Revolt In Bussa A Study Of British Native Administration In Nigerian Borgu 1902 1935:

Revolt in Bussa Michael Crowder,1973 **Colonial West Africa** Michael Crowder,2013-01-11 Originally published in 1978 this volume provides a selection of Michael Crowder s wrtings on the impact of colonial rule in West Africa and African reaction to it from the conquest to independence Key themes include the impact of European culture on African culture the resistance of Africans to European conquest African reaction to colonial rule the differences between French and British administrative social and economic politices and the consequences of these differences for those subjected to them the extent to which Africans accepted the new socio political strucrrues imposed on them and the point at which they began to take control over them and finally the importance or otherwise of the colonial period in African history as a whole

Understanding the British Empire Ronald Hyam,2010-05-20 A study of key themes in the history of the British Empire by one of the senior figures in the field *Africa Under Colonial Domination 1880-1935* Unesco. International Scientific Committee for the Drafting of a General History of Africa,1985 Africa was partitioned and colonized by the Europeans After military conquest came the commercial exploitation of the wealth of Africa The intensity of resistance to colonization varied from one region to another but a new economic and social system linked with colonization was put in place bringing about unprecedented demographic and political change Publisher s description *British Imperialism* P.J. Cain,A. G. Hopkins,2014-01-14 A milestone in the understanding of British history and imperialism and truly global in its reach this magisterial account received numerous accolades from reviewers in its first edition The first to coin the phrase gentlemanly capitalism Cain and Hopkins make the strong and provocative argument that it is impossible to understand the nature and evolution of British imperialism without taking account of the peculiarities of her economic development In particular the growth of the financial sector and above all the City of London played a crucial role in shaping the course of British history and Britain s relations overseas Now with a substantive new introduction and a conclusion the scope of the original account has been widened to include an innovative discussion of globalization **Africa, Asia, and South America Since 1800** A. J. H. Latham,1995 A reference for graduate and undergraduate students presenting the bibliographic details and sometimes describing and evaluating the content of over 5 000 books in English most published since 1945 and many quite recently but also some earlier works of enduring importance A section of works on all three continents is followed by sections on each which first consider the continent as a whole then each country usually by chronological periods and topics such as economics politics and society Indexed only by author and editor but the table of contents is detailed enough to provide adequate access Distributed in the US by St Martin s Press Annotation copyright Book News Inc Portland Or **Politics and Society in Nigeria's Middlebelt** Julius Adekunle,2004 The European partition of Africa at the end of the nineteenth century produced enduring geo political changes with various ethnic groups permanently separated into different political formations Borgu was just one of the affected areas dived by the French and British in 1894 and 1898 Now independent after

years of British rule the Nigerian Borgu is here examined in thorough detail from earliest times to now The book focuses on the new emergence of a political identity in the Borgu as well as its dynasties economic growth and relations with the Yoruba

Hugh Clapperton into the Interior of Africa Jamie Lockhart, Paul Lovejoy, 2005-03-01 This definitive edition of Clapperton's second journey is a compilation of the various diaries, remark books, letters, maps and other documents that survived Clapperton's death in 1827. Hitherto it has been necessary to rely on the original published version *Journal of a Second Expedition into the Interior of Africa* edited by John Barrow of the Admiralty and published by John Murray in 1829. The present volume differs from the 1829 edition by including material that was previously omitted and offering detailed annotation and commentary. The account reproduced in the new edition adheres as closely as possible to the original sources. A comprehensive introduction provides information on Clapperton's life, an account of previous European missions into the interior of West Africa, an assessment of Clapperton's contribution to geographical discovery, details on Clapperton's methods of journal keeping and a discussion of the publication history of the 1829 edition. The introduction offers a commentary on the principal themes on which Clapperton's records shed original light: the coastal slave trade, abolitionist issues in the Sokoto Caliphate, the history of the states of Oyo, Nupe and Sokoto, and information on travel and trade in the interior of West Africa. The text itself is annotated with observations on differences between the original sources and the published version of 1829. The volume includes six appendices of official documents relating to the expedition, its preparation and progress. These include the correspondence of various members of the expedition, letters in Arabic with a commentary, annotated itineraries of travel and a note on contemporary medicines. Also included is a collection of maps from Clapperton's earlier mission in 1824-26, the first known route maps of the central Sudan, now in the collection of the Royal Geographical Society, London. The book is illustrated with previously unpublished sketches and maps from Clapperton's remark books and a dozen sketches drawn by one of the co-editors when tracing Clapperton's footsteps across Nigeria from Badagry to Sokoto in the early 1990s. There is an extensive bibliography. This comprehensive edition of Clapperton's last journey will appeal equally to scholars of pre-colonial Africa, specialists in Yoruba studies and students of European travel and exploration. **The Oxford Handbook of Nigerian History**

Toyin Falola, Matthew M. Heaton, 2022 Thirty-six chapters covering the history of Nigeria from prehistoric times to the twenty-first century. Accessible overviews of both the political narrative as well as the deeper histories of social organization, identity formation and inter-group relationships, cutting-edge analysis of key themes from highly respected scholars in a single forward-facing volume. Book jacket **A History of Borno** Vincent

