Scudgers' Notebook 1945 - 1950

Charles Allen

Savage Wars Of Peace Soldiers Voices 1945 1989

Alastair MacKenzie

Savage Wars Of Peace Soldiers Voices 1945 1989:

The Savage Wars of Peace Charles Allen, 1990 Britain though technically at peace since World War II has fought in a dozen wars in that time Charles Allen draws political social and moral conclusions from interviews with a wide ranging cross section of the survivors The Savage Wars Of Peace Charles Allen, 2016-01-28 Since the Second World War the British Army has been engaged in armed conflicts around the globe in every year except 1968 Some have been full scale military campaigns but most have been undeclared wars fought out in such widely differing theatres as Malaya Kenya Cyprus Brunei Borneo Aden Oman and Northern Ireland The Savage Wars of Peace is the fighting soldiers view of these campaigns recounted in their own words to oral historian Charles Allen chronicler of such classics as Plain Tales from the Raj and Tales from the South China Seas Drawing on the spoken recollections of over seventy military figures of all ranks Charles Allen has assembled a rich kaleidoscope of images of warfare as experienced by those at the sharp end Letting the soldiers speak for themselves with extraordinary and sometimes very moving candour these unique first hand accounts give a rare insight into Britain's modern peacetime army the changes it has undergone since 1945 and the bonds that unite fighting men *From Civil Rights to Armalites* Niall Ó Dochartaigh, 2004-12-17 From Civil Rights to Armalites traces and analyses the escalation of conflict in Northern Ireland from the first civil rights marches to the verge of full scale civil war in 1972 focusing on the city of Derry It explains how a peaceful civil rights campaign gave way to increasing violence how the IRA became a major political force and how the British army became a major party to the conflict It provides the essential context for understanding the events of Bloody Sunday and a new chapter brings significant new material to the public debate around the Bloody Sunday Inquiry Short of General War Harry Richard Yarger, Army War College (U.S.). Strategic Studies Institute, 2010 At the end of the first decade of the 21st century the United States is involved in two ongoing wars faces a significant international terrorist threat and is witnessing an escalation of international resistance to its leadership of the global world order Looking out to 2025 many see the potential for a prolonged period of instability as a result of competing economic models demographics the rise of new international actors and the resurgence old ones climate change and the scarcity of resources The range of stability challenges will stretch the capabilities of any military force structure and require innovative thinking on the part of policymakers and military professionals alike on the appropriate development and use of the military element of power In this anthology 16 students of the U S Army War College Class of 2008 offer their perspectives on the use of military power across the spectrum of conflict in the 21st century short of or following general war and provide insights into the necessary force structure policy strategy and doctrinal approaches for future success Beyond a focus on operations short of general war these writings share in common a worthwhile idea or set of ideas that can materially contribute to how the U S military can best conduct full spectrum operations Collectively these essays reveal the innovative thinking and diversity and depth of thought of the U S and foreign military and civilian agency personnel that comprise each

student body at the U S Army War College as they prepare themselves to become senior leaders and fulfill their roles in their militaries or agencies This resource offers 16 students of the U S Army War College Class of 2008 perspectives and forecasts for the use of military power through year 2025 Scholars and policymakers alike may find these essays beneficial for long term strategy planning Related products Navies and Soft Power Historical Case Studies of Naval Power and the Nonuse of Military Force can be found here https://bookstore.gpo.gov/products/sku/008_046_00290_8 Lessons Encountered Learning From the Long War can be found here https://bookstore.gpo.gov/products/sku/008_029_00619_7 The Asia Pacific Century Challenges and Opportunities can be found here https://bookstore.gpo.gov/products/sku/008_070_00868_8 Other products produced by the U S Army Strategic Studies Institute are available here <https://bookstore.gpo.gov/agency/1609>

Military Leadership and Counterinsurgency Victoria Nolan,2011-12-18 Offering a unique and original perspective on Britain s Small Wars leadership culture this title is an essential reading for serving soldiers and scholars of military studies It is based on original archival research It offers fascinating survey of counterinsurgency operations with relevance for today s military and security Between 1948 and 1960 the British army conducted three important counterinsurgency operations in Malaya Kenya and Cyprus During that time military leaders inspired the evolution of a distinct organisational culture known as small wars culture which affected learning discipline and attitudes towards leadership and fellow soldiers Using a synthesis of organisational theory and archival research this book explores how military leaders embedded and transmitted this particular military organisational culture within the British army and provides an analysis of leaders characteristics their support networks and past experiences This book will be of interest to counterinsurgency specialists the British Army and military historians and sociologists as well as to serving military forces

