Civil Wars and Reconstructions in the Americas Evan C. Rothera, 2022-09-21 Winner of the Phi Alpha Theta Best First Book Award Winner of the Southern Indiana Civil War Roundtable Wabash Literary Prize In the latter half of the nineteenth century three violent national conflicts rocked the Americas the Wars of Unification in Argentina the War of the Reform and French Intervention in Mexico and the Civil War in the United States The recovery efforts that followed reshaped the Western Hemisphere In *Civil Wars and Reconstructions in the Americas* Evan C Rothera uses both transnational and comparative methodologies to highlight similarities and

differences among the wars and reconstructions in the US Mexico and Argentina In doing so he uncovers a new history that stresses the degree to which cooperation and collaboration rather than antagonism and discord characterized the relationships among the three countries This study serves as a unique assessment of a crucial period in the history of the Americas and speaks to the perpetual battle between visions of international partnership and isolation **National Symbols, Fractured Identities** Michael E. Geisler,2005 A fascinating look at national symbols worldwide and the important role they play in creating and maintaining individual and collective identity **American Education** ,1965 Argentina's Economic Reforms of the 1990s in Contemporary and Historical Perspective Domingo Cavallo,Sonia Cavallo Runde,2017-02-03 Why has Argentina suffered so much political and economic instability How could Argentina once one of the wealthiest countries in the world failed to meet its potential over decades What lessons can we take from Argentina s successes and failures Argentina s economy is irresistibly fascinating Argentina s economic history its crises and its triumphs cannot be explained in purely economic terms Argentina s economic history can only be explained in the context of conflicts of interest of politics war and peace boom and bust Argentina s economic history is also intertwined with ideological struggles over the ideal society and the on going struggle of ideas The book comprises two distinct components an economic history of Argentina from the Spanish colonial period to 1990 followed by a narrative by Domingo Cavallo on the last 25 years of reform and counter reform Domingo Cavallo has been at the centre of Argentina s economic and political debates for 40 years He was one of the longest serving cabinet members since the return of democracy in 1983 He is uniquely qualified to help the reader make the connection between historical and current events through all these prisms His daughter Sonia Cavallo Runde is an economist specialized on public policy that currently teaches the politics of development policy The two Cavallos offer academics and students of economics and finance a long form case study This book also seeks to offer researchers and policymakers around the world with relevant lessons and insights to similar problems from the Argentine experience Lines of Geography in Latin American Narrative Aarti Smith Madan,2017-08-17 This book looks to the writings of prolific statesmen like D F Sarmiento Estanislao Zeballos and Euclides da Cunha to unearth the literary and political roots of the discipline of geography in nineteenth century Latin America Tracing the simultaneous rise of text writing map making and institution building it offers new insight into how nations consolidated their territories Beginning with the titanic figures of Strabo and Humboldt it rereads foundational works like Facundo and Os sert es as examples of a recognizably geographical discourse The book digs into lesser studied bulletins correspondence and essays to tell the story of how three statesmen became literary stars while spearheading Latin America s first geographic institutes which sought to delineate the newly independent states Through a fresh pairing of literary analysis and institutional history it reveals that words and maps literature and geography marched in lockstep to shape national territories identities and narratives **Education for Victory** ,1944 **The Michigan Alumnus** ,1968 In volumes1 8 the final number consists of the
