Raven Walker, 2005-02 *Missing in Action* was written in one month on a farm on the Little Nemaha in the summer of 1981 from notes contemporary with 1979 New York City The work belongs to the genre established by Joyce present in American Literature as *The Great Gatsby* *The Sun Also Rises* and *Catcher in the Rye* the contemporary novel written in the time of its setting using the selective stream of consciousness of a first person observer to tell the story It is the story of frontier inversion of a famed generation putting itself up for sale in the slaving markets of the Big Apple of a journey into the regenerations of primitivism of the return of the West to the spawning grounds of the East like one joins the French Foreign Legion to escape and forget a stray splash from the whirlpools of the dispersion occurring within American society after the Viet Nam War Era

Jaitley,2023-01-23 In Search of an Adarsh Indian State In India public policies are all around us Despite this pervasiveness yeh public sab nahin jaanti hai the public doesn't know it all Questions are rarely asked of the Indian State the institution that makes rules bends them and punishes others for breaking the laws it creates The privileged can afford not to think about the State because we have given up on it The not so privileged have resigned themselves to a State that provides short term benefits Either way we seldom pause to reflect on why the Indian State works the way it does Missing in Action aims to change such perceptions through sketches from everyday experiences to illustrate India's tryst with public policymaking It acquaints the reader with some fundamental concepts of the public policy discipline It explains the logic or the lack of it of the Indian State's actions shortcomings constraints and workings Jargon free and accessibly written the book achieves the difficult task of both entertaining and educating There have been many books about Indian society but none so far about the Indian state Missing in Action fills that gap and how Kotasthane and Jaitley are two of our finest thinkers and their writing combines a surgeon's precision with a poet's art of revealing the unseen They paint both the big picture and the small details This book is a masterpiece that will be essential reading 50 years from now If you want to understand India you should read Missing in Action Amit Varma Creator of The Seen and the Unseen Podcast and The India Uncut Blog Missing in Action is a thoroughly engaging entertaining and educational book The book helps readers understand why the Indian State is the way it is powerful yet ineffective well intentioned yet weak and ambitious yet underperforming A must read for everyone Rohini Nilekani Philanthropist Author of Samaaj Sarkaar Bazaar a citizen first approach The policy outcomes are the result of the three important forces society market and the Government This wonderful book by Pranay Kotasthane and Raghu S Jaitley beautifully tells you why and how this happens Their pedagogical strategy is deceptively simple but very effective The book has many real life examples of both policy triumphs and disasters in our country and the authors lucidly explain the how and why I would urge you to read this remarkably perceptive book that is analytically rich while making the learning ride very enjoyable Vijay Kelkar Chairman Thirteenth Finance Commission and former Finance Secretary Government of India
