Psychic Awakening The Power Within You:

Psychic Carole Kennedy,1988 A manual designed to develop the reader s psychic powers begins with an evaluation of the skills already possessed and a guide to methods available to increase these innate hidden powers Spiritual Awakening Oziris M. Stoltz,2012-03-22 The wisdom that the 2012 code can inspire in us is to look directly at our lives right here and now What are our spiritual guiding principles How can we live in greater harmony with all our personal relations How can we embody genuine compassion How can we become increasingly aware and self reflective How can we deepen our humility How can we share our talents and gifts as a way to influence our culture and help manifest the new paradigm How can we be of service to life and positively contribute to the whole How can we cultivate a balance of being and doing receptivity and action On this diverse planet we all have different strengths different abilities different callings Rather than looking to the world to show us our path we need to look deep within our spiritual being and listen to our inner sense of how to navigate these times of the great unknown It is essential we learn to hear the voice of our inner wisdom our spiritual self No one can give us wisdom it is within all of us born of our own direct experience We each have our own direct connection to our spirit and we must keep learning how to hear our divine intuitive directives whispering within Th is ability to hear the voice of our inner guidance is the most practical skill we can cultivate in these times It is what will inform us to how to synchronize in the right place at the right time **The Power Within You** Rittik Chandra,2013-11-26 There is a power lying hidden in man by the use of which he can rise to higher and better things There is in man a greater Self that transcends the finite self of the sense man even as the mountain towers above the plain This book will help men and women to bring their inward powers of mind and spirit into expression wisely and in harmony with universal law to build up character and to find within themselves that wondrous Self which is their real self and which when found reveals to them that they are literally and truly sons of God and daughters of the Most High There is no way whereby the discipline of life can be avoided There is no means by which fate can be tricked nor cunning device by which the great cosmic plan can be evaded Each life must meet its own troubles and difficulties each soul must pass through its deep waters every heart must encounter sorrow and grief But none need be overwhelmed in the great conflicts of life for one who has learned the great secret of his identity with the Universal life and Power dwells in an impregnable city built upon and into the Rock of Truth against which the storms of life beat in vain While this book does not offer any vain promises of an easy life for if this were possible it would be the greatest of all disasters but rather endeavours to show how to become so strong that life looks almost easy by comparison the life or fate does not change or become easier but the individual alters and becomes stronger yet it does show the reader how to avoid making his life more difficult than it need be Most people s lives would be less filled with trouble and suffering if they took life in the right spirit and acted in harmony with Universal Law It is hoped that this book may help many to come into harmony with life s law and purpose and thus avoid much needless suffering to find the Greater Self within which discovery brings with it a

realization of absolute security to bring into expression and wisely use their inner spiritual and mental forces and thus enter a life of overcoming and almost boundless power
