Looking Into Degas Uneasy Images Of Women And Modern Life:

Looking Into Degas Eunice Lipton, Edgar Degas, 1988 Discusses the themes and cultural background of Degas paintings and explains how they deal with class sexuality and work *Looking Into Degas* Eunice Lipton, 1988 Gender, Space, and the Gaze in Post-Haussmann Visual Culture Temma Balducci, 2017-03-27 Charles Baudelaire's flâneur as described in his 1863 essay *The Painter of Modern Life* remains central to understandings of gender space and the gaze in late nineteenth century Paris despite misgivings by some scholars Baudelaire's privileged and leisurely figure at home on the boulevards underlies theorizations of bourgeois masculinity and by implication bourgeois femininity whereby men gaze and roam urban spaces unreservedly while women lacking the freedom to either gaze or roam are wedded to domesticity In challenging this tired paradigm and offering fresh ways to consider how gender space and the gaze were constructed this book attends to several neglected elements of visual and written culture the ubiquitous male beggar as the true denizen of the boulevard the abundant depictions of well to do women looking sometimes at men the popularity of windows and balconies as viewing perches and the overwhelming emphasis given by both male and female artists to domestic scenes The book's premise that gender space and the gaze have been too narrowly conceived by a scholarly embrace of Baudelaire's flâneur is supported across the cultural spectrum by period sources that include art criticism high and low visual culture newspapers novels prescriptive and travel literature architectural practices interior design trends and fashion journals *City of Eros* Timothy J. Gilfoyle, 1994 Winner of the Allan Nevins Prize of the Society of American Historians and the New York State Historical Association Manuscript Prize "Women, Femininity and Public Space in European Visual Culture, 1789-1914" Temma Balducci, 2017-07-05 Focusing on images of or produced by well to do nineteenth century European women this volume explores genteel femininity as resistant to easy codification vis is the public Attending to various iterations of the public as space sphere and discourse sixteen essays challenge the false binary construct that has held the public as the sole preserve of prosperous men By contrast the essays collected in *Women Femininity and Public Space in European Visual Culture 1789-1914* demonstrate that definitions of both femininity and the public were mutually defining and constantly shifting In examining the relationship between affluent women femininity and the public the essays gathered here consider works by an array of artists that includes canonical ones such as Mary Cassatt and Frans G. M. W. Verelsteyn as well as understudied women artists including Louise Abbéma and Bronzia Koller The essays also consider works in a range of media from fashion prints and paintings to private journals and architectural designs facilitating an analysis of femininity in public across the cultural production of the period Various European centers including Madrid Florence Paris Brittany Berlin and London emerge as crucial sites of production for genteel femininity providing a long overdue rethinking of modern femininity in the public sphere **The Invisible Flâneuse?** Aruna D'Souza, Tom McDonough, 2006 This collection of essays revisits gender and urban modernity in nineteenth century Paris in the wake of changes to the fabric of the city and social life In rethinking the

figure of the fl neur the contributors apply the most current thinking in literature and urban studies to an examination of visual culture of the period including painting caricature illustrated magazines and posters Using a variety of approaches the collection re examines the long held belief that life in Paris was divided according to strict gender norms with men free to roam in public space while women were restricted to the privacy of the domestic sphere http://www.loc.gov/catdir/enhancements/fy0743/2007533305_d.html Representing the Black Female Subject in Western Art Charmaine A. Nelson,2010-06-10 Charmaine A Nelson analyzes not only how where why and by whom black female subjects have been represented in Western art but also what the social and cultural impacts of the colonial legacy of racialized western representation have been She poses critical questions about the contexts of production the problems of representation the pathways of circulation and the consequences of consumption Dress and Identity in British Literary Culture, 1870-1914 Rosy Aindow,2016-12-05 Rosy Aindow examines the way fiction registered and responded to the emergence of a modern fashion industry during the period 1870 1914 She traces the role played by dress in the formation of literary identities with specific attention to the way that an engagement with fashionable clothing was understood to be a means of class emulation The expansion of the fashion industry in the second half of the nineteenth century is generally considered to have had a significant impact on the way in which lower income groups in particular encountered clothing many were able to participate in fashionable consumption for the first time Remaining alert to the historical specificity of these events this study argues that the cultural perception of the expansion of the industry namely a predominantly bourgeois fear that it would result in a democratisation in dress had a profound effect on the way in which fashion was approached by contemporary writers Drawing on existing cultural analogies that associated fashion with women and artifice it concludes that women were particularly implicated in fictional accounts of class mobility This transgression applied not only to women who wore fashionable clothing but to those working in the fashion industry itself An allusion to fashion has a socio specific meaning one which gained a new potency in late nineteenth and early twentieth century narratives as a vehicle for the expression of class anxieties *Feminism and Tradition in Aesthetics* Peggy Zeglin Brand,Carolyn Korsmeyer,2010-11-01 **Maternal Breast-Feeding and Its Substitutes in Nineteenth-Century French Art** Gal Ventura,2018-10-02 In *Maternal Breast Feeding and Its Substitutes in Nineteenth Century French Art* Gal Ventura investigates the ideological concepts behind the endorsement of maternal breast feeding in modern Western society Using diverse visual and textual sources and surveying hundreds of artworks produced from the time of the French Revolution to the beginning of the twentieth century Ventura reveals the historical political religious and economic factors that shaped the representations of breast feeding and its substitutes in French art She thus sheds light on the changing attitudes toward maternal breast feeding in nineteenth century France which have had a considerable impact on the glorification of breast feeding in the Western world to this very day **Figures of Ill Repute** Charles Bernheimer,1997 Ubiquitous in the streets and brothels of nineteenth century Paris

