Ciuba,2010-09-01 In Walker Percy Books of Revelations Gary M Ciuba examines how

Percy s apocalyptic vision inspires the structure themes and strategies of his fiction This book explores the unity of the southern novelist s fiction by focusing on its religious and artistic design one of the first studies to approach Percy s work from this perspective Ciuba considers Percy s six published novels *The Moviegoer* *The Last Gentleman* *Love in the Ruins* *Lancelot* *The Second Coming* and *The Thanatos Syndrome* and also offers the first extended critical analysis of his unpublished work *The Gramercy Winner* Although the novels are often seen as increasingly satiric jeremiads about the possible doom of America Ciuba argues that Percy s fiction is principally shaped by a demythologized and partially realized form of eschatology This apocalyptic vision has less to do with the end of the external world than with the demise of the protagonists internal worldviews According to Ciuba Percy does more than offer direly comic warnings about the end of the world he shows how the world actually ends and then may begin again in the everyday lives and extraordinary loves of his astonished seers **Tuberculosis and Nontuberculous Mycobacterial Infections** David L. Arequipa Sanatorium Lynn Downey,2019-09-12 As San Francisco recovered from the devastating earthquake and fire of 1906 dust and ash filled the city s stuffy factories stores and classrooms Dr Philip King Brown noticed rising tuberculosis rates among the women who worked there and he knew there were few places where they could get affordable treatment In 1911 with the help of wealthy society women and his wife Helen a protégé of philanthropist Phoebe Apperson Hearst Brown opened the Arequipa Sanatorium in Marin County Together

Brown and his all female staff gave new life to hundreds of working class women suffering from tuberculosis in early twentieth century California Until streptomycin was discovered in the 1940s tubercular patients had few treatment options other than to take a rest cure at a sanatorium and endure its painful medical interventions For the working class and minorities especially women the options were even fewer Unlike most other medical facilities of the time Arequipa treated primarily working class women and provided the same treatment to all including Asian American and African American women despite the virulent racism of the time Author Lynn Downey s own grandmother was given a terminal tuberculosis diagnosis in 1927 but after treatment at Arequipa she lived to be 102 years old Arequipa gave female doctors a place to practice female nurses and social workers a place to train and white society women a noble philanthropic mission Although Arequipa was founded by a male doctor and later administered by his son the sanatorium s mission was truly about the women who worked and recovered there and it was they who kept it going Based on sanatorium records Downey herself helped to preserve and interviews she conducted with former patients and others associated with Arequipa Downey tells a vivid story of the sanatorium and its cure that Brown and his talented team of Progressive women made available and possible for hundreds of working class patients
