Sebald, 2025-03-25 From the renowned author of Austerlitz named a Top 10 Book of the 21st Century by the New York Times comes the first English translation of his extraordinary essays on the Austrian writers who shaped his life and work Silent Catastrophes brings together the two books W G Sebald wrote on the Austrian writers who meant so much to him The Description of Misfortune and Strange Homeland published in Austria in 1985 and 1991 As a German in self chosen exile from his country of birth Sebald found a particular affinity with these writers from a neighboring nation The traumatic evolution of Austria from vast empire to diminutive Alpine republic followed by its annexation by Nazi Germany meant that concepts such as home land borderland and exile occupy a prominent role in its literature just as they would in Sebald's own Through a series of remarkable close readings of texts by Bernhard Stifter Kafka Handke Roth and more Sebald charts both the pathologies which so often drove their work and the seismic historical forces which shaped them This sequence of essays will be a revelation to Sebald's English language readers tracing as they do so many of the themes which animate his own literary writings to which these essays form a kind of prelude This is an essential new edition from a writer whose life and work has become a wonderful vindication of literary culture in all its subtle and entrancing complexity The Guardian *The Long Way Home* Lorraine Adamson, 2015-06-26 This is a true story It had to be that was an edict handed down by God yes that God the Supreme Authority the Creator of heaven and earth and everything else The God of Thou shall not bear false witness So let me tell you about the family God placed me in First Neil Diamond isn't really my father No kidding right But knowing that Neil Diamond isn't my father also meant knowing that my mother lived with a significant mental illness How are you supposed to go back to the beginning and find your way once you've realized the map you've been following is not only illusory it isn't even your own illusion