Negotiation in International Conflict Deborah Goodwin,2014-04-08 This work explores the application and structure of negotiation within existing international conflicts and assesses the effectiveness or otherwise of such forms of dispute resolution It examines the role of negotiation and the skills required by any practitioner in the field

Airborne Landing to Air Assault Nikolaos Theotokis,2020-07-30 A complete history of paratroopers and their role in modern war including a glossary and photos Many books have been written about military parachuting particularly about famous operations like Crete and Arnhem in the Second World War and notable units like the British Parachute Regiment and the US 101st Airborne Division but no previous book has covered the entire history of the use of the parachute in warfare In this valuable study Nikolaos Theotokis traces in vivid detail the development of parachuting over the last hundred years and describes how it became a standard tactic in twentieth century conflicts As well as depicting a series of historic parachute operations all over the world he recognizes the role of airmen in the story for they were the first to use the parachute in warfare when they jumped from crippled planes in combat conditions Adapting the parachute for military purposes occurred with extraordinary speed during the First World War and by the time of the Second World War it had become an established technique for special operations and offensive actions on a large scale The range of

parachute drops and parachute led attacks was remarkable and all the most dramatic examples from the world wars and lesser conflicts are recounted in this graphic and detailed study The role played by parachute troops as elite infantry is also a vital part of the narrative as is the way in which techniques of air assault have evolved since the 1970s **Dying for the Truth** Paul L. Moorcraft, 2016-11-30 A history and analysis of journalists reporting from the frontlines of war from the mid nineteenth century to the early twenty first century War correspondents are crucial to democracy and the public s discovery of the truth Without the media the temptation to manipulate events with propaganda could be irresistible to politicians of all hues Dying for The Truth examines how journalists have plied their trade from the Crimean War to the present Paul Moorcraft a veteran journalist discusses how correspondents considerable influence has shaped the actions of politicians and military commanders as well as public opinion and reveals how authority figures now view the media as potentially valuable tools Technical developments and the twenty four hour news cycle have inevitably changed the nature of war reporting Today news bureaus are apt to learn of developments before the higher chains of command The author comments on key milestones that have contributed to this evolution Using his own and others experiences in recent conflicts including Korea the Falklands the Balkans Iraq and Afghanistan Moorcraft shares an aspect of warfare that is all too often overlooked but can be crucial to the outcome The public s attitude toward the day to day conduct of war is becoming ever more significant and this fascinating book examines why This is a brilliant history of war reporting from the mid nineteenth century s scribblers and snappers reporters and photographers to today s digital technology and instant communications Military Officer

Armor ,1992 **Shooting the Messenger** Paul L. Moorcraft, Philip M. Taylor, 2008-06-30 As the literature on military media relations grows it is informed by antagonism either from journalists who report on wars or from ex soldiers in their memoirs Academics who attempt more judicious accounts rarely have any professional military or media experience A working knowledge of the operational constraints of both professions underscores Shooting the Messenger A veteran war correspondent and think tank director Paul L Moorcraft has served in the British Ministry of Defence while historian by training Philip M Taylor is a professor of international communications who has lectured widely to the U S military and at NATO institutions Some of the topics they examine in this wide ranging history of military media relations are the interface between soldiers and civilian reporters covering conflicts the sometimes grey area between reporters right or need to know and the operational security constraints imposed by the military the military s manipulation of journalists who accept it as a trade off for safer battlefield access the resultant gap between images of war and their reality the evolving nature of media technology and the difficulties and opportunities this poses to the military journalistic performance in reporting conflict as an observer or a participant Moorcraft and Taylor provide a bridge over which each side can pass and a path to mutual understanding **Dirty Wars** Dr Simon Innes-Robbins, 2016-10-06 Who is the enemy This is the question most asked in modern warfare gone are the set piece conventional battles of the past Once seen as secondary to more traditional conflicts

irregular warfare as modified and refashioned since the 1990s now presents a major challenge to the state and the bureaucratic institutions which have dominated the twentieth century and to the politicians and civil servants who formulate policy. Twenty first century conflict is dominated by counterinsurgency operations where the enemy is almost indistinguishable from innocent civilians. Battles are gunfights in jungles, deserts and streets; winning hearts and minds is as important as holding territory. From struggles in South Africa, the Philippines and Ireland to operations in Iraq, Afghanistan and Chechnya, this book covers the strategy and doctrine of counterinsurgency and the factors which ensure whether such operations are successful or not. Recent ignorance of central principles and the emergence of social media which has shifted the odds in favour of the insurgent have too often resulted in failure, leaving governments and their security forces embedded in a hostile population, immersed in costly and dangerous nation building.

