Refiguring The Hero:

Refiguring the Hero Dian Fox, 2010-11-01 Refiguring Tragedy Ioanna Karamanou, 2019-05-20 This book brings together case studies delving into different unstudied aspects of the Nachleben of selected lost tragedies either in their once extant form or in their fragmentary state in later periods of time It seeks to explore the ways in which the plays in question were reworked discussed represented or reperformed within varying frameworks Notably enough research on the reception of tragic fragments could yield insight not only into the receiving work but also into the facets of the source text that have attracted attention in its subsequent refigurations It could thus shed light on the ideological and cultural routes through which these fragmentary tragedies were received by the poet the scholar the artist the viewer the reader and the spectator in each case The complex process of the refiguration of a fragmentarily preserved play within different contexts could form a yardstick of its cultural power and elucidate the dynamics of fragmentation in modern times the volume is of particular interest to scholars in the fields of classics reception cultural and performance studies as well as to readers fascinated by Greek tragedy and its vibrant afterlife *A New Anthology of Early Modern Spanish Theater* Bárbara Mujica, 2015-01-13 This anthology of plays from the Spanish Golden Age brings together the work of canonical writers female writers who are rapidly achieving canonical status and lesser known writers who have recently gained critical attention It contains the full text of fifteen plays an introduction to each play with information about the author the work performance issues and current criticism and glosses with definitions of difficult words and concepts The extensive bibliography provides opportunities for further research **Film and the Classical Epic Tradition** Joanna Paul, 2013-02-28 Paul explores the relationship between films set in the ancient world and the classical epic tradition arguing that there is a connection between the genres Through this careful consideration of how epic manifests itself through different periods and cultures we learn how cinema makes a claim to be a modern vehicle for a very ancient tradition **Masculinity in the Reformation Era** Scott E.
