Saving Big Ben John Satterfield, 2011-04-15 Father Joe O Callahan S J was the unlikeliest war hero A bespectacled math professor from Holy Cross he became the U S Navy s first Jesuit chaplain in World War II and served in combat operations in the Atlantic and Pacific theaters Father O Callahan was on the aircraft carrier Franklin known as Big Ben in the Okinawa campaign in early 1945 when massive explosions and fire from a kamikaze bomb attack nearly destroyed his ship Hundreds of sailors died within moments of the attack and the Franklin lay dead in the water drifting toward Japan just 60 miles distant As flames consumed the carrier the chaplain organized and led fire fighting crews and prevented a potentially fatal explosion while ministering to injured dying and terrified sailors Father O Callahan's deeds were instrumental in saving the Franklin and he stayed with the ship on its voyage under power to New York Harbor The carrier's captain called him the bravest man I ever saw and Father Joe became the first American military chaplain to receive the Medal of Honor the nation s highest decoration for valor But the price of glory was high for Father O Callahan He suffered a stroke after returning to Holy Cross and spent the rest of his life enduring incapacitating pain Through it all the priest displayed the same leadership and strength derived from unwavering faith that enabled him to help save his ship and comrades The book incorporates primary sources interviews with Franklin survivors and O Callahan family members and other materials never before published including documentation of the Navy s review of Father O Callahan s recommendation of the Medal of Honor and the process leading to the priest s receipt of the decoration Professional Journal of the United States Army, 2013 Now Jerry L. Rogers, 2017-03-09 Elden Duane Rogers died on March 19 1945 one of the eight hundred who perished on the aircraft carrier USS Franklin that day It was his nineteenth birthday Write home often the navy told sailors like Elden thinking it would keep up morale among sailors and those waiting for them stateside But they were told not to write anything about where they were where they had been where they were going what they were doing or even what the weather was like Spies were presumed everywhere and loose lips could sink ships Before a sailor s letter could be sealed and sent a censor read it and with a razor blade cut out words that told too much So Long for Now reconstructs the lost world of a sailor s daily life in World War II piecing together letters from Elden's family in Vega Texas and from his girlfriend the untold stories behind Elden's own letters and the context of the war itself Historian Jerry L Rogers delves past censored letters limited to small talk and local gossip to conjure the danger excitement boredom and sacrifices that sailors in the Pacific theater endured He follows Elden from enlistment in the navy through every battle the USS Franklin saw Flight deck crashes kamikaze hits and tensions and alliances aboard ship all built to the unprecedented chaos and casualties of the Japanese air attack on March 19 So long for now Elden signed off never Goodbye This moving work poignantly confronts the horrors of war giving voice to a young sailor the country he served the family and friends he left behind and the hope that has sustained them Stones and Lives Helen Frowe, Derek Matravers, 2024-07-12 The fate of heritage in war has attracted considerable

attention in recent years due in no small part to ISIS s campaign of destruction across the Middle East and in 2012 the International Criminal Court's first prosecution of heritage destruction as a war crime Regular armed forces have been criticised for both failing to protect and damaging heritage sites In response heritage organisations urge the better implementation of existing international laws on heritage protection in war This book argues that any such law or policy will require combatants to choose between safeguarding heritage and safeguarding other goods including human life It thus challenges the view repeatedly expressed by heritage professionals that the choice between protecting heritage and protecting lives is a false dichotomy Existing international law not only implies such choices but also more worryingly gives no indication of how they should be resolved Drawing on contemporary work on the ethics of war this book develops an account of the permissible protection of heritage in war It argues that heritage is not morally special rather heritage is one of many goods that contribute to individuals lives going well and that we routinely trade off against each other By drawing on these more familiar dilemmas we can make progress on how to balance the protection of heritage against risks to human life Amongst other things the book considers the different ways in which heritage might contribute to individual flourishing the role of consent in justifying the imposition of risk on combatants and civilians the permissibility of forcefully defending heritage and what if anything could compensate for the loss of heritage in war Collier's Hansi,1910 Sidney Gelb, 2005-06-17 This is a humorous entertaining adventure story You are there in the center of a government investigation of a terrorist group operating in London England Bill Bund Foreign Service Agent as the head of a Rapid Response Team has to stop the sinister Adolpho Barco reign of terror on an embassy building somewhere in the world Time is running short Watch Bund's team move into action A romantic interlude with a pretty woman adds spice to this thriller Will the citizens of London fall prey to an evil crooked man Can good detective work prevent an attack Brace yourself for an inside view of a fight between good and evil Military Review ,2013 A Religious History of the American GI in World War II G.
