Mission Statements John W. Graham, Wendy C. Havlick, 1994-06-06 First published in 1994 *Mission Statements A Guide to the Corporate and Nonprofit Sectors* offers the most exciting opportunities for advancing the study of organization direction in the four decades that it has been actively pursued The study of missions of organizations has remained on the back burner of scholarly pursuits because of the great difficulty that researchers have faced in gathering appropriate formal statements from corporations and nonprofit organizations As a result the importance of missions to distinguish among organizations and to guide the development and execution of implementing strategies has become a nearly universally endorsed but unenthusiastically practiced element in organizational planning activities This information laden new book by John Graham and Wendy Havlick invites managers and academic researchers to undertake the study of missions with greater expectations that much can be learned about the organizations their leaders and their strategies through a comprehensive assessment of their written statements of values and priorities

Encyclopedia of Business Ethics and Society Robert W. Kolb, 2007-08-21 2008 Best Reference Library Journal As a field of study business ethics aims to specify the principles under which businesses must operate to behave ethically Thus business ethics focuses on such issues as those that have recently attracted so much public scrutiny executive compensation honesty in accounting transparency treatment of stakeholders and respect for the environment These are in fact perennial questions that accompany the long history of human economic activity and that will also be present through an indeterminate future The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society that stems from their shared primary concern with value in commerce This Encyclopedia spans the relationships among business ethics and society by including more than 800 entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment Key Features Embraces commerce in all of its ethical and social dimensions Offers comprehensive and fairly lengthy essays on such crucial topics as justice freedom stakeholder theory and regulation Provides very brief essays that introduce important personages in the field while other similarly brief entries explain the nature and function of various organizations Includes contributions from respected authorities in the fields of

management psychology sociology communication political science philosophy and other related fields Cross references to other entries in the Encyclopedia and includes a list of references and suggested readings for each article Key Themes Accounting Applied Ethics Corporate Management and the Environment Corporate Powers Organization and Governance Corporations in the Social Sphere Customers and Consumers Economics and Business Employee Issues Environmental Thought Theory Regulation and Legislation Ethical Thought and Theory Finance Gender Age Ethnicity Diversity and Sexual Preference Information Systems International Social and Ethical Issues Justice Legislation and Regulation Management Marketing Organizations Political Theory Thought and Policy Problematic Practices Rights The Encyclopedia of Business Ethics and Society is the premier reference tool for students scholars practitioners and others interested in gaining knowledge of the role business plays with regard to the environment in which it exists making it a must have resource for all academic libraries Corporate Environmental Policies John W. Graham,Wendy C. Havlick,1999 This volume compiles the complete texts of the environmental policies from some of the world s leading corporations The policy statements form the backbone of the corporation s interaction with its employees customers and regulatory agencies and is often a required first step of participation with environmental business standards Each entry includes brief contact and line of business information as well as information about the corporation s participation with legislation and industry environmental standard

Effective School District Management Fred Dembowski,1999 This publication provides administrators with an instrument that management teams from districts can use for objective self assessment Readers will learn the distinctions between the leader and management roles and how to recognize and evaluate the management related tasks of school leadership **Good for Business** Andrew Benett,Cavas Gobhai,Ann O'Reilly,2010-11-23 In order to satisfy the heightened demands of today s more powerful consumer corporations from Wal Mart to GE are undergoing an evolutionary transformation in the way they do business from their operations and strategies to their relationships with customers and communities Today brands matter a lot and what companies we do business with also matters In Good For Business the authors show not only why building an authentic corporate brand is critical to success but how to do it in a way that creates more loyal customers develops a devoted workforce and makes a social difference in the world at large Program Planning and Evaluation for the Public Manager Ronald D. Sylvia,Kathleen M. Sylvia,2012-03-21 In an era of rapidly shrinking resources efficient utilization of public resources is of paramount importance Health care social services education law enforcement and other fields have established their own standards against which program operations are assessed National accrediting bodies have implemented systems of rigorous peer review to ensure the quality of program processes and outcomes Nongovernmental organizations must demonstrate success in achieving their stated goals in order to sustain or expand program funding In the 21st century process how programs are organized and how work is conducted has become as important as outcomes in determining program effectiveness Responding to these dynamic challenges the authors utilize

concrete case studies to immerse students in the techniques of program evaluation They effectively examine systems theory project planning queuing theory cost benefit analysis and organization processes including standards based program accreditation providing practical examples in an easy to comprehend style In addition comprehensive discussions explain how process intervention is utilized to achieve program adaptations and strategic change Like its highly regarded predecessors the latest edition features evaluation exercises designed to facilitate student development of indicators and measures when dealing with real world programs An Instructors Manual provides solutions to the case studies in the appendix of the text further clarifying the program planning and evaluation process

Standards and Audits for Ethics Management Systems Josef Wieland, 2003-07 Today s management is faced with the new task of implementing and dealing with standardised ethics management systems and values programs It is a widely accepted fact that these have to be designed individually and firm specific if they are to be a success On the one hand these systems are a business card for the companies On the other hand the companies have to meet the growing public demand for evaluating the seriosity of these systems The articles collected in this volume investigate the contents and processes of good corporate practice Their main focus is on the question of integrating the moral values and ethical demands into economic and corporate decisions by ethics standards in a way that is credible and understandable for society The volume presented here is the first of its kind due to the fact that it contains a collection of all relevant European ethics standards which are a part of a modern Good Corporate Governance The reader is provided with an overview of the state of the European discussion
