Encountering Theology of Mission (Encountering Mission) Craig Ott, Stephen J. Strauss, Timothy C.

Tennent, 2010-05-01 This fresh comprehensive text fills a need for an up to date theology of mission. It offers creative approaches to answering some of the most pressing questions in theology of mission and missionary practice today. The authors who are leading mission experts discuss biblical theology of mission, provide historical overviews of the development of various viewpoints, and address theologically current issues in global mission from an evangelical perspective. This readable yet thorough text integrates current views of the kingdom of God and holistic mission with traditional views of evangelism and church planting. It also brings theology of mission into conversation with ecclesiology and eschatology. Topics covered include contextualization, the missionary vocation, church and mission, and theology of religions. Sidebars and case studies enable readers to see how theology of mission touches real life mission practice. *Eclipse in Mission* Rob

Goodwin, 2012-07-06 A silent crisis has been taking place for some time now: an ongoing eclipse in mission whereby our understanding of what it is has been obscured by the idols of our Christian passions and biblical perspectives. Wherever that crisis has been perceived, energetic responses have been proposed, and much has been done in the name of and for the sake of mission. However, those responses themselves have often overshadowed the problem of the identity of Christian mission. And so we remain in the darkness of understanding mission as we always have done. We even impose these understandings onto God, calling Him a missionary God, and we project our idols of mission onto the sacred Word. Here then is an uncomfortable but necessary critique of modern mission and the ground from which it has grown. Here too is the proposition of a better basis for understanding what mission is and for outworking it aright in all of our lives. By articulating a new paradigm for Christian mission, the eclipsed problem of mission in crisis will have been resolved, and the missional potential of a global church, dynamic with the very Spirit and presence of the living God, will be released. *Mission in the Way of Paul* Christopher R. Little, 2005 What relevance does the Apostle Paul have for the mission of the church in the twenty-first century? By investigating his socioeconomic background, examining his doxological orientation in mission, delineating how and why he shared resources in the first century, and then relating all this to what has been called the contemporary International Partnership Movement, this book demonstrates that when the church engages in cross-cultural mission and ignores Pauline orthopraxis, it places unnecessary obstacles in the path of the *missio Dei*. Therefore, *Mission in the Way of Paul: Biblical Mission for the Church in the Twenty-First Century* is pertinent for any course devoted to learning from and implementing biblical models of mission today. **Cross-Cultural Missional Partnership** Joshua Bowman, 2023-03-28 Cross-cultural partnerships in today's global environment are both challenging and necessary. Misunderstanding and miscommunication often lead to conflict between culturally diverse groups. Christians must understand and evaluate their own culture, the

culture of others and the text of Scripture itself while remaining faithful to Scripture and relevant to culture Unmediated tensions combined with relational isolation lead to a myriad of problems This study proposes cross cultural missional partnership as a relationship that mediates these tensions thereby encouraging mutual faithful engagement in the mission of God Cross cultural tensions may never disappear but within a healthy partnership partners can assist one another in understanding and responding faithfully to Scripture Partners help one another more faithfully interpret and apply Scripture leading to obedience to God s will and engagement in God s mission within unique and diverse contexts A People for His Name (Revised Edition) Paul A. Beals,1995-06-01 A Church Based Missions Strategy In world missions the author proposes the local church is the biblical sending body through which missionaries serve The author places emphasis upon the practical outworking of the mission responsibilities of the local church as well as its relationship to mission agencies missionary personnel and Christian schools **Catalog of Copyright Entries. Shenk,2012-12-01 Contrary to popular impressions the days of the missionary are far from over North American churches send more missionaries than ever before and 90 percent of them are evangelicals who are not affiliated with the mainline Protestant mission boards The first major historical treatment of the distinctly evangelical wing of twentieth century American missions Earthen Vessels truly breaks new ground Covering territory that missions histories have scarcely explored yet the distinguished historians contributing to this volume portray the North American including Canadian evangelical missionary enterprise from the Student Volunteer Movement to the very recent past The book traces the influences of premillennial eschatology the fundamentalist modernist controversies the rise of independent missions and conservative denominational boards the role of World War II and America s rise to world power the recent development of a distinctly evangelical theology of missions and the growing influence of the Two Thirds World s evangelical leaders While this volume certainly does not contain the last word on these subjects in a number of areas it does offer very nearly the first look With its fresh subject matter and new historical interpretations Earthen Vessels will interest church history scholars and students missionaries and ministers and any others who wish to know more about American missions The Christian and Missionary Alliance H.
