## **Mission And Conversion Proselytizing In The Religious History Of The Roman Empire:**

Mission and Conversion Martin Goodman, 1994 This book tackles a central problem of comparative religious history proselytizing by Jews and pagans in the ancient world and the origins of missions in the early Church Why did some individuals in the first four centuries of the Christian era believe it desirable to persuade outsiders to join their religious group while others did not In this book the author offers a new hypothesis about the origins of Christian proselytizing arguing that mission is not an inherent religious instinct that in antiquity it was found only sporadically among Jews and pagans and that even Christians rarely stressed its importance in the early centuries Much of the book focusses on the history of Judaism in late antiquity Dr Goodman makes a detailed and radical re evaluation of the evidence for Jewish missionary attitudes in the late Second Temple and Talmudic periods questioning many commonly held assumptions in particular the view that Jews proselytized energetically in the first century CE This leads him on to take issue with the common notion that the early Christian mission to the gentiles imitated or competed with contemporary Jews Finally the author puts forward some novel suggestions as to how the Jewish background to Christianity may nonetheless have contributed to the enthusiastic adoption of universal proselytizing by some followers of Jesus in the apostolic age

**Mission and Conversion** Martin Goodman, 1994 This book tackles a central problem of comparative religious history proselytizing by Jews and pagans in the ancient world and the origins of missions in the early Church Why did some individuals in the first four centuries of the Christian era believe it desirable to persuade outsiders to join their religious group while others did not In this book the author offers a new hypothesis about the origins of Christian proselytizing arguing that mission is not an inherent religious instinct that in antiquity it was found only sporadically among Jews and pagans and that even Christians rarely stressed its importance in the early centuries *Early Christ Groups and Greco-Roman Associations* Richard S. Ascough, 2022-06-20 Over the past two and a half decades there has been an increasing interest in how the data from the associations known primarily from inscriptions and papyri can help scholars better understand the development of Christ groups in the first and second centuries Richard Ascough's work has been at the forefront of promoting the associations and applying insights from inscriptions and papyri to understanding early Christian texts This book collects together his most important contributions to the scholarly trajectory as it developed over a two decade period A fresh introduction orients the sixteen previously published articles and essays which are arranged into three sections the first dealing with associations as a model for Christ groups the second focused on how associations and Christ groups interacted over recruitment and the third on two key elements of group life meals and memorializing the dead

*The Gospel Among the Nations: A Documentary History of Inculturation* Hunt, Robert A, 2014-04-10 The Gospel Among the Nations brings together in a single volume the most important primary documents illustrating how Christians have dealt with the most fundamental issue of the church's mission how to translate the gospel in new cultural settings The texts range

from Pope Gregory's famous instructions to Augustine of Canterbury on his mission to England to W E Hocking's fateful Attitudes toward People of Other Faiths Beginning with a masterful introduction to the theme Robert Hunt assembles scores of texts that reveal the way that missionaries church leaders and local Christians have contributed to the extension of Christianity over two millennia and thus made it truly a world religion The Gospel Among the Nations is an essential resource for students researchers and practitioners in world Christian history and mission studies

*The Mission of the Church: In Paul's Letter to the Philippians in the Context of Ancient Judaism* J. Patrick Ware, 2005 Illuminating the Jewish context of early Christian mission this study through close exegesis of Paul's letter to the Philippians reveals the crucial place of the mission of the church in Paul's thought

*Decline and Change in Late Antiquity* J.H.W.G. Liebeschuetz, 2024-10-28 The essays in this second collection of articles by Professor Liebeschuetz deal with several aspects of the history of Late Antiquity One theme is the prehistory of Late Antique ethical monotheism which is illustrated by studies of pagan cults Mithraism and Judaism Several essays discuss the nature of the people who took over large areas of the Western Roman Empire especially the Visigoths and the Vandals The author insists that the continuing ethnogenesis of these groups was made possible by customs and traditions some of them going back before the entry of these peoples into the Empire It is argued that the fact that formal possession of Roman citizenship became unimportant helped the barbarian settlers to expand their groups and to consolidate their ethnic solidarity Other papers deal with the historiography of Late Antiquity and more generally with the writings of historians from Thucydides to A H M Jones and Peter Brown The anxiety of today's historians to reject the concept of decline is linked to current political concerns especially to the ideology of multiculturalism A recurring theme is the relationship between the historian's own background and his or her writing

**Transcending Mission** Michael W Stroope, 2017-03-16 Today the language of mission is in disarray Where do the language and idea of mission come from Do they truly have precedence in the early centuries of the church Michael Stroope investigates these questions and shows how the language of mission is a modern phenomenon that shaped a grand narrative of mission He then offers a way forward

Jews, Christians, and the Roman Empire Natalie B. Dohrmann, Annette Yoshiko Reed, 2013-11 This volume revisits issues of empire from the perspective of Jews Christians and other Romans in the third to sixth centuries Through case studies the contributors bring Jewish perspectives to bear on longstanding debates concerning Romanization Christianization and late antiquity

