Mistaken Identity Arab Stereotypes In Popular Writing:

Mistaken Identity Janice J. Terry, 1985 **Mistaken Identity** Janice J. Terry, 1985 **Food for Our Grandmothers** Joanna Kadi, 1994 Thoughtful and critical this memorable collection of essays poems and recipes by over forty Arab American and Arab Canadian feminists honors the courage and spirit of Arab women past present and future Book jacket Handbook of Arab American Psychology Mona M. Amer, Germaine H. Awad, 2015-11-19 The Handbook of Arab American Psychology is the first major publication to comprehensively discuss the Arab American ethnic group from a lens that is primarily psychological This edited book contains a comprehensive review of the cutting edge research related to Arab Americans and offers a critical analysis regarding the methodologies and applications of the scholarly literature It is a landmark text for both multicultural psychology as well as for Arab American scholarship Considering the post 9 11 socio political context in which Arab Americans are under ongoing scrutiny and attention as well as numerous misunderstandings and biases against this group this text is timely and essential Chapters in the Handbook of Arab American Psychology highlight the most substantial areas of psychological research with this population relevant to diverse sub disciplines including cultural social developmental counseling clinical health and community psychologies Chapters also include content that intersect with related fields such as sociology American studies cultural ethnic studies social work and public health The chapters are written by distinguished scholars who merge their expertise with a review of the empirical data in order to provide the most updated presentation of scholarship about this population The Handbook of Arab American Psychology offers a noteworthy contribution to the field of multicultural psychology and joins references on other racial ethnic minority groups including Handbook of African American Psychology Handbook of Asian American Psychology Handbook of U S Latino Psychology and The Handbook of Chicana o Psychology and Mental Health **US Foreign Policy in the Middle East** Janice J. Terry, 2005-06-20 Millions of dollars are spent every year by companies and special interest groups attempting to influence government policy They work behind the scenes lobbying politicians to represent their interests From tobacco companies to energy companies from anti abortion campaigners to civil rights campaigners the list is vast And nowhere is their influence more keenly felt than on the issue of the Middle East Israel is America s key ally in the Middle East and helps maintain US dominance in the region This book shows how pro Israeli lobbyists and domestic interest groups have been hugely successful in creating government and financial support for Israel By contrast Arab American groups and Arab governments have had less success putting forward their agendas Janice J Terry shows how special interest groups work and why certain lobbying techniques are more effective than others She sets this within the wider cultural context showing how the US media and the general public view the Middle East To explain how lobbies work Terry draws on case studies including the Sinai accords and Camp David under Presidents Ford and Carter the Conflict between Greek and Turkish lobbies over Cyprus and the major campaign against the Arab boycott Making use of primary sources and unpublished material from various presidential

libraries this is a fascinating expose of the role that lobby groups really play in determining US foreign policy in the Middle East It will be of interest to students of American politics and Middle East studies **Between Arab and White** Sarah Gualtieri,2009-05-06 Direct and accessible A tour de force of research that demonstrates seemingly unlikely origins evolutions and contradictions of social identities George Lipsitz author of *Footsteps in the Dark* and *American Studies in a Moment of Danger* **American Journal of Islamic Social Sciences 6:1** Taha J. al-Alwani,Eric Winkel,Ausaf Ali,Mohammad Kamali ,Abdul Haq Ansari,Zawwar Hussain Zaidi, The American Journal of Islamic Social Sciences AJISS established in 1984 is a quarterly double blind peer reviewed and interdisciplinary journal published by the International Institute of Islamic Thought IIIT and distributed worldwide The journal showcases a wide variety of scholarly research on all facets of Islam and the Muslim world including subjects such as anthropology history philosophy and metaphysics politics psychology religious law and traditional Islam **The Arab Lobby and US Foreign Policy** Khalil Marrar,2008-10-27 This book examines why the US has shifted from an Israel only position toward the Israeli Palestinian conflict to supporting an Israel and Palestine formula for peace **Not Quite American?** Yvonne Yazbeck Haddad,2004 In this essay Yvonne Haddad explores the history of immigration and integration of Arab Muslims in the United States and their struggle to legitimate their presence in the face of continuing exclusion based on race nationalist identity and religion **Political and Cultural Representations of Muslims** Christopher Flood,Stephen Hutchings,Galina Miazhevich,Henri Nickels,2012-07-19 At a time of tension between some Muslim and non Muslim countries accompanied by frictions between Muslim and non Muslim majorities or minorities within states this collection centres on the often distorted perceptions underlying public debates over collective identities and cultures *How the Arabian Nights Inspired the American Dream, 1790-1935* Susan Nance,2009-06-01 Americans have always shown a fascination with the people customs and legends of the East witness the popularity of the stories of the Arabian Nights the performances of Arab belly dancers and acrobats the feats of turban wearing vaudeville magicians and even the antics of fez topped Shriners In this captivating volume Susan Nance provides a social and cultural history of this highly popular genre of Easternized performance in America up to the Great Depression According to Nance these traditions reveal how a broad spectrum of Americans including recent immigrants and impersonators behaved as producers and consumers in a rapidly developing capitalist economy In admiration of the Arabian Nights people creatively reenacted Eastern life but these performances were also demonstrations of Americans own identities Nance argues The story of Aladdin made suddenly rich by rubbing an old lamp stood as a particularly apt metaphor for how consumer capitalism might benefit each person The leisure abundance and contentment that many imagined were typical of Eastern life were the same characteristics used to define the American dream The recent success of Disney s Aladdin movies suggests that many Americans still welcome an interpretation of the East as a site of incredible riches romance and happy endings This abundantly illustrated account is the first by a historian to explain why and how so many

