Recent scholarship on institutional entrepreneurship highlights the kinship between for profit entrepreneurship and the equally transformative innovation and initiative of entrepreneurs in the non profit community and policy activist fields This expanded exploration of entrepreneurial potential has become important in the creative destruction or more accurately creative reclamation of abandoned or under used industrial relics and urban space This book explores case studies in New York Chicago and Philadelphia where community groups have deployed or are attempting to deploy symbolism and narrative to re purpose abandoned urban infrastructure into urban public spaces The author combines interviews document analysis site visits and census tract data to determine how Friends of the Park organizations successfully navigate institutional settings to create public spaces and manage the discourse around these proposed spaces In depth descriptions are an essential component of the process If a

certain kind of unsuccessful discourse theme or successful one exhibits itself in a large portion of the potential population it will likely show in this small sample if the discourse exhibits itself in a very small portion it very unlikely that it will show Small samples in other words are a wide mesh net convenient for catching the big themes Exhibition Brochure Pennsylvania Academy of the Fine Arts.
