## **Sartre Foucault And Historical Reason:**

*Sartre, Foucault, and Historical Reason, Volume Two* Thomas R. Flynn, 2010-01-15 Sartre and Foucault were two of the most prominent and at times mutually antagonistic philosophical figures of the twentieth century And nowhere are the antithetical natures of their existentialist and poststructuralist philosophies more apparent than in their disparate approaches to historical understanding In Volume One of this authoritative two volume study Thomas R Flynn conducted a pivotal and comprehensive reconstruction of Sartrean historical theory This long awaited second volume offers a comprehensive and critical reading of the Foucauldian counterpoint A history theorized Foucault should be a kind of map a comprehensive charting of structural transformations and displacements over time Contrary to other Foucault scholars Flynn proposes an axial rather than a developmental reading of Foucault s work This allows aspects of Foucault s famous triad of knowledge power and the subject to emerge in each of his major works Flynn maps existentialist categories across Foucault s quadrilateral the model that Foucault proposes as defining modernist conceptions of knowledge At stake is the degree to which Sartre s thought is fully captured by this mapping whether he was as Foucault claimed a man of the nineteenth century trying to think in the twentieth

*Sartre, Foucault, and Historical Reason* Thomas R. Flynn, 1997 [Sartre, Foucault, and Historical Reason, Volume One](#) Thomas R. Flynn, 1997-09-02 Sartre and Foucault were two of the most prominent and at times mutually antagonistic philosophical figures of the twentieth century And nowhere are the antithetical natures of their existentialist and poststructuralist philosophies more apparent than in their disparate approaches to historical understanding A history thought Foucault should be a kind of map a comparative charting of structural transformations and displacements But for Sartre authentic historical understanding demanded a much more personal and committed narrative a kind of interpretive diary of moral choices and risks compelled by critical necessity and an exacting reality Sartre s history a rational history of individual lives and their intrinsic social worlds was in essence immersed in biography In Volume One of this authoritative two volume work Thomas R Flynn conducts a pivotal and comprehensive reconstruction of Sartrean historical theory and provocatively anticipates the Foucauldian counterpoint to come in Volume Two

**Sartre, Foucault, and Historical Reason, Volume One** Thomas R. Flynn, 2008-04-15 Sartre and Foucault were two of the most prominent and at times mutually antagonistic philosophical figures of the twentieth century And nowhere are the antithetical natures of their existentialist and poststructuralist philosophies more apparent than in their disparate approaches to historical understanding A history thought Foucault should be a kind of map a comparative charting of structural transformations and displacements But for Sartre authentic historical understanding demanded a much more personal and committed narrative a kind of interpretive diary of moral choices and risks compelled by critical necessity and an exacting reality Sartre s history a rational history of individual lives and their intrinsic social worlds was in essence immersed in biography In Volume One of this authoritative two volume work Thomas R Flynn conducts a pivotal and

comprehensive reconstruction of Sartrean historical theory and provocatively anticipates the Foucauldian counterpoint to come in Volume Two Sartre, Foucault, and Historical Reason Thomas R. Flynn, 2005 *Sartre, Foucault and Historical Reason* Thomas R. Flynn, 2005 **Sartre, Foucault, and Historical Reason, Volume Two** Thomas R. Flynn, 2005-02-15 Sartre and Foucault were two of the most prominent and at times mutually antagonistic philosophical figures of the twentieth century And nowhere are the antithetical natures of their existentialist and poststructuralist philosophies more apparent than in their disparate approaches to historical understanding In Volume One of this authoritative two volume study Thomas R Flynn conducted a pivotal and comprehensive reconstruction of Sartrean historical theory This long awaited second volume offers a comprehensive and critical reading of the Foucauldian counterpoint A history theorized Foucault should be a kind of map a comprehensive charting of structural transformations and displacements over time Contrary to other Foucault scholars Flynn proposes an axial rather than a developmental reading of Foucault's work This allows aspects of Foucault's famous triad of knowledge power and the subject to emerge in each of his major works Flynn maps existentialist categories across Foucault's quadrilateral the model that Foucault proposes as defining modernist conceptions of knowledge At stake is the degree to which Sartre's thought is fully captured by this mapping whether he was as Foucault claimed a man of the nineteenth century trying to think in the twentieth Foucault's Critical Philosophy of History Adam Takács, 2023-12-18 Foucault's Critical Philosophy of History Unfolding the Present provides a comprehensive interpretation of Foucault's work by focusing on its methodological procedural and epistemological elements Adam Takács argues that despite all its thematic and analytical diversity Foucault's procedure can be understood within a unified framework based on the historical problematization of the present This procedure triggered by current social issues and aiming at a diagnostic screening of the present through a constructive exploration of the past thus sets in motion not only a specific philosophical vision of history and a research practice often related to the procedures of historiography but also new ways of critical analysis of social phenomena This book subjects all these elements to a systematic analysis demonstrating that within this framework Foucault's often debated views on historical realism and constructivism his methodological choices and ontological commitments take on a coherent profile culminating in a timely social critical project of liberation of knowledge and political subjectivation

