Object Lessons How Nineteenth Century Americans Learned to Make Sense of the Material World examines the ways material things objects and pictures were used to reason about issues of morality race citizenship and capitalism as well as reality and representation in the nineteenth century United States For modern scholars an object lesson is simply a timeworn metaphor used to describe any sort of reasoning from concrete to abstract But in the 1860s object lessons were classroom exercises popular across the country Object lessons helped children to learn about the world through their senses touching and seeing rather than memorizing and repeating leading to new modes of classifying and comprehending material evidence drawn from the close study of objects pictures and even people In this book Sarah Carter argues that object lessons taught Americans how to find and comprehend the information in things from a type metal fragment to a whalebone sample Featuring over fifty images and a full color insert this book offers the object lesson as a new tool for contemporary scholars to interpret the meanings of nineteenth century material cultural and intellectual life      *A Handbook on Spoken English for Filipinos* ,      The Kindergarten for Teachers and Parents ,1889      *Strapping Suzette* Yolanda Celbridge,2003 Hoping to get away from England by visiting French Guiana Suze is struck by the locals and their attitude to SM rituals The gifted employees of the French space industry make them look like rank amateurs and Suze realises that if she were after freedom this is the last place she will find it      **Chinese Lessons** John Pomfret,2024-06-04 A first hand account of China s transformation over the past forty years as seen through the life of an award winning journalist and his four Chinese classmates A highly personal honest funny and well informed account of China s hyperactive effort to forget its past and reinvent its future The New York Times Book Review As a twenty two year old exchange student at Nanjing University in 1981 John Pomfret was one of the first American students to be admitted to China after the communist revolution Twenty years later he returned and immersed himself again in the remarkable lie stories of his former classmates In Chinese Lessons