the prostitute was even more so in the novels and paintings of the time Charles Bernheimer discusses how these representations of the sexually available woman express male ambivalence about desire money class and the body Interweaving close textual analysis with historical anecdote and theoretical speculation Bernheimer demonstrates how the formal properties of art can serve strategically to control anxious fantasies about female sexual power Drawing on methods derived from cultural studies psychoanalysis social history feminist theory and narrative analysis this interdisciplinary classic available now for the first time in paperback was awarded Honorable Mention in 1990 for the James Russell Lowell prize awarded by the Modern Language Association for the best book of criticism *Ashcan Art, Whiteness, and the Unspectacular Man* Alexis L. Boylan, 2017-04-20 Arriving in New York City in the first decade of the twentieth century six painters Robert Henri John Sloan Everett Shinn Glackens George Luks and George Bellows subsequently known as the Ashcan Circle faced a visual culture that depicted the urban man as a diseased body under assault Ashcan artists countered this narrative manipulating the bodies of construction workers tramps entertainers and office workers to stand in visual opposition to popular political and commercial cultures They did so by repeatedly positioning white male bodies as having no cleverness no moral authority no style and no particular charisma crafting with consistency an unspectacular man This was an attempt both radical and deeply insidious to make the white male body stand outside visual systems of knowledge to resist the disciplining powers of commercial capitalism and to simply be with no justification or rationale Ashcan Art Whiteness and the Unspectacular Man maps how Ashcan artists reconfigured urban masculinity for national audiences and reimaged the possibility and privilege of the unremarkable white male body thus shaping dialogues about modernity gender and race that shifted visual culture in the United States **Daniel After Babylon** Jennie Grillo, 2024 Jennie Grillo traces across cultures and languages the reception history of the Additions to the Book of Daniel through three key themes martyrdom afterlife worlds and the act of seeing beauty Exploring commentary iconography fine art and more this study demonstrates the longer Daniel book's abiding significance for theology **Van Gogh's Progress** Carol Zemel, 2023-12-22 In Carol Zemel's insightful reinterpretation of Van Gogh's work and career the artist is seen as a determined modern professional instead of the tortured romantic hero that legend has given us Zemel's fresh approach emphasizes the utopian idealism that infused both Van Gogh's life and his pictures She looks at the artist's career from 1882 to 1890 through six utopian projects or professional schemes each embodying a specific societal crisis for Van Gogh's generation women and sexuality the rural artisan republican citizenry professional identity the burgeoning art market and the construction of a modern rural ideal Zemel reveals how each endeavor as Van Gogh treated it offered a vision of utopian possibility She also analyzes broader historical problems encountered by all avant garde artists of the late nineteenth century Zemel carefully examines Van Gogh's letters and work and also draws from municipal archives local histories nineteenth century literature and contemporaneous criticism Her handsomely illustrated book essential reading for art historians and scholars of late nineteenth century history

and French studies will also captivate anyone interested in Vincent van Gogh In Carol Zemel s insightful reinterpretation of Van Gogh s work and career the artist is seen as a determined modern professional instead of the tortured romantic hero that legend has given us Zemel s fresh approach emphasizes the utopian idealism that

W.J.T. Mitchell's Image Theory
