Los Mojados The Wetback Story

**United States. Congress. House.
Committee on the Judiciary**

Los Mojados The Wetback Story:

Los Mojados Julian Samora, 1971 The plight of impoverished Mexicans also known as Braceros entering the U S A as illegal aliens with appendix of documents pleading for fair solutions to this problem **Illegal Aliens: Washington, D.C.- May 5 and June 3, 1971; Los Angeles, Calif.- June 19 and 21, 1971** United States. Congress. House. Committee on the Judiciary, 1971 **Mexicano Political Experience in Occupied Aztlan** Armando Navarro, 2005-07-14 This exciting new volume from Armando Navarro offers the most current and comprehensive political history of the Mexicano experience in the United States He examines in depth topics such as American political culture electoral politics demography and organizational development Viewing Mexicanos today as an occupied and colonized people he calls for the formation of a new movement to reinvigorate the struggle for resistance and change among Mexicanos Navarro envisions a new political and cultural landscape as the dominant Latino population Re Mexicanizes the U S into a more multicultural and multiethnic society This book will be a valuable resource for political and social activists and teaching tool for political theory Latino politics ethnic and minority politics race relations in the United States and social movements *Contemporary Mexico* James W. Wilkie, Michael C. Meyer, Monzon de Wilkie Edna, 2023-07-28 Contemporary Mexico Insights from the IV International Congress of Mexican History brings together an interdisciplinary collection of papers presented at the 1973 Congress held in Santa Monica California This landmark volume delves into the complexities of 20th century Mexican history through diverse perspectives including anthropology economics political science sociology and more The contributors aim to provide a nuanced and comprehensive view of Mexico's modern developments offering new interpretations reevaluations and a synthesis of the latest research From pre Hispanic themes to land reform political transitions and cultural shifts this work captures the evolving scholarly focus on Mexico's rich and multifaceted history reflecting the growing maturity and internationalization of Mexican studies The book also highlights the transformation of the Congresses themselves charting their evolution from a focus on U S Mexico comparative history to a specialized exploration of Mexican realities Featuring insights from distinguished scholars including analysis of social dynamics leadership roles and international relations Contemporary Mexico stands as a critical resource for students researchers and anyone interested in the historical forces shaping modern Mexico The volume not only underscores the importance of interdisciplinary collaboration but also points toward future directions for Mexican studies in a global context This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976 *Barrio Gangs* James Diego Vigil, 2010-07-05 Within the Mexican American barrios of Los Angeles gang activity including crime and violent acts has grown and flourished In the past community leaders and law enforcement officials have approached the problem not as

something that needs to be understood but only as something to be gotten rid of Rejecting that approach James D Vigil asserts that only by understanding the complex factors that give birth and persistence to gangs can gang violence be ended Drawing on many years of experience in the barrios as a youth worker high school teacher and researcher Vigil identifies the elements from which gangs spring isolation from the dominant culture poverty family stress and crowded households peer pressure and the adolescent struggle for self identity Using interviews with actual gang members he reveals how the gang often functions as parent school and law enforcement in the absence of other role models in the gang members lives And he accounts for the longevity of gangs sometimes over decades by showing how they offer barrio youth a sense of identity and belonging nowhere else available *Studies In The Transformation Of U.S. Agriculture* A. Eugene Havens, Gregory Hooks, Patrick H Mooney, Max Pfeffer, 2019-09-05 In recent years the consensual view of rural society has been challenged by theorists identifying the conflict exploitation and power relations in rural society Beyond this theoretical challenge empirical studies of the sociology of agriculture have provided a fresh understanding of the dynamics of U S agriculture This book contributes to the growing literature by providing a historical perspective The contributors explore historical developments in U S agriculture within the context of the larger political economy The book opens with a review of the similarities and differences between the critical rural sociology of today with that of the 1930s and moves on to a study of the accumulation process in U S agriculture Other issues covered include the erosion of the southern class structure during and after the 1930s the landed aristocracy's reassertion in the post bellum south changes in the class structure and locus of agriculture in the midwest and historical developments in the labor process and in capitalist agriculture in California The concluding chapter provides a framework for studying both the origins and the consequences of state agriculture policies **The Latino/a Condition** Richard Delgado, Jean Stefancic, 1998-05 All too often groups who do not effectively define themselves find that others assume the power to explain them Until recently this has certainly been the case with American Latinos as evidenced by demeaning media stereotypes and the group's near invisibility in U S history texts Indeed as the demise of the Soviet empire shifted America's national anxieties to domestic irritants images of Latinos as changed for the worse Immigration reform acts in 1965 and 1986 brought millions of new immigrants from Latin American countries By the end of the 1980s their presence had become vexing to many English only movements sprang up Bilingual education came under attack Movements to close the border gained momentum Now Latinos are speaking back The Latino Condition brings together some of these new voices and some of the pioneers in law sociology history politics and literature This pathbreaking volume addresses such questions as Who exactly is a Latino a Who is Hispanic Who is Chicano a How did Spanish speaking people come to the United States Should the United States try to control Latino a immigration and is this even possible How has the silent minority been stereotyped by popular culture Why don't traditional civil rights remedies work for Latinos as Is assimilation possible or even desirable for all Latinos as What makes for conflict between Latinos as and other racial groups

Are Latinos as a race or an ethnicity Should Latino children be taught in Spanish What can border theory tell us about culture language and power **Culture Across Borders** David Maciel, Mar'a Herrera-Sobek, 1998 For as long as Mexicans have emigrated to the United States they have responded creatively to the challenges of making a new home But although historical sociological and other aspects of Mexican immigration have been widely studied its cultural and artistic manifestations have been largely overlooked by scholars even though Mexico has produced the greatest number of cultural works inspired by the immigration process And recently Chicana o artists have addressed immigration as a central theme in their cultural productions and motifs Culture across Borders is the first and only book length study to analyze a wide range of cultural manifestations of the immigration experience including art literature cinema corridos and humor It shows how Mexican immigrants have been depicted in popular culture both in Mexico and the United States and how Mexican and Chicano Chicana artists intellectuals and others have used artistic means to protest the unjust treatment of immigrants by U S authorities Established and upcoming scholars from both sides of the border contribute their expertise in art history literary criticism history cultural studies and other fields capturing the many facets of the immigrant experience in popular culture Topics include the difference between Chicano a and Mexican representation of immigration how films dealing with immigrants are treated differently by Mexican Chicano and Hollywood producers the rich literary and artistic production on immigration themes and the significance of immigration in Chicano jokes As a first step in addressing the cultural dimensions of Mexican immigration to the United States this book captures how the immigration process has inspired powerful creative responses on both sides of the border **The Tarnished Golden Door** United States Commission on Civil Rights, 1980

The Tarnished Golden Door Nicasio Dimas, Donald Chou, Phyllis K. Fong, United States Commission on Civil Rights, 1980 Report commenting on immigration legislation and immigration policy in respect of immigrant civil rights in the USA examines historical and contemporary discrimination in the immigration laws service and adjudication functions of the Immigration and Naturalization Service role of the Department of State government agency employer sanctions the expulsion process rights of detainees after detention or apprehension and the investigation of misconduct complaints References
