Johnson,2010-04-07 This is a unique write about a sheltered church girl curious about life that became a teenage mother turned drug dealer turned drug user in the cold windy war torn poverty stricken streets of Chicago s West Side With the loss of her children to the system she thought she had nothing left but to die Rock blows Park Rang out like happy slogans of advertisements from dealers to fiends With death and the police lurking close by he closed her eyes to retract How did I get here and the ongoing presence of failure loss and disdain licking at her heels she saw no way out Had God somehow forgotten about her Nothing seemed to matter Be inspired by her unfiltered and uncensored writing of poetry where she found her lesson and her blessing      *Belle of the Ball* Norman Keifetz,2016-01-30 Belle Fortman is a feisty curious intelligent woman who is determined to break into a traditional world controlled by men who will go to extremes to exclude herprofessional baseball Against all odds shes determined to become the first woman umpire in the Major Leagues In this endeavor she faces obstaclesfrom setbacks in umpiring school to travails in her life and on the field as she moves up the minor league system from tank town sandlot games to Triple A longing for an assignment in the Majors Along the way Belle falls in love and runs into characters readers get to know so well that theyll feel theyve actually met them The author has the uncanny skill to make the strangest most unlikely characters seem so compellingly real      Scribners Monthly ,1881      The Works Bret Harte,1903      **After the Snow** S. D. Crockett,2025-09-23 The oceans stopped working before Willo was born so the world of ice and snow is all he s ever known He lives with his family deep in the wilderness far from the government s controlling grasp Willo s survival skills are put to the test when he arrives home one day to find his family gone It could be the government it could be scavengers all Willo knows is he has to find refuge and his family It is a journey that will take him into the city he s always avoided with a girl who needs his help more than he knows S D Crockett on narrative voice and an especially cold winter What was your inspiration for After the Snow Well apart from the unbelievably cold winter during which I was writing in an unheated house chopping logs and digging my car out of the snow I think much of the inspiration for the settings in After the Snow came from my various travels In my twenties I worked as a timber buyer in the Caucasus Mountains of southern Russia and that work led to travels in Eastern Europe and Armenia As soon as I step off the plane in

those places it smells like home It may sound strange to say when After the Snow is set in Wales but really the practical dilemmas in the book come directly from places I've been people I've lived with and the hardships I've seen endured with grace and capability I was in Russia not long after the Soviet Union collapsed and I've seen society in freefall Without realizing it at the time I think those experiences led me to dive into After the Snow with real passion What would western civilization look like with a few tumbles under its belt What would happen if the things we took for granted disappeared I wanted to write a gripping story about that scenario but hardly felt that I was straying into fantasy in the detail What do you want readers to most remember about After the Snow We all have the capacity to survive but in what manner What do we turn to in those times of trouble Those are the questions I would like people to contemplate after reading After the Snow How did Willo's unique voice come to you Willo's voice appeared in those crucial first few paragraphs After that it just grew along with his world and the terrible situations that arise I think his voice is in all of us We don't understand we try to make good maybe we find ourselves How did you stay warm while writing this novel I banked up the fire and was warmed by hopes of spring

Chandler Harris, 2020-09-28 The volume containing an instalment of thirty four negro legends which was given to the public three years ago was accompanied by an apology for both the matter and the manner Perhaps such an apology is more necessary now than it was then but the warm reception given to the book on all sides by literary critics as well as by ethnologists and students of folk lore in this country and in Europe has led the author to believe that a volume embodying everything or nearly everything of importance in the oral literature of the negroes of the Southern States would be as heartily welcomed The thirty four legends in the first volume were merely selections from the large body of plantation folk lore familiar to the author from his childhood and these selections were made less with an eye to their ethnological importance than with a view to presenting certain quaint and curious race characteristics of which the world at large had had either vague or greatly exaggerated notions The first book therefore must be the excuse and apology for the present volume Indeed the first book made the second a necessity for immediately upon its appearance letters and correspondence began to pour in upon the author from all parts of the South Much of this correspondence was very valuable for it embodied legends that had escaped the author's memory and contained hints and suggestions that led to some very interesting discoveries The result is that the present volume is about as complete as it could be made under the circumstances though there is no doubt of the existence of legends and myths especially upon the rice plantations and Sea Islands of the Georgia and Carolina seacoast which owing to the difficulties that stand in the way of those who attempt to gather them are not included in this collection It is safe to say however that the best and most characteristic of the legends current on the rice plantations and Sea Islands are also current on the cotton plantations Indeed this has been abundantly verified in the correspondence of those who kindly consented to aid the author in his efforts to secure stories told by the negroes on the seacoast The great majority of legends and stories collected and forwarded by these generous collaborators had already been collected among the negroes on the cotton plantations and uplands of Georgia and other Southern States This will account for the comparatively meagre contribution which Daddy Jack the old African of the rice plantations makes towards the entertainment of the little boy     Idyls of the Foothills Bret Harte, 1874