Special Force Alastair MacKenzie, 2011-10-30
The exploits of the British Army's elite 22nd Special Air Service Regiment, the regiment of the SAS that forms part of the Regular army, are shrouded in mystery and myths abound about its members. But what is the truth behind the public facade of clinical professionalism? How has such a small regiment attracted so many weighty legends? And what is the purpose of the SAS in the 21st century? Special Force provides an original and unusually critical overview of the activities of the SAS from the Malayan Emergency of 1950 to the present day. In the context of a detailed and often controversial analysis of the post-war activities of the Regiment, MacKenzie establishes that the Regiment's almost legendary professional competence is often not backed up by reality. Far from being part of a structured deployment of strategic military assets, MacKenzie argues that the use of the SAS in recent years has been primarily driven by the entrepreneurial actions of a few SAS commanding officers. Special Force not only offers a revelatory history of the SAS in the modern period, it is also a disturbing expose of the truth behind the myth. It will be essential reading for anyone with an interest in the British military past, present and future.

Kitson's Irish War David Burke, 2021-10-05
Brace yourself for a heart-pounding journey into the dark underbelly of Britain's dirty war in Northern Ireland. Kitson's Irish War is a gripping exposé that rips the lid off the clandestine operations and ruthless tactics employed by Brigadier Frank Kitson, the mastermind behind a brutal campaign that targeted Nationalists while turning a blind eye to Loyalist atrocities. From the shadowy assassinations carried out by the covert Military Reaction Force (MRF) on the streets of Belfast to the reign of terror unleashed by the notorious Parachute Regiment 1 Para in Nationalist communities, this book leaves no stone unturned. Uncover the chilling truth behind the use of psychological warfare techniques, the torture of internees and the infamous Bloody Sunday massacre perpetrated by Kitson's Private Army. With explosive evidence from a deserter from 1 Para who joined the IRA, a deceitful MI5 agent and a courageous whistleblower who faced attempts to discredit them, Kitson's Irish War pieces together a shocking puzzle: that the British government is determined to keep hidden. As efforts are made to halt the prosecution of soldiers responsible for civilian deaths, most of whom had no ties to paramilitary activities, this book is a timely and essential read for anyone seeking the

truth behind one of the darkest chapters in Northern Ireland's history Prepare to be shocked outraged and ultimately enlightened as you embark on this unflinching exploration of the secrets and lies that fueled Britain's dirty war Kitson's *Irish War* is a powerful testament to the importance of exposing the truth no matter how uncomfortable The Fall of Che Guevara Henry Butterfield Ryan, 1998-01-22 *The Fall of Che Guevara* tells the story of Guevara's last campaign in the backwoods of Bolivia where he hoped to ignite a revolution that would spread throughout South America For the first time this book shows in detail the strategy of the U S and Bolivian governments to foil his efforts Based on numerous interviews and on secret documents obtained through the Freedom of Information Act from the CIA the State Department the Pentagon and the National Security Archive this work casts new light on the roles of a Green Beret detachment sent to train the Bolivians and of the CIA and other U S agencies in bringing Guevara down Ryan's shows that Guevara was an agent of Cuban foreign policy from the time he met Fidel Castro in 1955 until his death not a mere independent revolutionary as many scholars have claimed Guevara's attempted insurgency in Bolivia was in reality a Cuban attempt to achieve another badly needed revolutionary success This dramatic account of the last days of Che Guevara will appeal to scholars and students of United States foreign policy and Latin American history and to all those interested in this revolutionary's remarkable life