*Understanding Foucault, Understanding Modernism* David Scott, 2017-02-23 Michel Foucault remains to this day a thinker who stands unchallenged as one of the most important of the 20th century Among the characteristics that have made him influential is his insistent blurring of the border separating philosophy and literature and art carried out on the basis of his confronting the problem of modernism which he characterizes as a permanent task To that end even his most explicitly historical or strictly epistemological and methodological enquiries which on their surface would seem not to have anything to do with literature are full of allusions to modernist writers and artists like Mallarmé Baudelaire Artaud Klee Borges Broch sometimes fleetingly sometimes more extensively as is the case with Foucault's life long devotion to Bataille Klossowski

Blanchot and de Sade Understanding Foucault Understanding Modernism shows on the one hand that literature and the arts play a fundamental structural role in Foucault's works while on the other hand it shifts to the foreground what it presumes to be motivating Foucault the interrogation of the problem of modernism

**Existentialism** Thomas Flynn, 2009 A series of concise engrossing and enlightening books that explore every subject under the sun with unique insight One of the twentieth century's most significant philosophical movements existentialism influenced literature the arts and humanities and politics Here Thomas Flynn examines the philosophy's core beliefs and introduces leading existentialist thinkers from Nietzsche to Sartre Page 4 of cover

**Foucault and the History of Philosophical Transcendence** Christopher Falzon, 2024-08-22 In an original approach to Foucault's philosophy Christopher Falzon argues for a reading of Foucault as a philosopher of finite transcendence and explores its implications for ethics In order to distinguish Foucault's position Falzon charts the historical trajectory of transcendence as a philosophical concept starting with the radical notion of transcendence that was introduced by Plato and which reappears in various forms in subsequent thinkers from the Stoics to Descartes and from Kant to Sartre He argues that Foucault's critique of the transcendent subject of humanism is a rejection not of transcendence per se but of radical transcendence in its distinctively modern form As such he shows how Foucault's conceptualisation of transcendence as finite enables a picture of the human being as neither fully determined nor a creature of infinite possibilities but as both subject and object affected by but also able to affect the world With the notion of finite transcendence Falzon captures the essence of Foucault's unique philosophy and provides a new insight into his contribution to ethics Demonstrating its contemporary relevance Foucault and the History of Philosophical Transcendence further explores the potential application of Foucault's approach to the current ecological crisis

**Sartre's Anthropology as a Hermeneutics of Praxis** Kristian Klockars, 2019-01-04 First published in 1998 this volume deals with the legacy of Sartre and functions as a way of going beyond Sartre by means of Sartre aiming to understand how we are to understand what we ourselves do and how we are to understand human being and human reality Kristian Klockars' main aim is intended to communicate three questions how close Sartre's later anthropology comes to hermeneutics whether the idea of a hermeneutics of praxis could be seen as a possible solution to the internal tensions of Sartre's conception thinking with Sartre beyond Sartre and whether a hermeneutics of praxis can constitute a living challenge to contemporary thought

**The Sartrean Mind** Matthew C. Eshleman, Constance L. Mui, 2020-01-24 Jean Paul Sartre was one of the most important philosophers of the twentieth century His influence extends beyond academic philosophy to areas as diverse as anti colonial movements youth culture literary criticism and artistic developments around the world Beginning with an introduction and biography of Jean Paul Sartre by Matthew C Eshleman 42 chapters by a team of international contributors cover all the major aspects of Sartre's thought in the following key areas Sartre's philosophical and historical context Sartre and phenomenology Sartre's existentialism and ontology Sartre and ethics Sartre and political theory Aesthetics literature and biography Sartre's

engagements with other thinkers The Sartrean Mind is the most comprehensive collection on Sartre published to date It is essential reading for students and researchers in philosophy as well as for those in related disciplines where Sartre's work has continuing importance such as literature French studies and politics

**Michel Foucault and Theology** James Bernauer, 2017-03-02 Whilst Foucault's work has become a major strand of postmodern theology the wider relevance of his work for theology still remains largely unexamined Foucault both engages the Christian tradition and critically challenges its disciplinary regime Michel Foucault and Theology brings together a selection of essays by leading Foucault scholars on a variety of themes within the history thought and practice of theology Revealing the diverse ways that the work of Michel Foucault 1926-1984 has been employed to rethink theology in terms of power discourse sexuality and the politics of knowledge the authors examine power and sexuality in the church in late antiquity Castelli Clark Schuld raise questions about the relationship between theology and politics Bernauer Leezenberg Caputo consider new challenges to the nature of theological knowledge in terms of Foucault's critical project Flynn Cutrofello Beadoin Pinto and rethink theology in terms of Foucault's work on the history of sexuality Carrette Jordan Mahon This book demonstrates for the first time the influence and growing importance of Foucault's work for contemporary theology

