## Savarins Shadow:

*A valley of shadows*, by G. Colmore Gertrude Colmore, 1892      Old Man Savarin, and Other Stories Edward William Thomson, 2022-09-15 In *Old Man Savarin and Other Stories* Edward William Thomson crafts a collection of rich narratives steeped in the quotidian experiences and intricate emotions of ordinary individuals. With a deft hand for character development and a sharp eye for detail, Thomson's prose navigates the complexities of human relationships, blending humor with poignant introspection. Set against a backdrop that captures the essence of late 19th-century America, these stories reflect the societal dynamics and moral fabric of the time, ultimately illuminating the human condition through Thomson's signature blend of realism and subtle cynicism. Edward William Thomson, an astute observer of life and an accomplished journalist, harnessed his profound understanding of human nature to pen this collection. His experiences in various cultural landscapes, as well as his robust literary influences including the Transcendentalists and the Realists, are evident in the stories' thematic depth and stylistic choices. Thomson's own life, marked by moments of introspection and social critique, certainly informed his depiction of characters wrestling with their desires and disappointments. This collection is a must-read for those who appreciate the interplay of humor and melancholy in literature. Readers seeking an authentic portrayal of human experiences and the exploration of moral intricacies will find old friends in Thomson's characters, resonating with their trials and triumphs. *Old Man Savarin and Other Stories* serves as both an artistic exercise and a mirror reflecting society's timeless challenges.

The Mystery Fancier William F. Deeck, 2008-08-01 A bibliography of various mystery novels published between November 1976 and Fall 1992      **Old Man Savarin Stories** Edward William Thomson, 1917      *Sequels*, 1967      Watcher in the Shadows Geoffrey Household, 2015-05-05 After an assassination attempt, an ex-spy must run for his life. As far as the police are concerned, Charles Dennim is a zoologist, and there is no reason anyone would want to kill him. And yet one afternoon, when Dennim is working at his desk, death knocks at his door. It is the postman, and he has a package slightly too large to fit through the mail slot. He tries to force it and triggers the bomb that lies within. When Dennim emerges from the smoking ruin of his doorway, he sees the innocent postman ripped in half on his front stoop. The police are baffled, but Dennim is not, for he was once a spy. This mild-mannered scientist spent World War II embedded deep in Nazi Germany, feeding secrets back to Great Britain. He buried that side of himself long ago, but a nameless killer has decided to dig it back up. To survive, Dennim must remember what it means to be a spy.
