Looking For America An Historical Introduction To The Visual In American Studies:

A History of America in 100 Maps Susan Schulten, 2018-09-21 Throughout its history America has been defined through maps Whether made for military strategy or urban reform to encourage settlement or to investigate disease maps invest information with meaning by translating it into visual form They capture what people knew what they thought they knew what they hoped for and what they feared As such they offer unrivaled windows onto the past In this book Susan Schulten uses maps to explore five centuries of American history from the voyages of European discovery to the digital age With stunning visual clarity *A History of America in 100 Maps* showcases the power of cartography to illuminate and complicate our understanding of the past Gathered primarily from the British Library's incomparable archives and compiled into nine chronological chapters these one hundred full color maps range from the iconic to the unfamiliar Each is discussed in terms of its specific features as well as its larger historical significance in a way that conveys a fresh perspective on the past Some of these maps were made by established cartographers while others were made by unknown individuals such as Cherokee tribal leaders soldiers on the front and the first generation of girls to be formally educated Some were tools of statecraft and diplomacy and others were instruments of social reform or even advertising and entertainment But when considered together they demonstrate the many ways that maps both reflect and influence historical change Audacious in scope and charming in execution this collection of one hundred full color maps offers an imaginative and visually engaging tour of American history that will show readers a new way of navigating their own worlds National Geographic Almanac of American History John Thompson, James Miller, 2007 Uses images maps historic facts and concise analysis to provide an in depth resource on United States history Looking for America Ardis Cameron, 2008-04-15 Looking for America The Visual Production of Nation and People is a groundbreaking collection that explores the visual in defining the kaleidoscope of American experience and American identity in the 20th century Covers enduringly important topics in American history nationhood class politics of identity and the visual mapping of others Includes editorial introductions suggested readings a primer on how to read an image and a guide to visual archives and collections Well illustrated book for those in American Studies and related fields eager to incorporate the visual into their teaching and telling of the American story **Teaching American History in a Global Context** Carl J. Japanese Americans and the Racial Uniform Dana Y. Nakano, 2023-08-15 How race continues to shape the citizenship and everyday lives of later generation Japanese Americans Japanese Americans are seen as the model minority a group that has fully assimilated and excelled within the US Yet third and fourth generation Japanese Americans continue to report feeling marginalized within the predominantly white communities they call home Japanese Americans and the Racial Uniform explores this apparent contradiction challenging the way society understands the role of race in social and cultural integration To explore race and the everyday practices of citizenship Dana Y Nakano begins at an unlikely site Japanese Village and Deer Park a now defunct Japan themed amusement park in suburban Southern California Drawing from extensive interviews with the park's Japanese American employees as well as photographic imagery Nakano shows how the employees race acted as part of their work uniform and magnified their sense of alienation from their white peers and the park's white visitors While the racial perception of Japanese Americans as forever foreigners made them ideal employees for Deer Park the same stigma continues to marginalizes Japanese Americans beyond the place and time of the amusement park Into the present day third and fourth generation Japanese Americans share feelings of racialized non belonging and yearning for community Japanese Americans and the Racial Uniform pushes us to rethink the persistent recognition of racial markers the racial body as a visible ever present uniform and how it continues to impact claims on an American identity and the lived experience of citizenship