*Forms of Life and Subjectivity* Daniel Rueda Garrido, 2021-11-02 Forms of Life and Subjectivity Rethinking Sartre's Philosophy explores the fundamental question of why we act as we do Informed by an ontological and phenomenological approach and building mainly but not exclusively on the thought of Sartre Daniel Rueda Garrido considers the concept of a form of life as a term that bridges the gap between subjective identity and communities This first systematic ontology of forms of life seeks to understand why we act in certain ways and why we cling to certain identities such as nationalisms social movements cultural minorities racism or religion The answer as Rueda Garrido argues depends on an understanding of ourselves as forms of life that remains sensitive to the relationship between ontology and power between what we want to be and what we ought to be Structured in seven chapters Rueda Garrido's investigation yields illuminating and timely discussions of conversion the constitution of subjectivity as an intersubjective self the distinction between imitation and reproduction the relationship between freedom and facticity and the dialectical process by which two particular ways of being and acting enter into a situation of assimilation resistance as exemplified by capitalist and artistic forms of life This ambitious and original work will be of great interest to scholars and students of philosophy social sciences cultural studies psychology and anthropology Its wide ranging reflection on the human being and society will also appeal to the general reader of philosophy

*The Cambridge Companion to Foucault* Gary Gutting, 2005-07-18 For Michel Foucault philosophy was a way of questioning the allegedly necessary truths that underpin the practices and institutions of modern society He carried this out in a series of deeply original and strikingly controversial studies on the origins of modern medical and social scientific disciplines These studies have raised fundamental questions about the nature of human knowledge and its relation to power structures and have become major topics of discussion

throughout the humanities and social sciences The essays in this volume provide a comprehensive overview of Foucault's major themes and texts from his early work on madness through his history of sexuality Special attention is also paid to thinkers and movements from Kant through current feminist theory that are particularly important for understanding his work and its impact This revised edition contains five new essays and revisions of many others and the extensive bibliography has been updated

*Foucault, Christianity and Interfaith Dialogue* Henrique Pinto, 2020-11-25 Foucault Christianity and Interfaith Dialogue develops a new model for interfaith dialogue using the work of the French historian of ideas Michel Foucault The author argues that it is the injustice done to the Other by Roman Catholic Protestant and other centred and unitary models of religious pluralism that allows the introduction of Foucault's de-centring of transcendence and human reason as an alternative model for understanding religious diversity and the role it ought to play in the constitution of the self and the making of society This Foucaultian approach provides a new direction for interfaith dialogue in the modern world and leads to an ethical rather than a nihilistic position while fostering a non-unitary theology of religious pluralism and an open textured process of self transformation The author's original and imaginative application and expansion of Foucault's concept of the More from *The Archaeology of Knowledge* 1969 makes important and original contributions to academic work on Foucault and contemporary theology

[Foucault on Freedom](#) Johanna Oksala, 2005-06-16 Oksala identifies the different interpretations of freedom in Foucault's philosophy and examines its three major divisions

[Hegel and the Art of Negation](#) Andrew W. Hass, 2013-11-12 Why is the philosopher Hegel returning as a potent force in contemporary thinking Why after a long period when Hegel and his dialectics of history have seemed less compelling than they were for previous generations of philosophers is study of Hegel again becoming important Fashionable contemporary theorists like Francis Fukuyama and Slavoj Žižek as well as radical theologians like Thomas Altizer have all recently been influenced by Hegel the philosopher whose philosophy now seems somehow perennial or to borrow an idea from Nietzsche eternally returning Exploring this revival via the notion of negation in Hegelian thought and relating such negativity to sophisticated ideas about art and artistic creation Andrew W. Hass argues that the notion of Hegelian negation moves us into an expansive territory where art religion and philosophy may all be radically conceived and broken open into new forms of philosophical expression The implications of such a revived Hegelian philosophy are the author argues vast and current Hegel thereby becomes the philosopher par excellence who can address vital issues in politics economics war and violence leading to a new form of globalised ethics Hass makes a bold and original contribution to religion philosophy art and the history of ideas

[The Cambridge Foucault Lexicon](#) Leonard Lawlor, John Nale, 2014-04-21 The Cambridge Foucault Lexicon is a reference tool that provides clear and incisive definitions and descriptions of all of Foucault's major terms and influences including history knowledge language philosophy and power It also includes entries on philosophers about whom Foucault wrote and who influenced Foucault's thinking such as Deleuze Heidegger Nietzsche and Canguilhem The entries are written by scholars of

Foucault from a variety of disciplines such as philosophy gender studies political science and history Together they shed light on concepts key to Foucault and to ongoing discussions of his work today

What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Sartre Foucault And Historical Reason is one of the best book in our library for free trial. We provide copy of Sartre Foucault And Historical Reason in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Sartre Foucault And Historical Reason. Where to download Sartre Foucault And Historical Reason online for free? Are you looking for Sartre Foucault And Historical Reason PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Sartre Foucault And Historical Reason. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Sartre Foucault And Historical Reason are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Sartre Foucault And Historical Reason. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Sartre Foucault And Historical Reason To get started finding Sartre Foucault And Historical Reason, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related

with Sartre Foucault And Historical Reason So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Sartre Foucault And Historical Reason. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Sartre Foucault And Historical Reason, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Sartre Foucault And Historical Reason is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Sartre Foucault And Historical Reason is universally compatible with any devices to read.
