Star Trek Duncan Barrett, Michèle Barrett, 2016-08-05 In a world shrunk by modern transport and communication Star Trek has maintained the values of western maritime exploration through the discovery of strange new worlds in space Throughout its fifty year history the starry sea has provided a familiar backdrop to an ongoing interrogation of what it means to be human This book charts the developing Star Trek story from the 1960s through to the present day Although the core values and progressive politics of the series earliest episodes have remained at the heart of Star Trek throughout half a century in other ways the story it tells has shifted with the times While The Original Series and The Next Generation showed a faith in science and rationalism and in a benign liberal leadership with Deep Space Nine and Voyager that modern order began to decline as religion mental illness and fragmented identities took hold Now fully revised and updated to include the prequel series Enterprise and the current reboot film series this new second edition

Pat Williams,Jim Denney,2009-03-02 After speaking on teaching and influencing young people at a student gathering in Texas Pat Williams received an email from a high school coach who had heard his talk Coach McCall s email stated that every kid who s growing up is dying to live his life But as people get older instead of dying to life they start living to die His closing thought is What are you dying for Unable to escape this question author and professional sports veteran Pat Williams invites readers to ask When my days on earth are over will I discover that I have wasted my life on meaningless things that have no lasting and eternal value Most people are living for four things fortune status power or pleasure Just as there are four false reasons for living our lives there are four true meaningful and satisfying reasons for living and for dying These give purpose and value to our lives so that we can know our lives have eternal significance If you died tomorrow what would people say Jesus statement in answer is Whoever wants to save his life will lose it but whoever loses his life for me and for the gospel will save it Starting here Pat gives a powerful practical and encouraging plan for how to live a life that truly matters and to leave a legacy that never dies

The Fast-track Course on how to Write a Nonfiction Book Proposal Stephen Blake Mettee,2002 The hard cold fact about getting a book published is that without something close to divine intervention an author is going to have to write a sales piece called a book proposal that will attract the attention of an editor or an agent In fact at most publishers this sales piece is going to have to hold up under the scrutiny of a committee made up of a bevy of editors and a pod of sales and marketing people With The Fast Track Course on How to Write a Nonfiction Book Proposal Mettee a seasoned book editor and publisher cuts to the chase and provides simple detailed instruction that allows anyone to write a professional book proposal and hear an editor say Yes According to Mettee the first rule is Do no harm Too many authors don t pay enough attention to the small things like spelling and grammar and manuscript format that are needed to make their book proposals appear professional They may have a great idea for a book and be eminently qualified to write it but they schmuck it up with slovenly disregard for the easy stuff The last rule is Be persistent If you quit after your first rejection slip or after the thirteenth or the thirtieth you ll never get published Many books that are rejected scores of times go on to be best sellers You re not defeated until you give up
