Handbook for the Amateur Paranormal Investigator: Part II Brian D. Parsons, How to conduct paranormal investigations *The "E4" Method: Breaking the Mold of Paranormal Investigation* Brian D. Parsons,2013-02-28 A blend of traditional and non traditional approaches toward client centered paranomal investigation The methodology provides a solid structure as compared to random methods used by ghost investigators

Handbook for the Amateur Paranormal Investigator Or Ghost Hunter Brian D. Parsons,2008-05 How to conduct paranormal investigations **Handbook for the Amateur UFO Investigator** Brian D. Parsons,2017-07-06 The Handbook for the Amateur UFO Investigator explores the

historical and cultural side of UFOs as it ties into our current beliefs in UFO and related experiences From there it pulls back the curtain to reveal some of the logical explanations behind an overwhelming majority of UFO sightings This book provides a balanced view of Unidentified Flying Objects and attempts to arm the reader with a skeptical mind and an eye for detail A thorough interviewing methodology basic investigation and research methods as well as a variety of additional resources will help get you started on your way to becoming a successful UFO researcher and investigator Lies Have Ruined the World Dennis Richard Proux,2012-05 Every statement that a person makes is either true or false that is a lie In his comprehensive study Lies Have Ruined the World author Dennis Proux seeks to expose the dishonesty myths and fabrications provided by powerful influences in the most important areas of our lives including religious institutions government and our legal system Proux feels that all humans yearn to be free to discover their own worlds and realize their full potential While relying on the wisdom and insight from such authors as Charles Darwin Thomas Paine Carl Sagan and countless others Proux offers a compelling glimpse into the lies surrounding western monotheistic religions Wall Street and our nation s government and justice system As he examines biblical tales reveals corruption within our society and dissects many painful realities Proux offers insight and potential solutions that will ultimately inspire a life based on fact and honesty rather than on fiction and lies Lies Have Ruined the World encourages seekers of the truth to explore their own perceptions of the failure of western institutions to garner and hold trust **Monsters** John Michael Greer,2021-10-31 An Investigator s Guide to Magical Beings that takes you on a harrowing journey into the realm of monsters and the reality of the impossible Monsters brings together folklore Western magical philosophy and field experience This book is required reading for both active and armchair monster hunters Between these covers you will find a chilling collection of fiendish facts and folklore such as why true vampires are the least attractive five different kinds of ghosts the magical origins of the werewolf legends hidden connections between faery lore and UFOs and where dragons are found today This is an essential field guide to monsters from angels to zombies with advice on monster investigation and magical self defence This latest edition not only has a new chapter on tulpas but the chapters on vampires and chimeras are significantly expanded with new material Plus the section on monster investigation has been thoroughly updated with details on new technology and the approach of the media to monster hunting **The Science of Ghosts** Joe Nickell,2012-07-03 Are ghosts real Are there truly haunted places only haunted people or both And how can we know Taking neither a credulous nor a dismissive approach this first of its kind book solves those perplexing mysteries and more even answering the question of why we care so very much Putting aside purely romantic tales this book examines the actual evidence for ghosts from eyewitness accounts to mediumistic productions such as diaphanous forms materializing in dim light spirit photographs ghost detection phenomena and even CSI type trace evidence Offering numerous exciting case studies this book engages in serious investigation rather than breathless mystifying Pseudoscience folk legends and outright hoaxes are challenged and exposed while the historical cultural and scientific aspects of ghost

experiences and haunting reports are carefully explored The author the world's only professional paranormal investigator brings his skills as a stage magician private detective folklorist and forensic science writer to bear on a topic that demands serious study

Adventures in Paranormal Investigation Joe Nickell, 2013-12-06 Paranormal investigator Joe Nickell is equally at home when recreating the mysterious Nasca lines at a remote site in Kentucky as he is in his research lab at the office of the Committee for Skeptical Inquiry He has traveled the world seeking to understand its strange mysteries Nickell does not engage in hype or sensationalism yet he avoids the instinctive dismissiveness of many skeptics Instead he scientifically investigates the claims he encounters with the intention of finding the truth Guided by the notion that the extent of the evidence must be commensurate with the extent of the claim and by the principle of Occam's Razor that the simplest tenable explanation is most likely correct Nickell has spent his career uncovering the truth behind seemingly inexplicable phenomena In *Adventures in Paranormal Investigation* Nickell presents the case files of his examinations of claims ranging from alien abductions to zoological enigmas He investigates snake charmers alien autopsies crystal skulls a Russian girl with X ray eyes Jack the Ripper and a haunted gas chamber at Dachau among many others He even reveals how intuition has changed his life causing him to meet the daughter he never knew he had Nickell brings his trademark skepticism to each investigation carefully observing each claim and using scientific methods honed over many years to discover the real stories behind these fascinating tales

A Brief Guide to Ghost Hunting Leo Ruickbie, 2013-08-15 There has been an upsurge in books television programmes films and websites exploring the reality or otherwise of the spirit world Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in 1882 has ghost hunting been so popular Television and the internet in particular have fueled this new level of interest creating a modern media phenomenon that spans the globe But while the demand for information is high good information remains scarce *A Brief Guide to Ghost Hunting* leads us through the process of ghost hunting from initially weighing the first report to choosing equipment and investigating and identifying the phenomena with an analysis of the best places to go looking methods of contacting the spirit world how to explain paranormal activity and crucially how to survive the encounter However it is also a book about ghost hunting itself drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories *A Ghost Hunting Survey* makes use of interviews with those billing themselves as ghost hunters to find out their views motivations and experiences New and original research makes use of statistics to map the nebulous world of apparitions while a *Preliminary Survey of Hauntings* offers an analysis of 923 reported phenomena from 263 locations across the UK This is as far as possible an objective presentation of ghosts and ghost hunting It is no wonder that mainstream science largely refuses to deal with the subject it is too complicated Without trying to convince you of any viewpoint this book is intended to help you understand more

Hauntings and Poltergeists James Houran, Rense Lange, 2015-08-13 Few people can claim the distinction of experiencing first hand such occurrences as hauntings and the

presence of poltergeists but countless numbers of people are fascinated by these unexplainable events Written by the world's most knowledgeable authorities in this field the essays in this work promote a better understanding of the manifestations of and various reasons for hauntings and poltergeist phenomena The experts come from such backgrounds as anthropology history philosophy psychiatry and sociology and provide sober yet highly readable in depth discussions of numerous ideas and rationalizations for hauntings and poltergeists from a critical and scientific perspective Divided into three major sections sociocultural physical and physiological and psychological perspectives this work provides an overview of each perspective and also addresses the general psychology of belief in the paranormal and how that belief relates to experiences with ghosts and poltergeists