**Life and Practice in the Early Church** Steve McKinion, 2001-08 A collection of primary texts revealing how early Christians practiced their faith Life and Practice in the Early Church brings together a range of primary texts from the church's first five centuries to demonstrate how early Christians practiced their faith Rather than focusing on theology these original documents shed light on how early believers did church addressing such practical questions as how did the church administer baptism How were sermons delivered How did the early church carry out its missions endeavors Early Christian writings reveal a great deal about the tradition as well as the wider culture in which it developed Far from being monolithic the documents which present the voices of the early church fathers in their own words demonstrate variation and diversity regarding how faith was worked out during the patristic period The texts illuminate who was eligible for baptism what was expected of worshippers how the Eucharist was celebrated and how church offices and their functions were organized Contextual introductions explain practices and their development for those with little prior knowledge of Christian history or tradition The pieces included here all in accessible English translation represent such sources as Justin Martyr Tertullian the Cappadocians Cyril of Jerusalem John Chrysostom and Augustine

**Christology from Within and Ahead** Mark L. Y. Chan, 2001 A hermeneutical Christology is developed which takes into account the historical contingency of knowledge Through the proposed models of Christology from within and from ahead it underscores the role of tradition experience and eschatology in the formulation of Christology

*Woman's Place* Carolyn Osiek, 2009-12-01 This focused look at women in the household context discusses the importance of issues of space and visibility in shaping the lives of early Christian women Several aspects of women's everyday existence are investigated including the lives of wives widows women with children female slaves women as patrons household leaders and teachers In addition several key themes emerge hospitality dining practices and the extent of female segregation **Jesus and the Origins of the Gentile Mission** Michael F. Bird, 2006-01-01 Bird argues that Jesus was attempting to achieve and enact the restoration of Israel and in continuity with other strands of Jewish belief Jesus conceived of the restoration of Israel as resulting in the salvation of the gentiles Jesus mission was Israel centric but he espoused a view of restoration that was indebted to certain strands of Israel's sacred traditions where the gentiles are implicit beneficiaries of Israel's salvation Since this restoration was already being partially realized in Jesus ministry it was becoming possible for gentiles to begin sharing in Israel's salvation in the present Additionally Jesus understood himself and his followers to be the new temple and the vanguard of the restored Israel who would appropriate for themselves the role of Israel and the temple in being a light to the nations Thus a gentile mission has its germinal roots in the aims and intentions of Jesus and was developed in a transformed situation by adherents of the early Christian movement *Christianity in Relation to Jews, Greeks, and Romans* Everett Ferguson, 1999 First published in 1999 Routledge is an imprint of Taylor Francis an informal company *Heralds and Community* Bo Young Kang, 2016-08-30 This book is part of the ongoing debate about Paul's understanding of the relationship between his own mission and the church's While this study endorses some previous scholarship on Paul's silence about the church's proactive evangelism in his letters it argues that explanations for such silence cannot be adequately made from exegetical conclusions on related texts alone Rather this study suggests that constructing a plausible conception of mission as understood by Paul influenced by the impact of the Jesus tradition and Jewish restoration eschatology is essential for explaining Paul's thinking Dr Kang proposes that Paul's silence regarding congregational evangelism is due to his unique two pronged conception of mission one being the event of eschatological heralds the other being the event of eschatological community *Targums and the Transmission of Scripture Into Judaism and Christianity* Robert Hayward, 2010 These essays explore ancient Jewish Bible interpretation preserved in the Aramaic Targums bringing it into conversation with Rabbinic and Christian scriptural exegesis and setting it in the larger world of ancient translations of the Bible *The Construct of Identity in Hellenistic Judaism* Erich S. Gruen, 2016-09-12 This book collects twenty two previously published essays and one new one by Erich S Gruen who has written extensively on the literature and history of early Judaism and the experience of the Jews in the Greco Roman world His many articles on this subject have however appeared mostly in conference volumes and *Festschriften* and have therefore not had wide circulation By putting them together in a single work this will bring the essays to the attention of a much broader scholarly readership and make them more readily available to students in the fields of ancient history and early Judaism The pieces are quite varied but develop a number of connected and related themes

Jewish identity in the pagan world the literary representations by Jews and pagans of one another the interconnections of Hellenism and Judaism and the Jewish experience under Hellenistic monarchies and the Roman empire     **Jews, Christians and Jewish Christians in Antiquity** James Carleton Paget, 2010 The book which consists of some previously published and unpublished essays examines a variety of issues relevant to the study of ancient Judaism and Christianity and their interaction including polemic proselytism biblical interpretation messianism the phenomenon normally described as Jewish Christianity and the fate of the Jewish community after the Bar Kokhba revolt a period of considerable importance for the emergence not only of Judaism but also of Christianity The volume typically for a collection of essays does not lay out a particular thesis If anything binds the collection together it is the author's attempt to set out the major fault lines in current debate about these disputed subjects and in the process to reveal their complex and entangled character