Americans sought out such cultural engagement with the Eastern world long before geopolitical concerns became paramount

Immigrant Narratives Wail S. Hassan, 2014-04 Drawing upon postcolonial translation and minority discourse theory Immigrant Narratives investigates how key Arab American and Arab British writers have described their immigrant experiences and in so doing acted as mediators and interpreters between cultures and how they have forged new identities in their adopted countries

Ethnic American Literature Emmanuel S. Nelson, 2015-02-17 Unlike any other book of its kind this volume celebrates published works from a broad range of American ethnic groups not often featured in the typical canon of literature This culturally rich encyclopedia contains 160 alphabetically arranged entries on African American Asian American Latino a and Native American literary traditions among others The book introduces the uniquely American mosaic of multicultural literature by chronicling the achievements of American writers of non European descent and highlighting the ethnic diversity of works from the colonial era to the present The work features engaging topics like the civil rights movement bilingualism assimilation and border narratives Entries provide historical overviews of literary periods along with profiles of major authors and great works including Toni Morrison Maxine Hong Kingston Maya Angelou Sherman Alexie A Raisin in the Sun American Born Chinese and The House on Mango Street The book also provides concise overviews of genres not often featured in textbooks like the Chinese American novel African American young adult literature Mexican American autobiography and Cuban American poetry

Imperfect Strangers Salim Yaqub, 2016-08-10 In Imperfect Strangers Salim Yaqub argues that the 1970s were a pivotal decade for U S Arab relations whether at the upper levels of diplomacy in street level interactions or in the realm of the imagination In those years Americans and Arabs came to know each other as never before With Western Europe s imperial legacy fading in the Middle East American commerce and investment spread throughout the Arab world The United States strengthened its strategic ties to some Arab states even as it drew closer to Israel Maneuvering Moscow to the sidelines Washington placed itself at the center of Arab Israeli diplomacy Meanwhile the rise of international terrorism the Arab oil embargo and related increases in the price of oil and expanding immigration from the Middle East forced Americans to pay closer attention to the Arab world Yaqub combines insights from diplomatic political cultural and immigration history to chronicle the activities of a wide array of American and Arab actors political leaders diplomats warriors activists scholars businesspeople novelists and others He shows that growing interdependence raised hopes for a broad political accommodation between the two societies Yet a series of disruptions in the second half of the decade thwarted such prospects Arabs recoiled from a U S brokered peace process that fortified Israel s occupation of Arab land Americans grew increasingly resentful of Arab oil pressures attitudes dovetailing with broader anti Muslim sentiments aroused by the Iranian hostage crisis At the same time elements of the U S intelligentsia became more respectful of Arab perspectives as a newly assertive Arab American community emerged into political life These patterns left a contradictory legacy of estrangement and accommodation that continued in later decades and remains with us today

The Oxford History of the Novel in English Cyrus R. K. Patell, Deborah Lindsay Williams, 2024 An overview of US fiction since 1940 that explores the history of literary forms the history of narrative forms the history of the book the history of media and the history of higher education in the United States Myths and Millennial Dreams of a New Age in Australian Culture Jackie Huggins, Julie Marcus, 2024-06-17 **International Journal of Islamic and Arabic Studies** ,1987 *The Clash with Distant Cultures* Richard J. Payne, 1995-08-18 Whereas foreign policymaking is generally viewed as a rational unemotional and sophisticated process this analysis of American policies toward the Persian Gulf the Palestinian Israeli conflict and the Bosnian conflict suggests that the underlying and largely unexamined cultural values of most ordinary Americans play a major role in determining the United States choice of force or negotiation in dealing with international problems Payne examines the linkage between the United States tendency to use force in foreign policy and the culture of violence in America He argues that the costs of resolving conflicts militarily are likely to become more burdensome as economic competitors seek to take advantage of the U S tendency to demonstrate resolve primarily through the application of force Post Cold War challenges Payne argues call for a more nuanced combination of force and diplomacy He finds hope in the fact that a strong component of American culture favors nonviolence embraces humanitarianism and if cultivated can contribute to the peaceful resolution of conflicts **Media, Minorities, and Meaning** Debra L.