Hiribarren, 2017-02-17 Borno in northeast Nigeria is notorious today as the home of an Islamist terrorist group, Boko Haram, whose insurgency is a major security threat, but it was once the heartland of the Kanuri-speaking royal empire of Kanem. Borno, renowned throughout Africa and beyond, which in its later incarnation the Bornu Empire lasted from 1380 to 1893. This book offers the reader the first modern history of Borno, drawing upon sources in London, Berlin, Paris, Kaduna and Maiduguri.

and recently released migrated archives As its longevity suggests what is particularly remarkable about Borno is the permanence of its boundaries its territorial integrity which dates back centuries and the political and social identities that such borders framed in the minds of its inhabitants

The First World War Hew Strachan,2003-02-06 This is the first truly definitive history of the First World War the war that has done most to shape the twentieth century The first generation of its historians had access to only a limited range of sources and their focus was primarily on military events More recent approaches have embraced cultural diplomatic economic and social history In Hew Strachan s authoritative and readable history these fresh perspectives are incorporated with the military and strategic narrative The result is an account that breaks the bounds of national preoccupations to become both global and comparative To Arms the first of three volumes in this magisterial study examines not only the causes of the war and its opening clashes on land and sea but also the ideas that underpinned it and the motivations of the people who supported it It provides full and pioneering accounts of the war s finances of the war in Africa and of the Central Powers bid to widen the war outside Europe

The First World War in Africa Hew Strachan,2004-10-14 To Arms is Hew Strachan s most complete and definitive study of the opening of the First World War Now key sections from this magisterial work are published as individual paperbacks each complete in itself and with a new introduction by the author The First World War was not just fought in the trenches of the western front It embraced all of Africa Many of those who fought this white man s war were black The dangers they confronted went beyond those of the battlefield They fell prey to malaria and dysentery and they were attacked by lions and crocodiles But it was a vast and spectacular theatre of operations in which great personalities thrusting German officers like Paul von Lettow Vorbeck or big game hunters like Peter Pretorius could impose themselves Embracing the perspectives of all the nations who fought there this is the first ever full account of the Great War in Africa

The Cambridge History of Africa J. D. Fage,Roland Anthony Oliver,1975 The period covered in this volume begins with the emergence of anti slave trade attitudes in Europe and ends on the eve of European colonial conquest

ANCIENT EGYPT IN AFRICA David O'Connor,Andrew Reid,2003 This book considers the evidence for actual contacts between Egypt and other early African cultures and how influential or not Egypt was on them

The Mahdi and Africa John D Grainger,2025-11-30 The story of the Mahdi of Sudan is generally related from the British point of view though it was more an African event The Mahdi s uprising was the latest in a series of Islamic rebellions and wars which began in the eighteenth century It also had a profound effect on the rest of North and East Africa destroying the Egyptian Empire provoking Ethiopia into a new unification which allowed it to successfully resist the Mahdists the Egyptians and the Italians it brought British forces forward from the East African coast as far as Uganda for fear that some European power would seize the sources of the Nile and block the river s flow Eventually but only after several humiliating defeats the Mahdist state was overthrown by a British invasion led by Kitchener and participated in by Churchill this also produced a difficult confrontation at Fashoda between the British conquerors and a

French expedition sparking a European crisis The author sets the Mahdist war in the wider context of Africa and Islam and in the context of the development of African states but also with a glance forward to the present day where the most important development in Africa is the extensive Islamic uprising which is replicating that of the nineteenth century Ancient Egypt in Africa David B. O'Connor, Andrew Reid, 2003 The discipline of Egyptology has been criticised for being too insular with little awareness of the development of archaeologies elsewhere It has remained theoretically underdeveloped For example the role of Ancient Egypt within Africa has rarely been considered jointly by Egyptologists and Africanists Egypt's own view of itself has been neglected views of it in the ancient past in more recent times and today have remained underexposed Encounters with Ancient Egypt is a series of eight books which addresses these issues The books interrelate inform and illuminate one another and will appeal to a wide market including academics students and the general public interested in Archaeology Egyptology Anthropology Architecture Design and History Geographically Egypt is clearly on the African continent yet Ancient Egypt is routinely regarded as a non African cultural form The significance of Ancient Egypt for the rest of Africa is a hotly debated issue with complex ramifications This book considers how Ancient Egypt was dislocated from Africa drawing on a wide range of sources It examines key issues such as the evidence for actual contacts between Egypt and other early African cultures and how influential or not Egypt was on them Some scholars argue that to its north Egypt's influence on Mediterranean civilization was downplayed by western scholarship Further afield on the African continent perceptions of Ancient Egypt were coloured by biblical sources emphasizing the persecution of the Israelites An extensive selection of fresh insights are provided several focusing on cultural interactions between Egypt and Nubia from 1000 BCE to 500 CE developing a nuanced picture of these interactions and describing the limitations of an Egyptological approach to them **Journal of the Historical Society of Nigeria**, 1977-06 **General History of Africa** International Scientific Committee for the drafting of a General History of Africa, 1985-12-31 One of UNESCO's most important publishing projects in the last thirty years the General History of Africa marks a major breakthrough in the recognition of Africa's cultural heritage Offering an internal perspective of Africa the eight volume work provides a comprehensive approach to the history of ideas civilizations societies and institutions of African history The volumes also discuss historical relationships among Africans as well as multilateral interactions with other cultures and continents **The Power of Oral History** Philippe Denis, James Worthington, 2002 West Africa, 1973
