No Destiny, There Is No Santa Claus Larry Douglas Mattox, 2017-08-03 This delightful Christmas story is in the ilk of *It's a Wonderful Life* Taking place over the weekend following Thanksgiving it involves a young family in Ohio Enjoy the twist and turns as they endure a blizzard secrets church duties a special dinner a terminal illness irate parents cultural acceptance and religious inclusion But the main theme is a special relationship between a father and his daughter For Destiny everything in life is new And she can't sit still for not understanding all that come into her young life She has a mine like a sponge which amazes her father This is about the true meaning and purpose of Christmas and why it is celebrated by a third of the world's population including other cultures which

celebrate some form of Christmas and still other societies that have celebrations at this same time The story reveals half the world observes a religious event honoring God in some form at this time of the year Rather than teaching children about Santa bringing gifts to every child they should be telling them the truth which is we give gifts to our children in celebration of what God has giving to us The Greatest Gift ever given Through our hard work we are able to purchase the gifts we give at Christmas Why tell such a big lie to children and give the credit to this imaginary figure Weve earned that credit This story ends with a lesson for the entire world Christmas is one of the greatest tools we have to bring the world together if we include all peoples everywhere

Jerman,2020-05-01 This is a comprehensive history of the world s midwinter gift givers showcasing the extreme diversity in their depictions as well as the many traits and functions these characters share It tracks the evolution of these figures from the tribal priests who presided over winter solstice celebrations thousands of years before the birth of Christ to Christian notables like St Martin and St Nicholas to a variety of secular figures who emerged throughout Europe following the Protestant Reformation Finally it explains how the popularity of a poem about a miniature sleigh and eight tiny reindeer helped consolidate the diverse European gift givers into an enduring tradition in which American children awake early on Christmas morning to see what Santa brought Although the names appearance attire and gift giving practices of the world s winter solstice gift givers differ greatly they are all recognizable as Santa the personification of the Christmas and Midwinter festivals Despite efforts to eliminate him by groups as diverse as the Puritans of seventeenth century New England the Communist Party of the twentieth century Soviet Union and the government of Nazi Germany Santa has survived and prospered becoming one of the best known and most beloved figures in the world

Forty Acres and a Mule E. F. Fonkeng,2013 These traveler s impressions across cultural and psychological spaces portray the two sides of this coin called

life oftentimes belligerent toward each other In casting light on that dream of total freedom and the daunting contradictions inherent in its being and attainment they represent a dialectic in our seemingly unending journey toward the shadow of the good life as we ceaselessly jettison virtue against vice At a level they confront a certain tyranny of thought in more ways than one challenging us to go beyond the comfort of our ideas and our upbringing and to dare to look at the world in ways hitherto only dreamed of Another way this challenge is portrayed is in regard to language and the canons of poetry Because literary writing in this so called global society may rightfully be considered as war by other means the reader will quickly observe the literally take no prisoner approach embedded in many of the pieces the generalized despondency on the ground and the unprecedented cacophony of voices in the global village calling for nothing less The general conclusion of these poems would be the deferment promise of living even as they constitute a heightened harkening for us to live beyond existence

always happening at Santa's home from naming day parties experimental toys or playful and mischievous reindeer something is always happening Whether it's little Oscar sneaking down to Santa's fridge for an extra bowl of his magical ice cream which is sprinkled with fairy dust and seems to glow and say to Oscar eat me eat me now Then there are the tricks Rudolf gets up to so he can get a few extra carrots Brussels sprouts and cabbage completely forgetting about the side effects of exceptionally smelly botty burps that lots of Brussels sprouts and cabbage give the reindeer Then there are the mishaps in Santa's toy workshop such as when a young apprentice elf decides to put some of Santa's magic flying dust for his sleigh on a toy airplane she has made The airplane goes on a flight around Santa's workshop stables and home causing all sorts of trouble particularly in Santa's kitchen where cook is in the middle of making one of Santa's favourite ice creams raspberry ripple where the raspberries seem to swim the ripple saying catch me if you can And what about the efforts that the young elves get up to in finding out if they are in Santa's good or naughty book And then there's the book containing all the good children's names along with the presents they have waiting for them at Christmas Soldiers ,1980
