admission requirements and other statistics *Appalachia's Children* David H. Loeff,2021-12-14 This thoughtful compassionate book makes a major contribution to our understanding of the Southern Appalachian child his mental disorders and his adaptive strengths Drawing upon his extensive fieldwork as a clinical child psychiatrist in Eastern Kentucky Dr Loeff suggests means by which these children can be helped to bridge the gap between their subculture and the mainstream of American life today The children described in this book the author points out are in a real sense not all children Since no child grows up in a vacuum the children of Eastern Kentucky cannot be understood apart from the historical geographic and socioeconomic characteristics of the area in which they grow Knowledge of the children requires some knowledge of the lives of parent teachers and the many others upon whom they are dependent That is to say mental disorder or mental health is embedded in a social matrix Dr Loeff therefore examines the milieu of these Southern Appalachian children their future as adults and how they can achieve their potential whether in their native or an urban setting In viewing the children within their own cultural framework Dr Loeff shows how they develop toward mental health or psychopathology suggesting supportive techniques that build upon the strengths inherent in each child These strengths he suggests rise out of the same culture that burdens the child with handicaps Dr Loeff s position is one of guarded optimism based on the successes of the techniques he has used and observed in seven years of work in Appalachian field clinics Although he details instances of mental disorder in children and instances of failure in family functioning he notes at the same time family strengths and sees these strengths as sources of hope Although this book is based on fieldwork techniques within a specific area and culture it is paradigmatically suggestive of wider application Dr Loeff demonstrates effectively and clearly the profound need for increased concern about what is happening to the rising generation the children of Eastern Kentucky the children of the Southern Appalachian region and the children of the rural south I Want to Go to Heaven... But Not Yet Joe Wise,2011-01-17 **Listen Here** Sandra L. Ballard,Patricia L. Hudson,2003-01-01 Brief biographies and primary secondary source bibliographies are presented for each author Authors of note are Harriette Simpson Arnow Annie Dillard Wilma Dykeman Denise Giardina Barbara Kingsolver and George Ella Lyon **Research Reports** United States. Commission on Population Growth and the American Future,1972 Aspects of Population Growth Policy United States. Commission on Population Growth and the American Future,1972 Education In Rural America Jonathan P. Sher,2019-04-10 Indifference has not always characterized American attitudes toward rural children nor has neglect always been the cornerstone of state and federal policy toward rural education Indeed for nearly a century there was an avid and

influential though ultimately ineffective rural school reform movement in the United States But in recent years rural education has become a skeleton in the closet of the education profession More than 14 million children attend rural schools that receive only minuscule amounts of the nation s financial resources and professional attention The authors of this book carefully analyze the beliefs assumptions policies and practices that have shaped and continue to shape education in rural America concluding that conventional wisdom in rural education has proved to be considerably more conventional than wise They offer pragmatic suggestions for changes in rural schools in educational policy and in programs designed for rural communities As Robert Coles tells us in his Foreword to the book they give us clear strong uncluttered prose a good sign that they are able to offer sensible honest unpretentious suggestions and useful ideas They give us a social history that enables perspective and they give us practical well argued suggestions for a public policy both humane and capable of realization for our rural areas
