Miss Thistlebottom's Hobgoblins Theodore M. Bernstein, 2024-03-26 Once you recall that Miss Thistlebottom was your elementary school teacher who laid down all manner of taboos concerning the use of language you will have an idea of what this book is about In no sense permissive or radical it topples the taboos that lack historical logical or grammatical basis It is a refreshing look at our living language the perfect companion to the author's indispensable work *The Careful Writer* Mr Bernstein writes four letters to Miss Thistlebottom that divide the book into four sections Witchcraft in Words Syntax Scarecrows Imps of Idioms and Spooks of Style Can there be more than two alternatives You'll find the answer in the Words section Can something grow smaller Ditto How about Split Infinitives is it proper to ever split one Is none invariably singular Take a look in the Syntax section Isn't it absurd to say if worst comes to worst rather than if worse comes to worst or to say head over heels rather than heels over head The section on idioms will enlighten you on these absurdities And then is a preposition a proper word to end a sentence with The section on Style will show you that some authoritarians don't know what they are talking about and don't know what rules are for The scores and scores of entries in this book are crisp lightly written and amply provided with illustrative material They are designed to help anyone who writes anything the student the reporter the copy editor the professional writer cast off the inhibitions and prohibitions that lack validity and cramp his writing style An Appendix includes some rare out of print sources of some of the bogies William Cullen Bryant's Index Expurgatorius for writers on the old New York Post James Gordon Bennett's Don't List for writers on the old New York Herald and Ambrose Bierce's blacklist Write It Right *Miss Thistlebottom's Hobgoblins* Theodore Menline Bernstein, 1971-01-01 *Miss Thistlebottom's Hobgoblins; the Careful Writer's Guide to the Taboos, Bugbears, and Outmoded Rules of English Usage* Theodore Menline Bernstein, 1971 U.S. Environmental Protection Agency Library System Book Catalog Holdings as of July 1973 United States. consistent standard throughout Garner's Modern American Usage 3e is the first usage guide ever to incorporate such a language change index and the judgments are based both on Garner's own original research in linguistic corpora and on his analysis of hundreds of earlier studies Another first in this edition is the panel of critical readers 120 plus commentators who have helped Garner reassess and update the text so that every page has been improved