A History of Counterinsurgency Gregory Fremont-Barnes, 2015-05-05 This two volume history of counterinsurgency covers all the major and many of the lesser known examples of this widespread and enduring form of conflict addressing the various measures employed in the attempt to overcome the insurgency and examining the individuals and organizations responsible for everything from counterterrorism to infrastructure building How and when should counterinsurgency be pursued as insurgency is growing in frequency and conversely while conventional warfare continues to decline as a means by which political rivals seek to impose their will upon each other What lessons from the past should today's policymakers strategists military leaders and soldiers in the field keep in mind while facing off against 21st century insurgents This two volume set offers a comprehensive history of modern counterinsurgency covering the key examples of this widespread and enduring form of conflict It identifies the political military social and economic measures employed in attempting to overcome insurgency examining the work of the individuals and organizations involved demonstrating how success and failure dictated change from established policy and carefully analyzing the results Readers will gain valuable insight from the detailed assessments of the history of counterinsurgency that demonstrate which strategies have succeeded and which have failed and why After an introductory essay on the subject each chapter provides historical background to the insurgency being addressed before focusing on the specific policies pursued and actions taken by the counterinsurgency force Each section also provides an assessment of those operations including in most cases an analysis of lessons learned and where appropriate their relevance to counterinsurgency operations today The set's coverage spans modern counterinsurgencies from Europe to Asia to Africa since 1900 and includes the ongoing counterinsurgency operations in Afghanistan today Its

wide international approach to the subject makes the set a prime resource for readers seeking specific information on a particular conflict or a better understanding of the general theories and practices of counterinsurgency

Emergency Propaganda Kumar Ramakrishna, 2013-04-15 Sheds new light on the hitherto neglected years of the Emergency 1955-58 demonstrating how it was British propaganda which decisively ended the shooting war in December 1958 The study argues for a concept of propaganda that embraces not merely words in the form of film radio and leaflets but also deeds

Paul Scott: The Raj Quartet and Staying on John Lennard, 2008-01-01 A study of Scott's four great novels of British India The Jewel in the Crown The Day of the Scorpion The Towers of Silence A Division of the Spoils and of the popular coda Staying On

British Ways of Counter-insurgency Matthew Hughes, 2016-04-08 This edited collection examines the British way in counter insurgency It brings together and consolidates new scholarship on the counter insurgency associated with the end of empire foregrounding a dark and violent history of British imperial rule one that stretched back to the nineteenth century and continued until the final collapse of the British Empire in the 1960s The essays gathered in the collection cover the period from the late nineteenth century to the 1960s they are both empirical and conceptual in tone This edited collection pivots on the theme of the nature of the force used by Britain against colonial insurgents It argues that the violence employed by British security forces in counter insurgency to maintain imperial rule is best seen from a maximal perspective contra traditional arguments that the British used minimum force to defeat colonial rebellions Case studies are drawn from across the British Empire covering a period of some hundred years but they concentrate on the savage wars of decolonisation after 1945 The collection includes a historiographical essay and one on the lost Hanslope archive by the scholar chosen by the Foreign and Commonwealth Office to manage the release of the papers held This book was published as a special issue of Small Wars and Insurgencies

Confrontation Nicholas van der Bijl, 2014-05-19 For over four years in the Swinging Sixties the armed forces of the UK were engaged in a little publicized but crucial jungle war against communist aggression on the vast island of Borneo At any one time up to 50 000 troops half of the Army's strength today were deployed along a 1 000 mile front Their enemy were the communist led Indonesians whose leaders were determined to seize the states of Sarawak Sabah and the oil rich Brunei all of whom for their part wished to maintain their Commonwealth links The catalyst for the war was the 1962 uprising in Brunei which was quickly crushed by the bold intervention of British army units The arrival of Major General Walter Walker himself a controversial figure gave the subsequent campaign a clear direction Indonesian incursions were rigorously defended and ruthlessly pursued Top Secret Claret operations took the fight to the enemy with cross border operations initially using Special Forces and later with Chindit style long range patrols The outcome was a text book military victory thus avoiding a British Vietnam debacle

The Politics of Decline G. Fry, 2004-12-07 Britain was victorious in the Second World War and yet thirty years later she had many of the characteristics of a defeated nation What went wrong The Politics of Decline sets out the assumptions of the 1940s and clinically examines the records of successive Governments as

they strove to run the country in the approved manner The I M F crisis of 1976 brought these efforts to a shuddering halt Using original sources this book marshals the evidence to support a compellingly written interpretation of events
